WOMEN ATTACKED IN HOMES

ARDINE OPENS FIGHT ON PIT; COMING WEST

[SPECIAL DISPATCH]
CHICAGO, May 28.—Secretary ...ations, William M. Jar... who arrived in Chicago to... for a two-day visit, said the ...Board of Trade needed a ...housecleaning, not by ...but by its own occupants. ...same time he announced ...officials in Washington, as ...of several conferences, ...seriously contemplating a ...reorganization of the ...Marketing Corporation, with ...of regaining the confidence ...farmers.

...Secretary Jardine has come in... grain belt to get in closer ...with farmers and other agri... interests, where he can ...first-hand information, the ob... being to weld all these inter... into a harmonious body.

BOLD CONFERENCES

...expect to hold several confer... with officials of the Chicago ...Board of Trade," he said. "How... reports that I am here to ...'ry the board, are incorrect. ...Some cleaning is necessary ...to dens from the inside. ...But there is a 16-cent spread ...in the commodity in one day, there ...actually is gambling. This ...should be eliminated. It gives peo... the impression that the Board ...of Trade is a nuisance because of ...what it has been running wild. ...The board has a place in this ...country with its dealings in grain ...and I think it should be ...kept up and cleaned up from ...within. It has a lot of good ...men in it who want to clean it ...up, and for reason why outsiders ...should not do so."

CONFIDENCE VITAL

...Grain Marketing Corpora... has a place in this coun... is vitally interested in ...is done about it. Confidence ...of farmers must be regained; ...confidence is vital to the suc... of corporations and of the ...country generally."

...informal talk with pack... interests, he said:

...are going the full way with ...us, but don't get the idea we ...are afraid to step in, if neces... to carry out the provisions of ...Packers and Live-stock Act. ...We try to keep the monkey... out of the machine unless ...he fail to interfere. We want to ...prevent undesirable op... on the live-stock exchange."

WESTERN ITINERARY

[BY A. P. NIGHT WIRE]
CHICAGO, May 28.—The west... tour of Secretary of Agricul... Jardine, on an inspection trip ...to parks and department ...stations, was an... tonight as follows: ...May 30, Kansas City; May 31 ...June 1, Manhattan, Kan.; ...June 2, Ogden; June 4 to 8, Logan, ...June 9 to 11, automobile ...trip to Yellowstone Forest; June 12, ...Provo; June 13, Salt Lake ...City; June 15 and 16, Los Angeles; ...June 17, automobile trip to Fres... June 18, San Francisco; June ...20 to 23, Sequoia National Park; ...June 24, proposed Roosevelt Na... Park; June 25, Big Mea... June 26, Modesto; June ...27, Sacramento; June 25, Medford, ...June 26, automobile trip to ...Salem and Portland; June ...29, Burns, Mont.; June 30 ...to Bozeman; July 2, Bil... July 3, Miles City; July 4 ...Mandan, N. D.; July 6 and ...7, Minot; July 8 and 9, Omaha, ...St. Anne, Iowa.

RESCUERS ABANDON HOPE FOR MEN TRAPPED BY MINE BLAST; TWENTY-SEVEN BODIES FOUND

[BY A. P. NIGHT WIRE]

COAL GLEN (N. C.) May 28.—At 10:15 o'clock tonight eleven additional bodies were reported located in the Carolina Coal Company mine in which three score miners were entombed Wednesday. The known dead now totals twenty-seven.

Men worked desperately throughout the day while the women and children looked on without any violent display of emotion.

All through the day numerous crews worked until bodies were removed at the 2200-foot level. All had been asphyxiated.

In the stretch between where the bodies were found and the end of the mine, miners stated they saw several bodies amid the wreckage.

It was believed that a number of bodies will be found during the night.

Hope that some will be found alive still glimmered when one of the rescue crews reported hearing a faint sound further down the shaft. Officials, however, expressed disbelief that any will be found alive. The bodies recovered were mutilated almost beyond recognition.

BIG TOP LURES GRANDMA

"Rosa Maretta," at 66, Gets Scent of Sawdust, and Once More is "World's Greatest Equestrienne"

[EXCLUSIVE DISPATCH]

OMAHA, May 28.—The lure of the "big top" proved too much for 66-year-old Grandma Rose Gerber. She has returned to circus life as a bareback rider and trapeze performer after twenty years of retirement. Grandma "opened" with the Frank J. Taylor circus here and "did her stuff" just like a youngster. She is being billed as "Miss Rosa Maretta, Greatest Equestrienne in the Sawdust Ring and Most Expert Trapezist in the Entire World." Grandma wears red tights, too.

Thirty-forty-fifty years ago Rosa Maretta was known as one of the greatest in the business. She used to take her pick of the different contracts offered her. She was born in a circus tent. Her parents were circus people. She started performing when she was 10 years of age.

ROSA MARETTA RETIRES

But twenty years ago, when her grandchildren began arriving, Rosa Maretta decided it was time she settled down. At the end of her season she refused to renew the contracts and went to live in Leavenworth, Kan.

At one time in her career she traveled with the F. J. Taylor Great Consolidated Shows. The Taylor show went out of business thirty years ago. The son of F. J. Taylor, also named F. J. Taylor, is president of the Omaha Grain Exchange. When a boy he used to travel with his father's circus. He and Fred Stone, the comedian, used to play in the band together. Rosa Maretta was the star of the show.

Young Taylor always looks back to his circus days as the days of real sport in his life. Taylor has made a lot of money in grain in the last ten years.

This spring Taylor put a circus of his own on the road. He named it after his father's show—The F. J. Taylor Consolidated Show. It's a wagon show, one ring, one elephant, etc., and will visit just the same small towns where his father used to show years and years ago. The show opened on the same circus grounds where his father's show gave its last performance.

Taylor always remembered Rosa Maretta, and when he began looking around for performers he thought of the star of his father's show. He found her down at Leavenworth as plain Mrs. Rosa M. Gerber. Her hair is long and white. And she was surrounded by her children and grandchildren.

Taylor offered her a contract as his star bareback and trapeze performer. It was too much for the old lady to resist. At first she was not certain. But the very thought of getting back into circus life put new energy into her veins. The result was, when the show opened, Grandma Gerber was there in red tights—just as she used to dress half a century ago.

"Yes, I was nervous—a little nervous," she confessed, after the afternoon performance, "but it all passed away, and in five minutes I was just as sure of myself as ever in my life."

GRANDMA BIG HIT

"Grandma" made her entry into the ring wearing the red tights, standing erect on her white horse with her white hair streaming out behind like a flag. She "brought down the house."

"I can do my stunts just as well, if not a little bit better, than the flapper performers," said Grandma afterward. And she proved it, too.

"I never expected to enter the ring again, after I retired. Now I never expect to leave it. My, but don't the smell of that elephant and those lions and tigers put new life into you?"

WAR MINE HIT BY SHIP; SIX MEN DIE

Tale of Tragedy in Baltic is Related by One of Two Surviving Sailors

[BY CABLE—EXCLUSIVE DISPATCH]

STOCKHOLM, May 28.—A sensational catastrophe occurred yesterday in the Baltic, north of the island of Gotland, where the Swedish steamer Hans exploded a mine which had been floating since the war. All of the crew were drowned except two who were rescued by other boats after cruel sufferings at sea. Six men, with the captain, are dead.

One of the survivors tells a thrilling story of the catastrophe. He was sleeping with his clothes on when awakened by the thunder of the explosion. He jumped out of the cabin and saw that the whole front part of the ship had been blown off. Others of the crew took to life belts and jumped into the sea. He and one companion climbed upon a mast, where they stayed nine hours. His companion had only a night shirt to protect him from the cold. He lost his strength, let go his hold and disappeared. The survivor saw the captain and his other comrades swing out into the sea in a heavy storm.

All were lost except one other, who was rescued by a Danish steamer. The incident is the only one of its kind in the whole of Europe in the last few years. It was believed that the Baltic was free of mines.

FFS FACE WAR TO FINISH

...ete Tells Chamber France Has No Intention of Seeking Truce; Losses 400 Killed in Month

BY HENRY WALES
[BY CABLE—EXCLUSIVE DISPATCH]
[Copyright, 1925, by the Chicago Tribune.]

PARIS, May 28.—The month's fighting since the Riffians launched ...sive to capture Fez on April 25 has cost the French more than ...—400 whites and 250 native troops—thirty-five missing and ...wounded, Paul Painleve told the Chamber of Deputies today, ...ning the government's policy in Morocco.

...Premier and War Minister Lyautey to occupy the Ourgha region, but not "seize the granary where the Riffians obtained their food supplies, but to protect the friendly tribes there who were raided by the warriors from the Spanish zone and their crops and cattle carried off."

Gen. Maginet said Abd-el Krim deliberately attacked the French because having driven the Spaniards to the coast he desired to keep his army active and also to keep fighting somebody.

M. Painleve said: "This is no war of conquest or expansion. Our soldiers are fighting inside the frontiers for the honor and security of France. In protecting the Ourgha, France does not intend to reduce the Riffians to misery and starvation. They can always obtain foodstuffs there, but we intend to prevent them from pillaging our proteges.

...his intention of continuing the campaign against Abd-el ...leaders to the end, stating:

...France retreats from its ...abilities she will measure ...vengeance in the abolition ...government of Fez, Morocco, ...and all her African possessions.

...Communists interrupted, ...with a chorus, "Bas la ..." ("Down with war") and ...Painleve, President of the Cham... ordered them to cease "in respect for the families and survivors of the troops killed serving ...country."

...Maginot, War Minister, un... ...Painleve, and now leader ...of the group of national opposition, ...Painleve stated that the government in 1924 authorized Gen.

INSTRUCTIONS TO AIDES LEFT BY AMUNDSEN

BY JAMES B. WHARTON
[BY CABLE—EXCLUSIVE DISPATCH]
[Copyright, 1925, by North American Newspaper Alliance]

KING'S BAY (Spitzbergen) (Via radio from steamer Farm) May 28.—Signed instructions which Amundsen left behind for use in case of his nonreturn according to schedule were given to the fourteen members of the base party at Spitzbergen today. In these written instructions addressed to the commander of the Farm as head of the base party, it is stipulated that the two mother ships are to wait fourteen days in the vicinity of Dane's Island and Amsterdam Island. At the conclusion of that period they are to go north and cruise along the ice barrier for a further period of four weeks.

LONG DELAY ENVISIONED

The significance of these orders is that Amundsen felt it possible that his party might return by airplane long after the hop-off and he apparently calculated that his return might be delayed in the extreme instance as long as five or six weeks. The order to patrol the edge of the ice barrier for the last four weeks is obviously given with the idea that the planes might be deserted for lack of fuel at no great distance from the northern tip of Spitzbergen and the explorers thus forced to finish their journey on foot. In such event the mother ships would be at hand to pick up the party when it reached drift ice and open water.

Until the fourteen-day margin has passed, as suggested by Amundsen, no appeal for relief will be made, it was decided today. At the end of that time, the airship rescue proposals will be timely and should presumably be pushed forward without delay owing to the limited food supplies which the flyers carried and the possibility that even this slender store may have been partially damaged or lost if an accident occurred.

TAKING THEIR TIME

The commander of the Farm called to our attention today a remark made by pilot Riiser-Larsen shortly before his departure.

"Give us twelve hours of fair weather to make the pole," he said, "and we do not care if it takes fourteen days to get back."

Zeinsmayer, one of the mechanics who remained at Spitzbergen, said today that if one of the planes was disabled it may take three days to empty the gasoline tanks of the disabled plane into the other. He expressed his confidence that both planes could hardly suffer disaster, as definite arrangements had been made to prevent this. It was arranged that Amundsen's plane should land first, proving the favorability or unfavorability of the spot, while the second plane cruised above.

NORWAY READY TO SEND RELIEF PLANES

[BY CABLE—EXCLUSIVE DISPATCH]

OLSO (Norway) May 28.—Rolf Jacobsen, Norwegian Minister of Defense, says that the government will send two hydroplanes by steamer to Spitsbergen if the members of the Amundsen expedition ask for help. In that event

WARNS OF VOTERS' APATHY

State Treasurer Calls Indifference Illustrated by Los Angeles Election Dangerous

[EXCLUSIVE DISPATCH]

SACRAMENTO, May 28.—Aroused by what he terms a "dangerous political apathy" among the California electorate, State Treasurer Charles G. Johnson today made public a letter he sent to William H. Crocker of San Francisco, Republican National Committeeman for California, urging that steps be taken to remedy the "alarming situation."

Johnson said one thing that caused him to call political conditions to the attention of Crocker is the fact that "only 15 per cent of the citizens of Los Angeles elected the Mayor at the city's recent election."

Johnson's letter follows:

"The political confusion which has disorganized the Republican electorate in California during the last few years has brought about a dangerous political apathy which demands the serious attention of loyal Republicans.

"The Republicans of California have been led into accepting theories of government experimental in nature and have gone afield of the fundamental principles of constitutional government. Like hopeful seekers of alluring Utopias, they have by experience become sane and sensible and determined to solidify party strength and minimize political conflict within the party.

"The Republican leaders and the Republican electorate must recognize their responsibility to government and take this responsibility seriously, the State of the party must be fortified by substantial and progressive purposes and policies. Every man who has obtained preference from the party and every person who believes in Republicanism of the Lincoln type, should demonstrate his loyalty and exercise his franchise.

"This patriotic and legitimate concern by party leaders will minimize the gruelling mental and physical cost of campaigning, as well as the extravagant cost—thereby inviting the best and brainiest men to stand for public office without too great a sacrifice.

"There appears no need for group agitation or factional control within the party. These only disturb and divide party strength and make for public apathy and indifference. Under the direct primary, candidates should stand for office as loyal Republicans, pledged to a platform of activity acceptable to the Republican party. Manifestation of party loyalty and the sponsorship by the party of all political activities will centralize responsibility for governmental activities on the party instead of on the candidate himself as it now appears to be."

SLAYER TO FACE FIRING SQUAD THIS MORNING

[BY A. P. NIGHT WIRE]

SALT LAKE CITY, May 28.—Ralph Seybold, youthful slayer of Police Officer James Crowther here in 1923, was in the death cell at Utah State penitentiary here today and preparations for his execution before a firing squad at sunrise tomorrow morning are going forward.

The Eyes of the World

Find Indicates Another Early Race in Nevada

[BY A. P. NIGHT WIRE]

RENO (Nev.) May 28.—Indications of an earlier race of inhabitants in Nevada than any heretofore known are being traced today by field members of the National Cosmographic Society, twenty miles west of Pioche, in the southeast corner of Nevada. Two and one-half miles of hieroglyphics chiseled in a cliff of volcanic glass have been discovered and Robert Hamilton, translator, has followed the etched directions for several miles.

Enormous quantities of pottery have been uncovered. The pottery, unlike that found in the Pueblo Grande De Nevada at St. Thomas, has an unusually thick fire glaze and decorations in black are declared to resemble Chinese characters.

EX-GOV. HART IS ACCUSED IN BANK SCANDAL

[BY A. P. NIGHT WIRE]

TACOMA (Wash.) May 28.—Charges that former Gov. Louis F. Hart had proposed fee splitting in the defunct Scandihavian-American Bank case were filed with the County Clerk here today.

The charges were contained in affidavits signed by Forbes P. Haskell, Jr., receiver, and Guy E. Kelly, attorney for the receiver of the bank.

The charges had been held secret until today. They first were submitted to Atty.-Gen. Dunbar, referred by him to Roscoe Fullerton, Prosecuting Attorney of Thurston county; sent by Fullerton back to Dunbar with the report that he did not find sufficient grounds of prosecution, and then sent by Dunbar to the County Clerk, who now has them.

Charges that Gov. Hart told him in a conversation in his office in Tacoma that "two boys would have to come through" are contained in the first of the two affidavits, signed by Mr. Kelly, which tells of a conversation between the two of them in Kelly's office in Tacoma. Kelly further swears that Gov. Hart stated that "he was an old man, and are going out of office and would not have any income, and that our fees would be large and more than we needed for ourselves, and that we would have to divide them with him, and directed me to see Mr. Haskell at once about the matter."

The second affidavit is signed by Mr. Haskell and tells of a conversation purported to have occurred in Gov. Hart's office in Olympia, at which the former Governor, Haskell and Kelly were all present, and reiterated substantially the charges contained in the first affidavit.

Gov. Hart stated "that he did not expect to take any part of our fees, but expected to make the fees large enough so that we could pay him a sum that would give him something to live on after he retired," Mr. Haskell swears in his affidavit.

Kelly was recently discharged as attorney for the defunct bank. He and Haskell in December made a claim for about $115,000 in fees for settling the affairs of the bank which was turned down by the State Banking Department and in the local courts.

SANTA MONICA GETS BANK

[BY A. P. NIGHT WIRE]

WASHINGTON, May 28. — The Comptroller of the Currency has approved the application to organize the American National Bank of Santa Monica, Cal., with a capital of $100,000. The correspondent is N. S. Gandy, 1411 Third street, Santa Monica.

Oregon Seeking Relic Warship's Silver Service

[BY A. P. NIGHT WIRE]

SALEM (Or.) May 28. — Gov. Walter M. Pierce has sent a telegram to the Secretary of the Navy asking his efforts in helping the State of Oregon locate the silver service that was once the property of the battleship Oregon and which was presented to the ship by the people of the State when it was commissioned. The cost of the set was $25,000. The service appears to have disappeared when the Oregon went out of commission. The Oregon, now at Bremerton, is to be brought to Portland to be maintained there permanently as an historic relic.

HOLDS OIL COMPANIES MAY DRILL IN CITIES

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, May 28. — Oil companies have a right to drill for oil within the limits of incorporated towns and cities, the State Supreme Court held today, if such companies observe the health and other governing rules of the community in question. The decision permitted the Pacific Palisades Association to proceed with the drilling of wells in a fourteen-acre tract within the limits of Huntington Beach.

ONE SLASHED IN ARM; OTHER BATTLES FIEND

Police authorities of Long Beach and Seal Beach were hunting last night for two men who attacked two women in their homes yesterday, one in each of the two beach cities. The asserted assailants of both women escaped when their attacks were frustrated by the fighting women.

In the first case Mrs. Elizabeth Sexton, proprietor of the Seal Inn at Seal Beach, reported that a man whose name she was unable to give attacked her in her home after she had refused a proposal made by him earlier in the day at her place of business to elope with him. She said that when she went to her home last night the man stepped out from a closet where he had concealed himself and renewed his proposal.

Mrs. Sexton said she obtained his permission to telephone her physician, Dr. A. C. Robbins, after she convinced him that she would accede to his request. When she got the doctor on the phone, however, she cried for help, whereupon the strenuous wooer struck her over the head. He then drew a knife and cut her severely on the arm. Leaving the dazed woman lying on the floor, the man fled to his car out on the street and made for Long Beach.

Owing to a delay for nearly an hour before the Long Beach police were notified, the man escaped.

In the second case Mrs. Pauline Lompe, 28 years of age, reported to the Long Beach police that a man who gave his name as Harry Williams appeared at her door yesterday and renewed his efforts of the day before to sell her a sewing machine. When she refused to buy, she said, he forced his way into the house and made unwelcomed advances to her. When she resisted him he seized her, but she fought him off. He made his escape before her cries for help were heard. Police believe he gave a fictitious name.

Four Die, Five Hurt as Train Falls in Ditch

[BY A. P. NIGHT WIRE]

LONGVIEW (Tex.) May 28.—Four persons were killed and five others seriously injured when I. & G. N., Sunshine Special No. 2, left the track and plunged down a steep embankment two miles southeast of here early tonight. The engine and three cars rolled to the bottom of the grade.

The dead are: Engineer Lem Tarbutton, 65 years of age; Fireman Griffith, both of Palestine, and two unidentified negro women.

An unidentified white man probably will die of a broken back, while four other passengers are critically injured.

The train was running half an hour late.

SCORE TAKEN IN RAID BUT ONLY ONE IS HELD

A squad of six detectives descended on an asserted rendezvous for dope addicts at 215 North Hill street late last night and took into temporary custody twenty men and women they found there. Later, however, all but James Cravey, 45 years of age, were released. The officers stated they found $2000 worth of drugs and six gallons of whisky in the place.

ENGLAND BARS RED AGENTS

Orders Issued Against Admission of Bolsheviks for Glasgow Communist Conference

[BY CABLE—EXCLUSIVE DISPATCH]

LONDON, May 28.—The British government today formally declared war on Bolshevik agitators and propagandists. Sir William Joynson Hicks, Home Secretary, announced in the House of Commons this afternoon that he had issued instructions that no "aliens known to be engaged in subversive activities abroad" would be allowed to enter the United Kingdom in order to participate in the Communist conference at Glasgow next week.

Every means at the govern- have been ordered to keep a stonement's disposal will be used to wall barrier against incoming keep the Reds out. Passport visas Communists.

will be refused to all Bolshevik Sir William said that he personapplicants. Any arriving at Brit- ally had refused permission alish ports will be refused permis- ready to numerous Reds applying sion to land by the immigration au- for permission to enter the country. Asked whether it was illegal thorities. Any landing without in England to spread Communist permission will be deported imme- principles Sir William replied: diately.

"There are certain things in this Special measures are being tak- country which are permitted Briten to prevent Reds from reaching ish nationals, but the government England via the Irish Free State. has decided not to permit foreigBritish consuls at all countries ers to come here and do them." where Reds are likely to seek visas for England have been instructed Sir William's action follows a reby telegraph to hold up the nec- cent declaration of the government essary permission. The police of that it has recognized the Red all cities and the port authorities menace and is fully prepared to fight it.

EDISON APPEALS WATER DECISION

Southland Concern Seeks to Remove Court Ban

Judgment Bars Impounding of Part of San Joaquin

Huntington Lake Included in Hydroelectric Plan

[EXCLUSIVE DISPATCH]

SAN FRANCISCO, May 28.—The Southern California Edison Company today filed an appeal with the State Supreme Court to set aside a decision of the Superior Court of Fresno county in which the company is barred from further impounding the waters of the San Joaquin River above the 10,000 acres of land owned by the heirs to the Herminghaus estate, who brought the original suit against the company.

The judgment was handed down March 6, and the court ordered that the company shall not attempt to impound water in Huntington Lake except when there is a flow of 3000 cubic feet per second past Lone Willow Slough, a point on the Herminghaus estate. The company, further, is permitted to store only certain amounts of water in the lake, and the gauges which measure these amounts must be easily read and accessible to heirs of the estate at all times.

The whole trial was bitterly fought over all the way through, and the present appeal comprises five extra-thick volumes, together with copious annotations and a full set of colored maps drawn on a large scale.

The Huntington Lake reservoir is part of a gigantic hydroelectric program, known as the Big Creek-San Joaquin River project, upon which the company has now embarked. The entire project is estimated to cost in excess of $375,000,000, which is $15,000,000 more than the estimated cost of the Panama Canal. The Florence Lake tunnel, thirteen and one-half miles in length and the longest tunnel in the world, is part of the project.

The attorneys for the company who are bringing the present appeal are Edward F. Treadwell, Roy V. Reppy, George E. Trowbridge, William M. Conley and Gail C. Larke. The Herminghaus heirs are represented by James F. Peck and John W. Preston.

Weeks Operated on; Condition is Reported Good

[BY A. P. NIGHT WIRE]

BOSTON, May 28.—Secretary of War John W. Weeks was operated upon today at the Phillips House, Massachusetts General Hospital, for gall stones. A bulletin issued by Dr. Daniel Fiske Jones, the operating surgeon, said Mr. Weeks's condition was good.

The bulletin said that the gall stones had been removed and the gall bladder drained, the operation being performed under local anesthetics. Secretary Weeks withstood the ordeal well, Dr. Jones said.

Broken Tie Rods Cause Coach to Sag; Disaster Narrowly Averted

BY G. WARD PRICE

[BY CABLE—EXCLUSIVE DISPATCH]

[Copyright, 1925, by North America Newspaper Alliance]

BLOEMFONTEIN (South Africa) May 28. — The Prince of Wales' party had a narrow escape from serious train wreck early today. One of the two trains was disabled and sidetracked.

It was at Theunissen north of Bloemfontein, that two loud crashes shook the sleeper in which the special correspondents were traveling. The train came to a standstill and examination showed that all night long we had been running in imminent danger of disaster. Two defective tie rods had broken one after another, early in the night, but the situation was not discovered until morning. Although by that time the coach was visibly sagging in the middle and several doors were jammed tight shut. The broken tie rods had dropped within four inches of the track, and in a few minutes more would have touched the ground, overturning the car and wrecking the train.

The Prince's train, following five minutes behind, passed our pilot train, sidetracked in the Theunissen station. As the Prince passed us, marooned with our hastily packed baggage on the little village platform, he waved his hand from the door of his coach with a cheery "hard luck, hurry along."

CALIFORNIA PROMOTERS GIVEN BLOW

New Corporation Ruling on Impounded Funds Will Hinder Withdrawal

[BY A. P. NIGHT WIRE]

SACRAMENTO, May 28.—Professional promoters in California have some hard sledding ahead of them, it was predicted today by officials of the State Corporation Department, as the result of a stand taken by Commissioner Daugherty in regard to the rules of impounded funds and escrowed stock.

The instructions of the commissioner, issued through Chief Deputy Waltzer to all deputies and others in the Sacramento, San Francisco and Los Angeles offices of the department, are to the effect that the department must be entirely satisfied with the good intent of an applicant before an order will be issued for the partial release of money deposited by a company in accordance with a permit.

The same rule will apply to the transfer of stock held in escrow on order of the commissioner.

Deadly Anthrax Kills Youth as Wedding Nears

[EXCLUSIVE DISPATCH]

NEW YORK, May 28.—Apparently in excellent health last Saturday, Jacob Siegel, 23 years of age, a clothing manufacturer, died last night to a hospital of anthrax. He was to have been married June 20.

Siegel and his bride-to-be spent the day together at Coney Island, where during the rainstorm that afternoon, Siegel felt a stinging bite on his cheek. At first, he thought he had been bitten by an insect or struck by a piece of hailstone. On the advice of friends he went to the hospital where he learned he was suffering from anthrax, probably contracted from a shaving brush.

His parents in Russia will receive the announcement of his death and that of his wedding date probably in the same boat mail.

CUT ORDERED IN GAS PRICE AS OIL DROPS

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, May 28.—As a result of the recent reduction of the price of fuel oil amounting to 10 cents a barrel, the State Railroad Commission today ordered the Coast Counties Gas and Electric Company, operating in the Santa Cruz and Monterey territory, to reduce its rate 3 cents per 1000 cubic feet.

Following the increase several months ago of the price of fuel oil 25 cents a barrel, manufacturers of gas were permitted to increase their charges 7 cents. The commission held that a reduction in the price of fuel oil should be reflected in a corresponding cut in price of gas to consumers.

NEW FRENCH PARTY SPLIT IMMINENT

Socialists Decides Not to Vote on Confidence Issue in Morocean War

[BY CABLE—EXCLUSIVE DISPATCH]

PARIS, May 28. — The Left majority parties which have governed France for the last year came near to a split late this evening when the Socialists party, by 21 to 20, decided to abstain from the vote of confidence on the Moroccan issue. Faced with this decision, the government, which earlier in the evening had wanted the debate finished tonight, decided to postpone the conclusion until tomorrow.

The Socialists' action came as a surprise as the government spent the first two days of the week patching up matters to meet their view. The incidents in yesterday's and today's debate in which the government seemed to rely for support as much on the Nationalists as on the Left, have tried the Socialists' patience.

In the face of the gravity to fit the situation in Morocco, the government naturally was anxious to have a solid vote from the Chamber and during tomorrow another attempt will be made to keep the Socialists in line.

REVEAL ORDERS OF AMUNDSEN

(Continued from First Page)

the machines will not fly toward the pole, but will make large circular flights around Spitzbergen.

The Norwegian Aero Club has decided to ask Donald B. MacMillan to watch for Amundsen when the MacMillan expedition arrives at its base in Greenland.

Mr. Jacobsen thinks that the situation is critical, but all polar experts here are still of the opinion that there is no reason to fear for the safety of the expedition. Mr. Hoel, an old Spitzbergen resident, who has visited the islands as leader of expeditions twenty-six times, says it is much too early to speak of rescue parties.

POLE WEATHER UNKNOWN

"Nobody really knows," said Mr. Hoel, "what the weather conditions have been in the polar basin. The reports cover only the districts outside the ice barrier, but conditions are much simpler close to the pole than farther south, where mountains and lakes cause complications.

"Remember that Amundsen may stay around the pole for observation until his thirty-days' supply of food is exhausted. Possibly he has found land which, naturally, he would want to investigate.

"Amundsen would have many difficulties after the start. He would be entirely dependent on the sun, if not sunshine during some part of the flight.

"The drift may have been considerably larger and he may have flown so long that there would not be sufficient gas for the return flight. Possibly he has landed on drifting ice in the neighborhood of Spitzbergen. Under these circumstances the use of an airship is not recommended. It would be like searching for a needle in a haystack. Only hydroplanes and ice ships would be effective."

FEELS NO ANXIETY

Prof. Baschin of the University of Berlin, Germany's most prominent expert in geography and meteorology, says in an interview published in the Aftenposton:

"I am not in the least anxious as to Capt. Amundsen's safety. If he does not return today he may perhaps arrive in a month and perhaps next year. Capt. Amundsen is hardly likely to follow a definite plan. Rather, he will meet conditions as he finds them. His flying machines may be more or less wrecked, but most likely he has flown from the pole to some Canadian islands or to the north coast of Greenland where game can be shot to supply food.

"Even if he is drifting about the ocean on an ice floe no one else is so capable as Capt. Amundsen of enduring such experiences."

CASUALTY LIST LOW IN ARSENAL BLAST

[BY CABLE AND ASSOCIATED PRESS]

PEKING, May 28.—Recheck of news reports following the explosion Tuesday night at the Mukden arsenal shows that the casualties were few. It was first said that 300 were killed. The explosion wrecked the storage plant, some thousand yards from the arsenal itself, which was not damaged.

DEER-SHOOTING FEE WAIVED

[BY A. P. NIGHT WIRE]

WASHINGTON, May 28. — Natives of Alaska are exempt from payment of a fee of 25 cents to the Territorial government for each reindeer killed for market, under a ruling handed down today by the Interior Department.

SUGGESTION FOR WATER MEET MADE

Los Angeles Chamber Said to Have Hinted Parley on Colorado Problem

[EXCLUSIVE DISPATCH]

PHOENIX, May 28.—The Continental Loan and Trust Company of Phoenix has issued a statement that a member of its organization has received from officials of the Los Angeles Chamber of Commerce a suggestion that a conference be conducted between representatives of the Coast body and of the Arizona High Line Canal Association to forward, if possible, construction of a gravity water-supply line from the Colorado River at Bridge Canyon, with a division of costs and of water between the two States. President Fred T. Colter of the high-line association says that he is hardly ready to state whether such an arrangement will be acceptable in Arizona, but he will be pleased to confer when the suggestion has been placed upon some authoritative basis.

No decision is understood to have been reached by Gov. Hunt and his water-department staff with relation to recommendations left with him by Engineer E. C. Larue of the Geological Survey with reference to joint national and State surveys on the Colorado.

Stock Sale for Plant Life 'Pep' Scheme Banned

[BY A. P. NIGHT WIRE]

SACRAMENTO, May 28. — The door of opportunity to invest in a mechanical device designed to pump atmosphere in the ground for the asserted purpose of putting "pep" and vigor into plant life, has been closed by Edwin M. Daugherty, State Commissioner of Corporations, with the denial of a permit to the Spencer International Development Corporation of California. The company sought permission to sell a large amount of stock in this State.

At the office of the commissioner it was explained that an investigation of the process of soil aeration had failed to convince them of the efficacy claimed for it. The device was said to include an air compressor, a large garden hose and a piece of metal pipe.

Defense Calls Thirty-three in Yuma Libel Case

[BY A. P. NIGHT WIRE]

YUMA (Ariz.) May 28.—Thirty-three witnesses have been subpoenaed by defense counsel for George W. Lynn, editor and publisher of the Yuma Evening Herald, who will go on trial here next Monday on a charge of criminal libel preferred by E. F. Sanguinetti, Yuma merchant.

Two charges of criminal libel were prefererd against Lynn by Sanguinetti. Hearing on the second charge is expected to follow immediately after completion of the first trial.

Sanguinetti and his wife are included among the witnesses subpoenaed by the defense.

Quick Action Saves Tot at Top of Tower

[EXCLUSIVE DISPATCH]

RACINE (Wis.) May 28.—Little 2-year-old Betty Jane Rasmussen's aspirations to become a circus aerial performer were nipped in the bud today by the prompt action of her sister, Carrie, 15. Betty Jane climbed to the top of a forty-foot windmill and signified by her actions that she intended to jump. Discovering the baby in her perilous position Carrie mounted the ladder, calling to the baby not to jump. Just as she was within a few feet of the platform on which Betty Jane was standing the baby jumped, but was caught by Carrie, who clutched at her clothing.

Report Tells of White Indians in South America

[BY A. P. NIGHT WIRE]

NEW YORK, May 28. — White Indians have been found by Dr. Alexander Hamilton Rice's jungle expedition in South America.

A radio message picked up by E. J. Eckert, a Philadelphia amateur, and forwarded to the American Geographical Society here tells of the discovery.

"White Indians encountered and conciliated April 21," reads one sentence of the message, which describes an expedition with a party of twenty-three men to the source of the Parima River.

Snake Cuts Off City Lights but Survives Shock

[EXCLUSIVE DISPATCH]

EL CENTRO, May 28. — El Centro light and power circuits were shut off and the city was in darkness for more than ten minutes because a king snake became too curious and coiled itself around a high-tension wire at the local transformer station.

The snake survived and wriggled toward the door of the power house after receiving more than 17,000 volts of electricity through its three-foot length. It was killed by one of the employees.

Deranged Man Slays Partner and Then Self

[BY A. P. NIGHT WIRE]

STOCKTON, May 28. — While temporarily deranged, Thomas McCutcheon, veteran mining man of the Mountain Ranch district in Calaveras county, shot and killed Jacob Chaney, stationary engineer of Oakland and then ended his own life late Monday. The tragedy took place at a joint mining claim of the two men, ten miles east of San Andreas.

Two weeks ago, in arriving at Mountain Ranch, Chaney found McCutcheon very ill, and immediately took him to an Oakland sanatorium for treatment. The two men and Mrs. Chaney returned to the claim Monday. They had been back barely an hour when McCutcheon without warning, began shooting.

WOMAN USES DRESS SASH TO HANG SELF

[BY A. P. NIGHT WIRE]

CLOVIS (Cal.) May 28. — Mrs. Omelia Etta Heinky committed suicide today by hanging herself, according to officers who investigated the case. She was found by her husband, Henry Heinky, in a clothes closet of her bedroom. A dress sash was tied around her neck.

GERMANS PLAN GRAIN TARIFF

Huge Army Expenditure is Also Proposed

Socialists Raise Protest Against Outlay

Organize Committee for Reichswehr Control

[BY CABLE—EXCLUSIVE DISPATCH]

BERLIN, May 28.—The government is proposing customs on grain, increasing the price of bread, because it is too poor to help the farmers to buy artificial fertilizer, while at the same time it is demanding that the Reichstag approve the expenditure of $140,000,000 for the toy army of 100,000 men—more than the average members in the Reichstag of the Socialist and Communist groups would allow. Therefore, they have again raised tremendous protests against the expense of the German army.

War Minister Gessler demands 900,000 marks as "special expenses," not indicating for what purpose. The Reichswehr wants 31,000,000 marks for artillery ammunition. Though most of the fortresses on the eastern and western borders have been dismantled, the Reichswehr wants 11,000,000 marks spent for forts.

Another grievance of the Socialists is the fact that Gen. Seeckt has received almost 500,000 marks for mysterious "minor expenses." The army wants a couple of million marks for training dogs and carrier pigeons. For 100,000 men it requests 40,000 horses, while the Kaiser's army had only 160,000 horses for a force eight times the size of that of the republic.

The Socialists have organized special committees to supervise the activities of the Reichswehr. They are doing this not only to promote peace, but to curtail expenses, reducing the cost of living.

Boy Hurls Baby to Death; Faces Murder Charge

[BY A. P. NIGHT WIRE]

LOWELL (Mass.) May 28.—John Veres, an 8-year-old boy, was formally charged with murder today. He and Miltiadas Haritous, 6, have admitted that for the excitement of it they threw little Vivian Mary Husson, 19 months of age, into a pool yesterday in the whirling rapids below Pawtucket Falls. The baby was drowned. Miltiadas is held as a witness.

ROOFLESS PLATES

Guaranteed for 10 Years

My Roofless Plate is the ideal denture and not to be compared with the cumbersome, heavy, ordinary plate.

DOES NOT COVER THE ROOF OF THE MOUTH

and makes eating a pleasure. No matter how hard or flat your palate or how many unsatisfactory sets of teeth you have had made, MY PLATES ARE A GUARANTEED SUCCESS. Stick, tight and look natural. You can cough, sneeze, sing, whistle or eat corn off the cob and they never drop.

GLORIA AND HER CLOTHES

How Gloria Swanson designs and wears the marvelous gowns, frocks and jewels that make her the best dressed woman on the screen or elsewhere, will be revealed by Rene Hubert, the French modist who accompanied her from Paris. Gloria has posed especially in some of the most striking creations she brought from abroad for her personal wardrobe.

SAWING OFF A MOUNTAIN

California has a marvel in mining—a huge mountain of a peculiar mineral having immense commercial value. No digging, tunneling or blasting is necessary to obtain this mineral deposited thousands of years ago. Huge circular saws are employed. The story of this process of leveling a mountain is unique.

Fannie Hurst contributes "The Ogre's Den" in the Sunday Magazine.

HOW SEQUOIAS WERE NAMED

Most people will be surprised to know that the name of California's giant trees, "Sequoia," was derived from a Cherokee Indian, who came from the Atlantic Coast long ago on a mission of education. A descendant of the race has written an unusual article about Sequoya and his life.

A page of puzzles and brain teasers in the Sunday Magazine will give your wits a test.

PERSIANS HUNT FOR GRASS

More thrilling episodes in the migration of nomadic Persian tribes who braved snow-packed mountains and swollen rivers in search of grass, are related by Merian C. Cooper, one of the three foreign eye-witnesses to this tragedy of human life.

New Sketches by Geritz

Quaint and interesting people to be seen about the streets of Los Angeles will appear in a new series of sketches by Frank Gerits beginning Sunday. Ote Wiles's tintypes and other art oddities will also be a delightful feature of the Sunday Times.

NEW MEXICO HAS PASSION PLAY

Various localities boast of their religious dramas, but one of the most unusual of these is presented annually by the folk of a remote village in New Mexico. This article pictures their Passion Play in vivid and dramatic form, just as it is given by a society called the Penitentes.

"Overhead Irrigation" is described fully in the Orchard & Farm Magazine, with rotogravure illustrations.

And These Short Stories!

"Right and Left," by Arthur Somers Roche, a baffling mystery story that defies solution until the end.

"Loutre," by Lisa Teaye Tarleau, another of the year's sixteen best short stories.

"The Streak," by Helen Topping Miller, a swift-moving tale of the Great Lakes.

"The Union Suit," by Octavus Roy Cohen, with a laugh in every line.

WHAT A TOURIST THINKS

The Angeleno is so accustomed to the many attractions around Los Angeles that he seldom reflects how these scenes impress the tourist, who comes from afar to see for himself the scenic wonders of which he has heard. A bona fide tourist describes his impressions and reactions after a comprehensive tour of the city.

TAXPAYERS AND THEIR WOES

The grievances of taxpayers are many, but most of the complaints and misunderstandings are due to ignorance or misinterpretation of the rules governing taxes in Los Angeles county. An intelligent and interesting explanation of tax assessment and payment is given by one who is himself a taxpayer.

The Sunday Times has the only rotogravure pictorial section in Southern California—eight pages, of beautiful pictures.

CZECHO-SLAVS IN OUR CITY

Agnes Pallen, whose articles have given us fascinating insights into foreign colonies of Los Angeles, next deals with the Czecho-Slovakians. She tells some illuminating facts about these people.

Want to reduce? Annette Kellerman, famous physical culturist, tells in the Sunday Magazine how to do it.

GOOD NEWS FOR KIDDIES

Part of the big Sunday Times is edited especially for boys and girls. The Junior Times, an eight-page tabloid in colors, contains a wonderful "Oz" story, all kinds of club news, and dandy comics, two pages of which are contributed by the club's own cartoonists.

ITALIAN DEBT FUNDING NEXT

Principles to Guide United States in Transaction Come Up in Preliminary Discussions

[EXCLUSIVE DISPATCH]

WASHINGTON, May 28.—The principles which will guide in the settlement of the Italian war debt to the United States have been discussed in the preliminary steps which have been taken looking to a funding agreement with that government, it was learned authoritatively today.

While no concrete terms have yet entered into the conversations which the Italian Ambassador, Signor De Martino, has had with Secretary Mellon, chairman of the American Debt Funding Commission, and with Secretary of State Kellogg, also a member of the commission, it was stated officially today that the basis on which an Italian settlement might be reached is being carefully considered.

The question of Italy's financial ability to pay is one phase of the problem, which is being examined in this connection. As a result of his conversations with Secretaries Mellon and Kellogg, the Italian Ambassador is understood to be asking his government for further information, which he may present to the members of the American debt commission.

All of the preliminary negotiations in this case are being conducted in Washington through Ambassador Martino, it is stated, and they may be carried to their conclusion through the same channel, although it was said to be possible that after the negotiations have reached a certain stage, they may be turned over to a special commission or representative appointed by the Italian government for the purpose.

As far as could be learned nothing further has been received by this government, either from France or Belgium, in regard to the conversations which the two American ambassadors in those countries have been carrying on.

The French Ambassador, M. Daeschner, called on Secretary Kellogg at the State Department today, but it was stated he did not discuss the question of debts.

The settlement of the debt with Great Britain will serve as the working basis on which funding agreements with all the other debtor nations will be carried out, and the negotiations now in progress with France, Italy and Belgium are said to be following that model. This does not mean, according to authoritative sources here, that the terms of the British agreement will be adhered to strictly; and officials of this government are not of the opinion that Great Britain will make any objection if somewhat better terms are given to France or to other countries than were given to the British.

DRY LAW DIRECTOR IN NEW MEXICO RESIGNS

[BY A. P. NIGHT WIRE]

WASHINGTON, May 28. — Dudley W. Snyder has resigned as prohibition director for New Mexico, effective June 2, and Samuel Bowman has been named as acting director until a new one is appointed.

HOUGHTON IN TALK LAUDS AMERICANS

Says Americans Touring in England Aid Friendship Between Nations

[BY CABLE AND ASSOCIATED PRESS]

LONDON, May 28.—Ambassador A. B. Houghton, speaking at a luncheon given in his honor by the English-speaking union today, said it pleased him to see tens of thousands of Americans scattered about England because it had a tendency to bring the United States and Great Britain together. At the same time, he said, it gave the travelers splendid insight into some of the European problems that confront the world today.

In welcoming Ambassador Houghton, Lord Birkenhead said the new American envoy had arrived in England at a time when the diplomatic, social and political relations of the United States and Great Britain never had been more harmonious.

In remote times it was a common practice during election campaigns in the United States to engage in what is known in England as "twisting the lion's tail," said Birkenhead, "but I don't recall that the lion never had been seriously incommoded by the process.

"We in this country never venture to pluck feathers from the great American eagle. England is watching the experiment with the greatest interest, but without the slightest desire to try it ourselves," was Lord Birkenhead's shot at American prohibition.

PRESBYTERIAN SESSION ENDS WITH PEACE PLEA

[BY A. P. NIGHT WIRE]

LEXINGTON (Ky.) May 28.—The sixty-fifth general assembly of the Presbyterian Church of the United States adjourned this afternoon after adopting resolutions favoring every worthy effort to secure the peace of the world.

ILLNESS CALLS HOME COLORADO GOVERNOR

[BY A. P. NIGHT WIRE]

DENVER, May 28.—Mrs. Clarence J. Morley, wife of Gov. Morley of Colorado, telegraphed the executive at Los Angeles today to return to Denver at once because of the critical illness of his mother, Mrs. Mary B. Morley, who underwent an operation last night. Gov. Morley went to California last week to take a rest from his official duties.

NEGROES, BROTHERS, GET DEATH PENALTY

[BY A. P. NIGHT WIRE]

DALLAS (Tex.) May 28.—Frank and Lorenzo Noel, negroes, brothers, were given the death penalty today by two separate juries in the Dallas Criminal Court today on charges of criminally attacking Mrs. Mary Steer, and sentenced to be electrocuted June 28. They pleaded guilty and the facts were presented to juries. The two trials required less than two hours.

The DUO-ART REPRODUCING PIANO

Magic, surely! Or, if not magic, then the greatest musical invention of all time!

The Miracle

Behold a piano! No pianist . . . not even the piano bench is apparent! And yet there comes forth a silvery note . . . then another and still another . . . caressingly and lovingly . . . Chopin is being played by Paderewski or De Pachmann or Gabrilowitsch!

And then you hear Beethoven played by Hofmann . . . Schumann and Brahms played by Bauer . . . Grainger playing his own inimitable compositions . . . and so on down the list of the world's greatest composers and the greatest interpreters of their immortal works.

Magic! No! . . . the DUO-ART, the greatest musical invention of all time . . . the world's best reproducing medium!

THE DUO-ART IS OBTAINABLE IN THE WORLD FAMOUS STEINWAY . . . WEBER . . . STECK AND STROUD PIANOS, upon MODERATE MONTHLY PAYMENTS.

SHEPHERD MAN HUNT ORDERED

Crowe Seeks Four Witnesses in Flight of White

All Discovered to Have Left After Kelly Arrest

Trial Drags Along Without Addition to Jury

[EXCLUSIVE DISPATCH]

CHICAGO, May 28.—Eleventh-hour revelations concerning the sudden disappearance of Robert White, State's star witness in the prosecution of William Darling Shepherd for the asserted typhoid murder of young "Billy" McClintock, tonight sent squads of State's Attorney's detectives out on a concentrated hunt for four new witnesses.

An hour after the detectives departed from the prosecutor's office word was received that not one of the four has been seen around his home or his usual living quarters for more than four days; in fact, since the news was published that James J. Kelly was in the State's Attorney's custody.

When Prosecutor Crowe got this word from his men he called a conference with his assistants, Joseph P. Savage, George K. Gorman and John Sbarbaro. Then he sent out word to the detectives to comb a list of shady and half-world cafes that he had prepared for them.

The information on which the detectives went out came reluctantly, it was stated, by way of additional facts from Kelly, who, it had been previously reported, had told Mr. Crowe "plenty" concerning White's sudden move out of town on the eve of the opening of the Shepherd trial almost two weeks ago.

INDICTMENTS HINTED

Mr. Crowe hinted that he will have the evidence to bring about some indictments in White's disappearance when the four new witnesses he has been seeking are brought in.

Mr. Crowe and his aides still refused tonight to make public the startling details of Kelly's admissions. The prosecutor stated he could not make the information public without warning certain persons and preparing them for what is coming. He said it would spoil that phase of the State's case to make Kelly's statements public.

"All I have got to say at this time is that there are several persons sitting on a big bomb and that it may explode at any time," he added.

Just who the four witnesses that his men were seeking are, the prosecutor also refused to make public. It was reported the detectives were out after Arthur Byrne, an admitted agent of Attorneys William Scott Stewart and W. W. O'Brien, Shepherd's lawyers; one "Jew" Golden, and a man known only as Rosen. But this report could not be verified.

CALLAN FREED

Byrne already has been before a special session of the grand jury, called by State's Attorney Crowe, where he has told certain negotiations of himself and Attorney O'Brien with White in connection with obtaining an affidavit from White repudiating his testimony before the grand jury that he saw Shepherd with Dr. C. C. Fatman at the latter's National University of Sciences, where Shepherd is alleged to have obtained the typhoid germs with which he inoculated young McClintock.

James C. Callan, arrested for tampering with Phillip Barry, a veniremen called in the Shepherd trial, was discharged today, when arraigned on a charge of contempt of court. In answer to the State's questions regarding his activities in the Shepherd case he denied the charges as to Barry, but admitted he had been employed by Stewart and O'Brien.

Assistant State's Attorney Gorman, when Callan had made answer, said there was nothing for the court to do but discharge him.

The seeming deadly inertia that has settled over the selection of the jury in the Shepherd case continued today. Not a juror was chosen during the day. The panel of the first four jurors that was sworn in last Friday and broken Monday, when one member was excused, remains still broken.

Judge Harry Olson of the Municipal Court today received from the Chief of Police of Houston, Tex., a book on poisons, said to have been once the property of William D. Shepherd. Its edges are said to bear notations in Shepherd's handwriting. The Houston chief said he obtained it from Mrs. Herbert Nichols, who said it was formerly the property of Shepherd.

Priceless Greek Statue Found in Pompeii Ruins

[BY CABLE—EXCLUSIVE DISPATCH]

ROME, May 28.—The greatest archeological discovery in many years was made yesterday at Pompeii when in the course of excavation along the so-called "Street of Abundance," workers suddenly came upon a bronze statue in the finest state of preservation, which proved to be that of Apollo.

Prof. Maiuri, local superintendent of the excavations, said the statue, which is six feet high, is priceless and is an example of the finest Greek workmanship. The statue was removed to the Naples Museum.

STOCK MAN IS FREED IN CITIZENSHIP CASE

WRIT SEEKING HIS REMOVAL TO CALIFORNIA FOR TRIAL DENIED

[EXCLUSIVE DISPATCH]

PHOENIX, May 28.—Pedro S. Espil, a Flagstaff stockman, held by a Federal court commissioner on a charge of falsely representing himself a citizen of the United States, has been discharged by United States Judge F. C. Jacobs, who denied a writ that sought the defendant's removal to California for trial. Espil claims that his naturalization papers were destroyed in the San Francisco fire.

KNELL SOUNDS FOR 500 BILLS

Half of Legislature's Acts Are Doomed to Death

Today is Last for Signing of Measures by Governor

Executive Approval Given to 452 Out of 998 Passed

[TELEGRAPH DISPATCH]

SACRAMENTO, May 28. — Approximately 500 of the 998 bills passed by the 1925 Legislature will have died by direct veto or the pocket veto when the bill-signing period ends tomorrow at midnight, Gov. Richardson announced today. To date the Governor has affixed his signature to 452 measures, leaving approximately forty-six more bills he expects to sign today.

Fifteen bills today met with executive approval, chief among them being Assembly bill No. 624, appropriating $154,000 for continuing the water-resources investigation in California, and Senate bill No. 491 amending the present gasoline-tax law to make more efficient the collection of the levy.

Under the terms of the water survey bill it will be the duty of the State Engineer to investigate surface and underground waters, determine the amount available for irrigation, hydroelectric and domestic uses and also to investigate flood dangers and the necessity for their control.

The engineering department also will be required, according to the Governor, "to ascertain the bounds of the agricultural lands and the amount of water necessary to bring them into maximum productivity and the amount of water required for municipal and industrial purposes and for the development of the hydroelectric industry."

CHANGE IN GAS-TAX LAW

The measure amending the Gasoline Tax Act, provides a penalty for nonpayment and also provides that the tax shall be a lien on the property of the distributor, allows a greater period for payment and extends the time in which refund claims may be filed from six months to one year.

Gov. Richardson hurled another broadside at Elwood Mead, Federal reclamation director and formerly head of the State Land Settlement Board, when he signed Assembly bill 220, crediting $350,000 for the rebate of interest to settlers at the Delhi land settlement colony. The money is credited to the settlers' account and charged against the account of the Land Settlement Board.

"This bill is signed," declared the Governor, "as a matter of simple justice to the settlers who paid more for their land than it was worth and who were grossly mistreated by the former manager. It is hoped that this relief measure, with others, will help to right the wrong done the settlers by Elwood Mead, the founder of the colony."

The Governor also signed Assembly bill 1178 which opens the way for the construction of a bridge across the Golden Gate in San Francisco Bay. The bill extends the time for the completion of bridges from three to seven years after boards of supervisors have granted the right and also extends the corporate existence of bridge and ferry corporations.

OTHER BILLS SIGNED

Other measures signed are:

Assembly bill 1274, placing all county traffic officers under the supervision of the director of the State division of motor vehicles.

Assembly bill 1341, amending the Water District Act.

Assembly bill 641 providing safeguards for the water supply of dairies and institutions handling milk and dairy products.

Senate bill 534, giving the State Railroad Commission the power to investigate on its own volition or complaint the reasonableness of rates.

Senate bill 597, ratifying the Palo Verde District Act.

Senate bill 165, requiring election boards to canvass election returns and to seal voting machines.

Assembly bill 578, regulating the sale of abalone.

Assembly bill 438, abolishing the contingent fund of the six district agricultural associations.

Senate bill 396, appropriating $8227.95 to refund the First National Bank of Los Angeles for overpayment in taxes.

Senate bill 318, establishing the Mt. Jacinto game refuge.

Assembly bill 616, appropriating $10,000 for the restoration of Sutter's Fort.

REVOLUTIONARY PLOT IN MEXICO REVEALED

[BY CABLE AND ASSOCIATED PRESS]

MEXICO CITY, May 28. — Copies of a letter signed by Adolfo de la Huerta and other exiled rebels inviting numerous military leaders to join a movement for the overthrow of President Calles, have been turned over by the recipients to the Secretary of War. Drastic measures are being taken to check any revolutionary activities.

FLOODS MENACE TOWN IN NEW SOUTH WALES

[BY CABLE AND ASSOCIATED PRESS]

SYDNEY (N.S.W.) May 28.—Serious floods were reported today in the Queanbeyan district in the southern part of New South Wales, where five persons were reported drowned and 150 families made homeless. A flood of the Murrumbidgee River apparently was sweeping toward Wagga Wagga, threatening indunation of that town.

FOR BETTER WHEAT

[EXCLUSIVE DISPATCH]

OKLAHOMA CITY, May 28.—The annual better-wheat special of the Santa Fe in Oklahoma will start at Blackwell June 1. Practically all grain-belt counties touched by the Santa Fe will be visited. Among speakers on the train will be Dr. Bradford Knapp, president of the Oklahoma A. and M. College; J. A. Whitehurst, president of the State Board of Agriculture, C. H. Linzee, State Grain Inspector, and H. M. Balmer of Kansas City, director of the Southwestern Wheat Improvement Association.

The Times Free Information and Resort Bureau

CORNER FIRST AND BROADWAY

Is for the accommodation and benefit of persons seeking interesting routes of travel, desirable hotels, and rest, recreation and recuperation at the seashore or in the mountains. Particulars are furnished by competent attendants and by correspondence to the general public regarding rates and attractions of railroad and steamship lines, hotels and pleasure and health resorts. Descriptive circulars and transportation literature are kept on hand for inspection and distribution. This service is absolutely free.

Make Your Resort and Hotel RESERVATIONS

FREE OF CHARGE AT THE

Times Information and Resort Bureau, Times Bldg., Bdwy. at First St., or at the Times Branch Office, Information and Resort Bureau, 621 South Spring St. Telephone MEtropolitan 6700.

"Direct-U"

Have you had difficulty in finding some particular advertised product? Have you had to hunt from store to store to find something you had seen advertised? The Times has established a new department, called "Direct-U," which has collected data about thousands upon thousands of trade-named (advertised) products and stands ready to tell you just where you can find the thing you want.

The Times is glad to help its readers and advertisers through this new service—so make free use of it—there is no charge, of course.

All you need do is phone the Los Angeles Times—MEtropolitan 6700—and ask for "Direct-U" Department.

Resorts

YOSEMITE INFORMATION CAMP CURRY

EXCURSION Transportation both ways, Pullman; five full days at Camp Curry including meals. **$57.25**

1 *Rates*—1925 Yosemite accommodations include the following: Canvas cabins, tents, or Redwood cabins, $4 to $6 a day, American plan. Canvas cabins and tents, $1.50 to $2.50 a day, European plan. Bungalows and Redwood cabins with private bath, $6.50 to $8.50 a day, American plan.

2 *Information*—An interesting and entertaining account of what you will find at Yosemite, with complete information concerning Yosemite Transportation System to the principal points of interest and all accommodations in hotels and camps, is contained in illustrated folders which will be supplied you by our nearest office or sent you on receipt of a post card asking for them.

3 *Complete Facilities*—Yosemite Park and Curry Company provides complete facilities including all hotels, resorts, camps and transportation systems in Yosemite National Park, auto service overall roads, saddle horses and pack animals, garage, general stores and other establishments and facilities likely to be of use to you.

4 *Camp Curry*—the pioneer resort in Yosemite, a splendid group of service and social buildings, bungalows and tents accommodating more than 25,000 guests annually and under the personal management of Mrs. D. A. Curry. For rates, see Paragraph 1. Swimming pool, private baths, complete facilities. Campfire entertainment and firefall from Glacier Point nightly. Dancing, hiking, riding, tennis, children's playground.

5 *Yosemite Lodge*, so distinctively popular among thousands of Yosemite visitors, will be operated this year with the same directing personnel, the same policies and the same accommodations that have contributed so largely to its success. You will find your Yosemite Lodge service delightfully comfortable and attractive, whether in Redwood or canvas cabins, with excellent food and enjoyable surroundings and either American or European plan service.

6 *Reservations*—Camp Curry and Yosemite Lodge accommodations should be reserved in advance through our representatives, who will advise you of the best times to visit Yosemite. Early reservations are appreciated.

7 *"YTS" Tour*—Ask about "YTS" Tour (starting June 1) to both sides of the Park, including Hetch Hetchy Valley and the Mariposa Big Trees; also, starting about July 15, the Tioga Pass route motor tour between Yosemite Valley and Lake Tahoe, both included in railroad tickets if desired.

8 *Springtime*—Yosemite in Springtime offers you mountain-sides of wildflowers and new verdure and melody of many waters and Spring itself in the air. Have you seen and felt Spring in Yosemite? You will always remember it!

DENTISTS ELECT SAN FRANCISCAN

State Convention Votes Research Fund

Urges Governor to Sign Practice Bills

Oakland Man Installed as President

[BY A. P. NIGHT WIRE]

OAKLAND, May 28.—Dr. John E. Gurley of San Francisco was named today president-elect of the California State Dental Association, succeeding Dr. F. B. Fontaine of Oakland.

At the closing session today of the fifty-fifth annual convention of the association, Dr. Fontaine was installed as president for the ensuing year, succeeding Dr. Edward J. Howard of San Francisco. Secretary B. Frank Gray of San Francisco was re-elected.

VOTE RESEARCH FUND

The convention voted an appropriation of $12,000 for use in research work by the dental colleges of the University of California. An additional $3500 from the American Dental Association will be used for the same purpose by the college. The convention voted $400 to be expended for educational purposes.

The association will hold no convention in this State next year, but will attend the Pacific Coast conference of dentists to be held in Portland June 8 to 13, 1926.

Resolutions were passed asking Gov. Richardson to sign several bills sponsored by the association. One increases the penalty for practicing dentistry without a proper license from $100 to $1000 and from a three months' jail sentence to a three years' prison sentence. A second bill would empower county officials to appropriate money from county funds for care of the teeth of indigents. A third would enable counties to appropriate money for establishing and maintaining dental clinics in the public schools.

ASK INVESTIGATIONS

Another resolution asks the American Dental Association to appoint a commission to investigate dental preparations, and recommends that the government enact a law requiring manufacturers of such preparations to confine their products to specified formulae.

In the principal address today Dr. Thomas Smith of Los Angeles discussed the effect on the hearing of diseased teeth. The eustachian tube leading to the inner passages of the ear frequently is affected by bad teeth, Dr. Smith said, causing impairment to the hearing.

Motor Vehicle Fees for April Gain Sharply

[BY A. P. NIGHT WIRE]

SACRAMENTO, May 28.—The State Division of Motor Vehicles issued a report today showing an increase of 58 per cent in motor vehicle collections for the month of April as compared with the same month a year ago. Fees for the month amounted to $481,140.25, while those of a year ago amounted to $303,851.80.

This volume of business enabled the division to effect a material saving in the cost of employees, the report said. Although the volume was 58 per cent greater, the pay roll costs showed an increase of only 8 per cent. The increase in collections was $177,288.45, while the increase in pay rolls was $2896.04.

EXCURSION fares East beginning May 22, via San Francisco or direct, through Salt Lake City and Royal Gorge, over Denver & Rio Grande Western Scenic Line. Incomparable mountain scenery. Panoramic Special and Scenic Limited, daylight trains. 507 South Spring, Los Angeles. 116 West Ocean avenue, Long Beach.

ARIZONANS TO FETE SHRINERS

Delegations to Los Angeles Will be Entertained

Apache Trail Wonders to be Shown to Visitors

State Bodies to Journey on Special Trains

[EXCLUSIVE DISPATCH]

PHOENIX, May 28.—Arizona will furnish about 500 attendants to the Shrine ceremonials at Los Angeles next week. About half of the pilgrims will journey over the desert sands on a special Southern Pacific train that will leave Phoenix at 6:10 Sunday morning, due at the arcade station in Los Angeles about 7 p.m. Plans to travel via Calexico and Mexicali have been changed, and the routing will be direct. A short stop will be made at Yuma, there to accept hospitality that will be tendered by Shriners and Masons of the vicinity to twenty special trains that are coming their way.

Northern Arizona Shriners will be with the Phoenix party while Tucson and Eastern Arizona cars will be added to the special at Maricopa. This main delegation will be led by Illustrious Potentate Harland J. Gray, who will be escorted by El Zaribah Shrine Band of thirty-six pieces and by an Arab patrol. Noble Cliff Carpenter's "Shrine March" has been made the official march of the 1925 session. The patrol, of thirty men, is headed by Capt. Fred W. Norton, a veteran of the late war. Both bodies will go on escort duty Monday morning, brilliant in zouave uniforms.

CHANTERS FROM TUCSON

From Tucson will come a group of white-uniformed chanters, headed by R. V. Winchester, with a large store of typically Arizona ditties, that will be heard in informal gatherings and in the hotel lobbies.

Arizona headquarters will be at the King Edward Hotel. One of the State features will be distribution to the visiting Shriners of thousands of cactus canes, made of the "open-work" stalks of the opuntia fulgens, an especially prickly desert growth, though no spines will be left on the canes. Distribution will be in Store 8 at the Biltmore Hotel, in charge of Noble King Cole of Islam Temple.

The Arizonans will present no Indian program in Los Angeles, but will establish an Apache village on the Apache Trail, for entertainment of the Shriners who are routed along that scenic highway and will present Hopi Indian dances at the Shrine Auditorium in Phoenix. Illustrious potentates who may come this way will gain a new degree, for they are to be initiated here as members of the Hopi tribe. These Shrine leaders are to be especially favored also in being taken on a motor boat trip down Apache Trail Canyon on Salt River, a dozen miles between canyon walls of wonderful grandeur.

TO ENTERTAIN VISITORS

Today the Apache Trail trip was taken from Globe by about 100 members of Boumi Temple of Baltimore, they to be followed on Saturday by 700 Shriners and wives, representing Moslem Temple of Detroit and Orak Temple of Hammond, Ind. Transportation over the mountain highway will be in autos driven by Globe, Miami and Phoenix members. At Fish Creek will be a noon barbecue, hard by the Indian village, cowboys serving as waiters and furnishing incidental entertainment.

Saturday will be the great day in Phoenix, for in the morning a special train bearing 300 members of Aladdin Temple of Columbus, O., an organization of which former President Harding was an active member, will arrive. In addition will be 200 ladies. The nobles have wired that their eighty-piece band will be at the disposition of the local committee and that they will be pleased to join in the morning Memorial Day parade. Their trains will leave at 11 p.m. and will be in Los Angeles the following morning.

PACIFIC MAIL'S SALE AGREED ON

Fleishhacker Interests to Obtain Control of Line

Purchasers Indicate Plan to Develop Oriental Trade

Grace Company to Take Over Ships in Coast Service

[EXCLUSIVE DISPATCH]

SAN FRANCISCO, May 28.—Reports of pending changes in the stock control of the Pacific Mail Steamship Company, through a deal made by Herbert Fleishhacker and associates with W. R. Grace & Co., who own 50 per cent of the stock, was officially confirmed today by Fleishhacker, E. T. Ford, manager for the Grace company in San Francisco, and Gale E. Carter, president of the Pacific Mail in New York.

Under the terms of the deal, the Grace company agrees to exchange its stock for the seven ships of the Pacific Mail now operated fh coastwise and intercoastal trade, together with a cash payment of $450,000. The Grace company also agrees to cancel the $1,000,000 mortgage bonds it holds against the Pacific Mail.

Retirement of the Grace stock under this arrangement will be ratified, it is expected, at a meeting of stockholders in New York June 10, at which time the Fleishhacker interests will purchase most of the remaining outstanding stock, thereby obtaining full control of the company.

The largest minority stockholder, the American International Corporation, has agreed to sell its 92,794 shares of stock for $10.50 a share and the San Francisco financial interests headed by Herbert Fleishhacker have offered to buy this and all other outstanding stock on the same basis.

Continuation of the present service to the West Coast ports of Mexico and Central America, maintained for nearly seventy years by the Pacific Mail, is planned by the Grace company, which since 1914 has been actively increasing its coffee and other interests in that territory. The intercoastal service via Panama and the West Indies also will be continued by the Grace company. The office and port staffs of the Pacific Mail in San Francisco and Central America and east coast ports will be taken over by Grace & Co.

PLANS IN DARK

The future plans for the Pacific Mail have not been officially announced. Fleishhacker stated that it was too early to state what the intentions of the new owners were. It is generally believed among shipping men here that the good will and trade connections created by the fifty years of service to the Orient by the Pacific Mail is an asset of enormous value, which the new owners will capitalize, and that it will lead to a big expansion of the oriental trade from San Francisco and other Pacific Coast ports.

Herbert Fleishhacker stated last winter upon his return from Washington, where he participated in the Dollar company's negotiations to buy the President liners from the government, that it was the intention of himself and associates in California, together with financiers in other western ports of the United States, to create a shipping business that would be of continuing benefit to the country.

MAY BUY FLEET

With the government offering its entire fleet of passenger and freight vessels for sale, there is ample opportunity for the Pacific Mail to obtain first-class vessels for any trade routes they may wish to continue or establish.

In his statement today, Fleishhacker said, after confirming the reports of the changes of stock ownership:

"Our purpose is in the interest of harmonizing and developing a trans-Pacific merchant marine under the American flag in line with President Coolidge's policy. The headquarters of the Pacific Mail will be removed from New York to San Francisco and a new board of directors elected representing the interests here. I am not prepared at this time to discuss the future plans of the company."

Dozen Hurt as New York Trains Crash in Subway

[BY A. P. NIGHT WIRE]

NEW YORK, May 28.—Twelve passengers were injured today in a collision of two subway trains in the Bronx. Ambulances were hurried to the scene.

The crash occurred at the One Hundred and Seventh-seventh-street station of the Pelham Bay Park line. One train consisted of seven cars and the other of two, all constructed of steel. Police reserves were called.

The rear platform of the seven-car train and the front end of the other one were telescoped. Several passengers were reported seriously injured.

Bank Robber Gets $2000 in Arizona Town

[EXCLUSIVE DISPATCH]

PHOENIX, May 28.—A special dispatch from Williams tells that a bandit obtained $2000 from the trays in the teller's department of the Williams branch of the Arizona Central Bank this afternoon by pointing a gun at John R. Smart, teller, and compelling him to hand over the money. The bandit ordered Smart to enter the vault and closed the door and then departed by the front door of the bank. Spectators saw the man leave in an automobile driving west toward Ash Fork.

OBREGON'S PLANS

[EXCLUSIVE DISPATCH]

NOGALES (Ariz.) May 28.—Alvaro Obregon, former President of Mexico, is reported to have started to establish a large sanatorium on his estate near Cajeme, in the Yaqui River Valley. Cajeme is being made headquarters for the extensive agricultural and commercial enterprises controlled by Gen. Obregon.

Death Sentence Given Slayer of Forest Ranger

[BY A. P. NIGHT WIRE]

RED BLUFF (Cal.) May 28.—Charles Craig, convicted of complicity in the murder last year of Sam Hermanson, a forest ranger, after Craig and a companion had held up and robbed a bank here, was resentenced here today to be hanged at San Quentin penitentiary. Superior Judge W. E. Herzinger of Shasta county, sitting in the local court, set the execution for July 31.

Craig several days ago, when his appeal was denied by the State Supreme Court, asked that his execution be set for as early a date as possible. The condemned man was brought here from San Quentin to be resentenced.

DRIVER FACES CHARGES FOLLOWING COLLISION

[EXCLUSIVE DISPATCH]

PHOENIX, May 28.—Mrs. B. F. McKinley, injured in a collision near Phoenix with a car driven by Walter Brinhall of Mesa, now is reported likely to recover. Charges have been filed against Brinhall asserting intoxication while driving and aggravated assault.

SHEEP MAN ACCUSED OF FALSE CITIZENSHIP

[EXCLUSIVE DISPATCH]

PHOENIX, May 28.—Pedro S. Espil, Flagstaff sheep owner, has been held by Court Commissioner Robert Kirk to answer to a charge of false representation of himself as a citizen of the United States. He is said to have asserted that record of his naturalization was destroyed in the San Francisco fire. In 1920 a California court granted him papers on testimony now asserted to have been false. Trial will be in California.

"Times" Building at First and Broadway

Looking South on Broadway at Sixth Street

Official Insignia Suspended Above Broadway

THE most elaborate festival costume which the city of Los Angeles has ever assumed has been donned during the past ten days under the direction of George T. Cline, chairman of the Shrine decorations committee, in preparation for the influx of delegates and visitors drawn by the fifty-first annual conclave of the Imperial Council of the Mystic Shrine. Miles of elaborate street decorations, concentrated in the business district and in the vicinity of the Coliseum, have been installed by the local Shrine at a cost in excess of $100,000. This is in addition to the many elaborate and artistic private displays of decorations. Probably never before has an attempt at decoration on the scale employed by the Shrine been attempted on the Pacific Coast. Some of the salient features of the dressing-up of Los Angeles are depicted on this page. (Times Photos.)

STAUBER LEADING IN DEL MONTE SHOOTFEST

[BY A. P. NIGHT WIRE]

DEL MONTE, May 28.—Harry Stauber, a Los Angeles star, today led the field in the practice run of the California Nevada interstate championship shoot, when he broke 97x100 bluerocks at the Del Monte traps. Close on his heels in Class A came C. H. Nash of San Jose, and Bob Bungay of Venice, with grand totals of 98.

M. F. Leffler of Stockton blazed the way in class with a creditable record of 95, leading his nearest competitor, Dr. A. Tabler, by one bird. R. B. Hebdon led Class C with 95 birds, while Ed Garratt of Oakland, new high chief of the California Indians, was second, with 94. M. P. Mitchell of San Diego led Class D with 94, and Homer Smith was second with 92 birds. Len Hawkhurst led the professionals with a total of 93.

BENGALS ANNEX SLUGFEST, 9 TO 7

Blakesley's Triple in Eighth Starts Rally

Vitt Uses Three Pitchers in Effort to Win

'Buzz' Eckert Gets Credit for Vernon Triumph

BY BRAYEN DYER

Our Vernon Tigers, who lay claim to whatever distinction goes with being cellar champions of the Pacific Coast League, established a season's record for themselves yesterday when they went out and made it four straight victories by handing the badly battered Salt Lake Bees a 9-to-7 beating at Washington Park. The Bees; who are supposed to be some pumpkins when it comes to stinging, have thus been stung thrice in a row in the same spot, Sunday's triumph at San Francisco giving the Bengals four consecutive victories. It begins to look very much as if Manager Bill Essick will get the boys out of the cellar before Christmas after all.

Yesterday's game was one of those old-fashioned slugging affairs which send batting averages soaring and official scorers to Patton. Base hits were as plentiful as volunteer rescuers of the lost polar explorers, but a lot more effective. The Bees made sixteen to ten for the Bengals. Inasmuch as the visitors also contributed five hand-made errors their hit margin was practically nullified. Vernon players did their best batting in the pinches—as has been the case this week.

SIX PITCHERS IN IT

Six pitchers took part in the fracas and the entire half-dozen were more or less effective—mostly less. Manager Oscar Vitt started Bill Piercy, late of the Boston Red Sox and New York Yankees. Bill was a quick and painless victim, lasting long enough to get four runs scored against him in the first inning. Phil Mulcahy then took up the hurling burden and did fairly well, retiring to let Hulvey bat for him in the eighth. Richard McCabe finished and was unfortunate enough to get charged with the defeat, inasmuch as the Bengals made the winning runs off him in the eighth stanza.

Bill Essick followed his Detroit hunch by sending Wee Willie Ludolph, formerly one of Cobb's pitchers, to the mound. Ludolph got nicked for runs here and there and when Truck Hannah signaled that Willie had lost his stuff in the sixth Ken Penner was rushed to the rescue. Penner got along in so-so fashion until the eighth when a Bee rally saw him replaced by Buzz Eckert. The ex-Portland pitcher gets credit for the victory.

GET EARLY LEAD

The Tigers were leading 4 to 1 at the close of the first inning, two walks and four singles putting the four markers over. Five hits and two runs, the five blows coming one right after another, tied the score at seven all for the Bees in the first of the eighth. It looked as if Vernon's winning streak was to be busted, but the home guard rose up and smote McCabe for two runs and the victory in their half of the canto.

Jim Blakesley rattled the right center-field fence with a potent triple to open the session. Ike Wolfer was safe at first on Vitt's error. Hemingway then laid down a neat bunt to squeeze Blakesley over the platter with the winning run. McCabe tossing the Vernon shortstop out at first as Jim scored. McDowell filed to Sheehan, but Jackie Warner, who got three hits in four trips to the rubber, punched a hot single to left and Wolfer counted. Becker walked, but Hannah fouled out to Lazerre.

The Bees died with scarcely a buzz in the ninth.

The Essick men will be out to make it five straight today. Bill has a flock of good heavers to send against the visitors. Clyde Barfoot, Ed Bryan, Buzz Eckert and Jim Christian are all set to take the mound. It will probably be Ponder for the Bees. The score:

THE MILK FUND SHOW

BY FEG MURRAY

Metropolitan Newspaper Service

The day of the Milk Fund fights finds Mike McTigue light heavyweight champion of the world. The day after the Milk Fund fights may be an entirely different story, in which case Paul Berlenbach would wear the crown that descended from the bald dome of Bob Fitzsimmons. When Carpentier beat Levinsky and took the light-heavy title to Europe the wise ones winked knowingly and said it was "one of those things." Then, by Siki's own admission, he double-crossed Gorgeous Georges when he knocked out the Frenchman.

McTigue, from all accounts, stole the synthetic title from Siki when he beat him in twenty rounds in Dublin. Then he got into a fine mess in his fight with Stribling in 1923, when his own referee had to give a couple of decisions. So now what's going to happen? Will the aroma of something besides milk arise as an aftermath of the fights today?

Both McTigue and Berlenbach rose from obscurity to fame in a short time, and both had connections with the New York Athletic Club, Mike as boxing instructor and Paul as an amateur wrestler. Otherwise they have nothing in common.

On the same card at the Milk Fund show are two boxers, both of whom should go further than Berlenbach. I look for Jack Delaney, who fights Marullo, to be the next light-heavyweight champion after Berlenbach—or after McTigue. And Slattery—ah, there's the lad who may some day be Dempsey's successor!

M'TIGUE READY FOR BOUT

Both of Milk Fund Fight Principals Confident of Victory in Championship Bout

[EXCLUSIVE DISPATCH]

NEW YORK, May 28.—Michael Achilles McTigue and Paul Maul Berlenbach rest panting on their arms before their clash in the main bout at the Milk Fund bouts at the Yankee Stadium tomorrow night. But both are talking.

McTigue is feeling as bold and bloody as ever before the battle. He sings confidently of a knockout victory over the ferocious Paul most any time after the sixth round.

Paul cannot figure Mike's knockout punch from recent performances of the light-heavyweight champion, and he is of the opinion that Mike's hand will again break under any strain.

On performance Berlenbach undoubtedly has the call over Michael. But the impression has successfully been broadcast that Mike has recent discovered powers of offense which will make a sprawl of Paul Maul, and the boys figure that Mike must have something besides a bad arm up his sleeve or he would never have risked his precious title against a hitter like Paul.

LAFAYETTE BOUGHT BY PORTLAND NINE

[BY A. P. NIGHT WIRE]

PORTLAND (Or.) May 28.—The Portland club of the Pacific Coast League, today announced the purchase of First Baseman Lafayette from the Oakland club of the same league. Lafayette is expected to reach Portland in time to play in the morning game

FEAR TROJANS AND BEARS

[BY A. P. NIGHT WIRE]

PHILADELPHIA, May 28.—Twenty-nine colleges, represented by 884 entries, the largest in the history of the association, will compete at Franklin Field tomorrow and Saturday in the forty-eighth annual track and field championships of the Intercollegiate Association of Amateur Athletes of America.

Several eastern colleges will attempt to keep the laurels from the claws of two western invaders, California and Southern California.

Nineteen members of the 1924 American Olympic team will be among those competing in the two-day carnival. Seventeen 1924 champions will defend their crowns.

Yale, victor in the 1924 championships, will be hard-pressed this year to retain the honors. The outstanding threat of the meet looms in California, victor in 1921, 1922 and 1923. California has a well-balanced team in both the track and field events, while Southern California led by the Olympic champion, Clarence (Bud) Houser, is expected to figure prominently in the field events.

The standard program of fifteen field events will be run, the extra event, which was approved at the annual meeting of the I.C.A.A.A.A., not going into effect until the indoor championships next year.

FORMER NEBRASKA COACH MAY REPLACE SPAULDING

[EXCLUSIVE DISPATCH]

SOUTH BEND (Ind.) May 28.—Fred Dawson, former football coach at the University of Nebraska, is in line to succeed Coach Bill Spaulding at Minnesota, according to information given here today by college men who are watching the situation at the Gopher school. The selection of Dawson is expected in view of the placing of Fred W. Luehring, director of athletes at Minnesota, on the committee to find a successor to Spaulding who goes to the University of California, Southern Branch.

PHANTOM FINN ON WAY HOME

Paavo Nurmi Narrowly Misses Death at Dock

Greatest Runner Refuses to Accept Big Offers

Returns to Native Country and $62.50 Per Month

[EXCLUSIVE DISPATCH]

NEW YORK, May 28.—After turning down offers which would have netted him more than $100,000 and perhaps $200,000, Paavo Nurmi, the flying Finn returned to his $62.50 a month job in his native land on the Swedish American liner Stockholm today.

There was an interval of about two seconds a few minutes before the liner cast off when it looked as though Paavo had reached the finish of his career. But for the quickness and strength of a photographer, who grabbed him, Nurmi would have fallen from the boat deck on the Stockholm, sixty feet to the string piece of the pier, and would probably have rolled off, helpless, if not dead, into the water in the narrow space between the pier line and the hull of the steamship.

Paavo Nurmi

It certainly looked as though the usually sure-footed Finn, the fastest runner of all time, was gone when in order to return farewells shouted to him from the pier, he stepped to the edge of the boat deck, which is not protected by a rail, stumbled over a rope and pitched forward.

A groan arose from the thousands on the dock. Before it had died away Nurmi had been pulled back out of danger. He did not appear to be affected by his experience and waved his hand gayly until the Stockholm was lost to view down the North River.

GOOZEMAN DEFEATS BURNS IN HARBOR GO

Ernie Goozeman had a little too much stuff on the ball for Jack Burns last night, and gave him a ten-round lacing in the main event of the Chief Petty Officers' boxing show at Los Angeles Harbor. Burns put up a fight and made a battle of it, but he couldn't cope with the more experienced Goozeman. Sailor Don Levy and Sailor Oswald fought a draw in the six-round semi-wind-up. Young Cumpston and Jack Romero went six rounds to a draw. Ralph Downs got a decision over Phil Saylor, and Jimmy Gould knocked out Young Polo in the third round.

MAT CLASH STEAMS UP MICHIGAN CITY

[EXCLUSIVE DISPATCH]

MICHIGAN CITY (Ind.) May 28.—Michigan City is assuming a holiday appearance as the time for the big match between Wayne (Big) Munn and Ed (Strangler) Lewis approaches. Preparations are being made to handle the biggest crowd of visitors that has ever been here. The hotels are filling up and all the hostelries are doing a brisk business.

VANCOUVER HOCKEY TEAM BEATS H.A.C.

Without extending themselves or getting at all steamed up over the game, the Vancouver hockey team defeated the Hollywood Athletic Club sextette, 7 to 3, at the Palais de Glace last night. Smith and Palmer starred for the winners. Swindells and Gaudin were the big heroes for the losers.

DANNY WHIPS SALLEY IN PASADENA BOUT

Young Danney defeated Young Salley in ten rounds of hard battle in the Pasadena Armory main event last night. Danny was too fast and shifty for Salley. Young Lancho trimmed Bennie Jordan in six rounds. Jimmy Black won a four-round verdict over Eddie Shannon. Bernie Kiltner had an easy time with Isabel Lopez, knocking out that fighter in the first round. Henry Vino and Ernie Smith fought a draw.

SIGNS FOR THREE YEARS

Joe Word has signed to remain three years longer as Yale baseball coach.

AFTER TITLE

Fidel La Barba

BANTAMS FEATURED AT LEGION

Fidel La Barba Faces Teddy Silva in Main Event Tonight

Fidel La Barba's chances on getting a shot with Pancho Villa in Los Angeles for the flyweight champions of the world in August depend on the outcome of his ten-round scrap with Teddy Silva tonight at the Hollywood American Legion stadium.

It isn't any secret that there is some negotiating going on right now with the parties managing La Barba and Villa for his world-title bout at 112 pounds, and with the verdict will will go the title. George Blake has been working quietly on this one big shot for Fidel, with the hope that this strong, rugged kid will prove too good for the little Filipino Villa.

The fight at Hollywood is going to settle the bantamweight championship of the Pacific Coast. Hollywood Post, No. 43, of the American Legion will award the title to the winner, and present the boy who gets the nod with the medal such as was given the

(Continued on Page 10, Column 4)

WEST CHAMP IN STELLAR PLAY

Shoots 66 to Press Jock Hutchison's Record

Both Hutchison and Chick Evans Fail to Land

Thirty Midwest Entrants to Play in Open

[BY A. P. NIGHT WIRE]

CHICAGO, May 28.—Thirty mid-western golfers qualified today at Onwentsia for the national golf championship with scores of 151 or better for 36 holes and the leader of the field was "Bill" Mehlhorn of Chicago, western open champion, who had a remarkable score of 71-66—137.

Mehlhorn's total was within two strokes of the record-qualifying score made three years ago by Jock Hutchison at Skokie. Hutchison, former British champion, played with Mehlhorn, both yesterday and today, but took ten strokes more than the leader to tie for fifth place.

ROBERTSON SECOND

Dave Robertson of Detroit was second, six strokes behind Mehlhorn by virtue of a fine 69 for today's round. Third place went to Alex Cunningham, Toledo, who made 73-73-145, and Bob Shave, Cleveland, was fourth with 146.

Five players tied for seventh place with 148, including R. F. Carter, Chicago, formerly Irish champion, who was one of two amateurs to enter the selected list. The other amateur was Robert A. Gardner of Chicago, who scored a pair of 75s but withdrew as he is unable to go to Worcester for the play-off June 3-4.

Chick Evans, who holds the record for the national open title with 287, failed to qualify by two strokes. Only recently released from a hospital, Evans scored a fair 74 yesterday, but weakened on the final round and eventually threw away his chances to qualify on the 515-yard seventeenth where he got tangled up with rough and bunkers and took a 7.

CRUICKSHANK OUT

Among the stars who failed to qualify were Bobby Cruickshank of Oklahoma City, who lost the open title to Bobby Jones, two

Thousands of Fine Motor Cars Owe Their Beauty to the Durability of the

WEAVER-MASON

Permanent Motor Car Finish

—Hundreds of cars here in Southern California that appear to have just come off the sales floor, in reality have been running around for months in all kinds of weather and maintain that new-car appearance because of the WEAVER-MASON PERMANENT FINISH.

—It's absolutely permanent—in fact, we guarantee every refinish job not to check or fade for the life of the car.

Beautifying Automobiles

—that's our business

—Here under one roof, guarded by a rigid policy of quality, you may have your car refinished, nickel-plated, upholstered, new top, trunks and racks built to order—a bent fender or damaged body straightened and refinished—everything to improve Motor Car Appearance.

The Largest Automobile Refinishing Plant in the World.

Athletics Thump Washington Twice to Increase Lead

SENATORS TAKE BAD BEATINGS

Macks Win by Overwhelming 11-to-3, 9-to-4 Scores

Yankees Divide Double Bill With Boston Team

Browns Beat Indians, 4 to 3; Detroit Bumps White Sox

[BY A. P. NIGHT WIRE]

PHILADELPHIA, May 28. — Connie Mack's Athletics took both ends of today's double-header with Washington and thereby increased their lead on first place to three full games. The first game was won by an 11-to-3 count, and the second by a score of 9 to 4.

The Senator hurlers were punished severely in both games and proved wholly unable to halt the attack of the league leaders. The score:

WHITE SOX SOCKED

CHICAGO, May 28. — Red Faber weakened in the ninth inning when Manager Cobb of Detroit injected his pinch hitters into the game and overtook Chicago after the locals had scored four runs on Kamm's home run with the bases filled in the eighth inning. Chicago tied the count in their half of the ninth, but Ted Lyons, who relieved Faber, was unsteady in the tenth inning and started the visitors to victory with a wild throw to second. Bunched hits followed this and Detroit won, 7 to 5. The score:

RABBIT PUNCHES

BY PAUL LOWRY

SAN FRANCISCO fight fans are going wild over the big heavyweight imbroglio between Jack Renault and George Godfrey, to be staged in the Recreation ball park June 6. Donn Shields, the matchmaker for the Mission Athletic Club, under whose auspices the bout will be held, writes us that the giant principals are packing the training gym every day and dividing the city into two camps—one of which wants to see the "Black Shadow of Leiperville" have his block knocked off, and the other confidently predicting Renault, the Canadian ex-policeman, will be whipped from here to nowhere.

Far more interesting from the showman's standpoint is the fact that the advance sale of tickets is making the promoters forget all about the terrible frost the Lyaches, Shuler, et al., tried to perpetrate upon the public when they staged the Walker-Cooper seance.

• • •

Like Dick Donald's show at Ascot, June 6, where there is interest in both the supernative lightweight main events, the Renault-Godfrey fight should by all signs go over big.

Renault holds a decision over Godfrey, obtained two years ago, but those who have seen the big chocolate drop fight since declare he is a greatly improved combatant and capable of polishing off Harry Wills, who has been Jack Dempsey's pursuer for years.

It is easy to foresee trouble ahead for all in the heavyweight circle if Godfrey disposes of Renault with ease and dispatch. While the Canadian is not a Dempsey by any means, he is good enough to be ranked right up near the top, just below Dempsey, Wills and Gibbons, and if Godfrey crowns him it means big money for the "Black Shadow" rather than Harry Wills, who is to receive something like $40,000 for meeting hitless Charley Weinert in the milk fund fight in New York this summer.

• • •

The Berlenbach - McTigue bout in New York tonight is a funny one to figure, with the betting gentry making "Paralyzing Paul" a favorite over the light heavyweight champion.

McTigue is not rated as a great fighter, but any guy who can keep Mickey Walker, the welter king, from sending him on the way to slumberland, is deserving of a better fate than that of underdog in the betting.

If there is any man in the divisions below the heavyweight class who hits like a heavyweight that man is Micky Walker, and with his socking ability he mixes in a boxing skill that many a fighter would be proud to call his own.

Berlenbach may have improved a lot, and he may win the decision over McTigue, or he may knock him out, but unless we miss a long-distance guess Bro. McTigue will still have his lightweight title intact when the skirmish is over.

• • •

Bud Taylor's victory over Abe Goldstein, the ex-bantamweight champion Monday night makes the Terre Haute boy an outstanding candidate for the bantie crown now worn by Philip Rosenberg. Apparently the only thing that kept Bud away from the charmed circle before was his trick right shoulder, which insisted upon leaping away from its moorings on the slightest provocation.

Now that the member has been permanently fixed by Dr. Froelich, the eminent New York surgeon, Bud can be counted on to keep right along in the parade. It is said that the bad shoulder has cost him $70,000 in fights. He pays Dr. Froelich nothing until he wins the bantie crown; then the fee will be $5000.

So Tuesday night when Taylor climbs into the ring to face Jimmy McLarnin, the Northwestern flash, the fans may may have the privilege of gazing on the future bantamweight champion of the world.

And, incidentally, they may be peeking at the next featherweight titye-holder when they see Jimmy in rapid action.

lads who have held the lightweight title.

The complete card: Fidel La Barba vs. Teddy Silva, 118 pounds, ten rounds; Young Datto vs. Frankie Monroe, 126 pounds, six rounds; Alex Trambitis vs. Nick Antonio, 145 pounds, six rounds; Sally Kronick vs. Jack Grande, 140 pounds, four rounds; Angelo Fayo vs. Jack Coombe, 125 pounds, four rounds.

SEALS SLIP SEATTLE SEVENTH SLAPPING

[BY A. P. NIGHT WIRE]

SEATTLE (Wash.) May 28. — Seattle continued its downward slump today when it lost to San Francisco, 6 to 3, for the Indians' seventh straight defeat. With Seattle leading, 3 to 2, the Seals scored four runs on four hits and a sacrifice in the eighth inning. Brick Eldred, Indian right-fielder, continued his hitting streak by getting a double and a single for his thirty-fourth consecutive game he has hit in. Score:

OBSERVATIONS

BY THE INNOCENT BYSTANDER, BILL HENRY

THOSE who are pulling for the Trojans to capture the track and field championship of the I.C.A.A.A.A. had better commence pulling a little extra hard today for the trial heats—which are a terrific drain on the stamina of the Coast athletes—are on tap today. Everything up to and including the half-mile is run in elimination heats and they are so fast that every heat is nothing more nor less than a genuine race. The I.C.A.A.A.A. meet is in every sense of the word the survival of the fittest.

• • •

Trial heats at the big intercollegiate meet are not the same breed of cat as trial heats out here which are usually a mere formality. Every man who competes back there

EDGEWATER SWIM MEET TOMORROW

Big Surf Races to be Feature of Opening Day's Program

Aquatic star of Los Angeles yesterday continued to file applications for entry in the A.A.U. surf swimming meet to be held tomorrow afternoon at the Edgewater Club of Southern California on the beach in front of the new $500,000 club building now under construction at the foot of Pico Boulevard.

Among the first entries received by Ben Thrash, Olympic high-diving champion and swimming coach of the Edgewater Club, who is in charge of the meet, were these talented swimmers and divers:

Sam Kahanamoku, Carlos Schuessler, George Leach, Roberta Middlemas and Viola Hartman, all of the Los Angeles A. C.; Bill Horton, L. A. High School; Wally O'Connor, Reggie Harrison, George Wolfe, Lawson Thurlow, Bill McDonald of the Venice Swimming Association; Bob Sides, Bob French, Edward Smith, Vivian Benardi, Marjorie Lowe of the Hollywood A. C.; Dodie Bluett, Marian Himmilstein, Bob Foster, of the Casa Del Mar; Sarah Swartz, Donald Novis, Whitey Whitington, Harold Novis, of the Pasadena Athletic and Country Club; Vela Kendall, Jr., of the Pasadena High School; Rod Ward, of the California Tech, and Jimmie Yates of the Edgewater Club.

The swimming meet starts at 2 p.m. It consists of four events, 440-yard race for men, 220-yard race for women, 220 race for boys 16 and under and a 220 surfboard race open to all.

Muriel Frances Dana, official mascot of the Shrine conclave and child swimming prodigy, will represent the Ambassador team.

CRACK GYMNASTS IN CLUB MEET TONIGHT

The gymnastic classic of the season, known as the invitational gymnastic championships, will be held tonight in the gymnasium of the Los Angeles Athletic Club, at 8 o'clock. This meet will bring into competition, only those athletes who have won medals in the Southern California and State gym contests this year. There will also be on hand, two national champions, Paul W. Krempel, national gymnastic champion, and David Sharpe, national tumbling champion and youngest title-holder in the United States.

NEW FRONT DRIVE RACER, PILOT

Bennett Hill and the front-drive car built by Harry Miller in his Los Angeles shops which the ex-collegian will attempt to wheel to victory in the great Indianapolis 500-mile speedway classic tomorrow. This is the first time a front-drive car has been entered in the Hoosier race, and its performance will be watched with interest. Harry Miller, the builder, is standing beside the car.

MILTON IS DARK HORSE

Speed Kings at Indianapolis Afraid Tommy Has Something Under His Hood

[EXCLUSIVE DISPATCH]

INDIANAPOLIS, May 28.—Tommy Milton, twice winner of the Indianapolis automobile classic and present leader in the 1925 battle for the A.A.A. championship with 800 points to his credit, leads the field today in feverish trackside speculation concerning Saturday's great speed derby. With practically all of the twenty-four final entries qualified and drivers busy on the last assembly before the start the speedway was a hive of mysterious activity all day and long into the superheated Hoosier evening, and Milton's camp proved the chief enigma.

"Milton, McDonough and other members of the two-team camp worked with doors closed and, despite Tom's comparatively slow qualification speed of 104.36 miles an hour, and apparent trouble with his motor in guarded practice spins, the idea persists that he is concealing something under his hood and is preparing a big surprise for the boys on Decoration Day.

His starting position won in the trial is at the outside of the fourth row, with Duray, in the fastest car turned up to date, De Paolo in his speedy Duesenberg special, and Harry Hartz in what appears to be the swiftest of the Millers, lined up side by side in the coveted first row. Ralph De Palma, another famous starter, who likes to go out in front and gather in the juicy cash lap prizes early in a long race, will have the pole all the way back in the seventh row starting, so the early fight for place is certain to be strung out all along the field. The experts believe that the real speed war in Saturday's race will open with Duray, De Paolo and Earl Cooper out in front after the first-lap prizes and stepping up the pace to well over 100 miles an hour, with De Palma and Milton drawing up on the three leaders in about the tenth lap, while Hartz drives his usually steady race and waits for the speed artists to crack or burn out their new balloon tires. All decks were clear tonight for the world's premier automobile spectacle, and T. E. Myers, speedway manager, announced that the track will be closed to the public tomorrow.

Referee Charles M. Schwab will give the drivers their final instructions at 4 p.m. tomorrow, and the technical committee and other officials will complete arrangements for handling the crowd, estimated at nearly 150,000, safeguarding the drivers, and the thousand and one additional details that go with race day. Capt. Eddie Rickenbacker, who will take the racers over their first lap, reached the track today. Barney Oldfield, Cannonball Baker and a score more of the automobile celebrities are on hand. Arrangements have been made for the biggest Memorial Day demonstration in the history of the track.

TO STAGE NOFZIGER BENEFIT IN JUNE

A first-class entertainment will be staged at the Independent Foresters' Hall, 955 South Olive street, June 11, 1925, for the benefit of Jay Nofziger, by the Southern California Baseball Managers' Association, of which Sheriff William I. Traeger is president.

Several fast boxing bouts, including one between youngsters 5 and 6 years of age, together with a half-dozen vaudeville acts, will comprise the features of this affair. In addition, a famous colored male quartet has been secured. The Pacific Electric Band will render popular selections throughout the evening.

NEW OLYMPIC HEAD

[BY A. P. NIGHT WIRE]

PRAGUE (Czecho-Slovakia) May 28.—Count Henri De Baillett-Latour of Belgium was today elected president of the International Olympic Congress, in session here, succeeding Baron Pierre De Coubertin, who declined to serve longer.

Frisius Wins Mat Title in Pomona Clash

[EXCLUSIVE DISPATCH]

POMONA COLLEGE, CLAREMONT, May 28.—After several hotly contested wrestling bouts in which Pomona College division championships were a stake, four Sagehens came out the victors this afternoon as college champs in four weights.

Clifton Edgar decisively whipped Brackett in the 165-pound division, wiping the mat with the latter and getting an easy fall. Snyder lost to Darwin Hand in the 125-145-pound events by a decision on time. The heavyweight battle was a torrid affair with Frisius, herculean frosh mat mugger, taking a fall out of Munson, his classmate. The latter wasn't quite strong enough to down his hefty opponent.

One of the fastest matches of the afternoon was the Gardner-Katoka bout, which the former won by a fall. Katoka is a slippery grappler, but lacked the strength and speed of his lithe opponent. Gardner's victory makes him champion featherweight of the college. The Wilson-Merrill bout in the 145-155-pound class, was postponed due to illness.

The winners will receive gold fobs bearing the inscription, "Pomona College Champion," in their respective classifications.

LYCEUM TO BE DARK ON DECORATION DAY

Owing to the fact that tomorrow will be Decoration Day and that boxing bouts are not allowed by the State Commission on that day, the Lyceum will be dark. As June 6 falls on the Lyceum's day, that day will be utilized by Promoter Dick Donald for his big fistic carnival at Ascot Park. The Lyceum will not give its next bouts until June 13. When the doors are thrown open again, frequenters of the arena will be pleased to see the place repainted and redecorated and with new seating accommodations.

WESTWARD HO FINALS TO BE PLAYED TODAY

[BY CABLE AND ASSOCIATED PRESS]

WESTWARD HO (England) May 28.—The finals of the British amateur golf championship will be played tomorrow between Robert Harris, a Scotsman from Dundee, and K. F. Bradgley of Warren. The last hope of the Western Hemisphere, J. I. Cruikshank, Argentine champion, fell a victim to Noel Layton at the nineteenth hole in the sixth round. Five Americans were eliminated in earlier rounds.

FRANKIE GENARO GETS DECISION

[BY A. P. NIGHT WIRE]

NEW YORK, May 28.—Frankie Genaro, American flyweight champion, was awarded the judges decision over Harold Smith, Chicago bantam, in a ten-round match at Brooklyn tonight.

Big Bear Course Open to Golfers Decoration Day

The Big Bear Lake Golf and Country Club will open tomorrow—Decoration Day—and offers a pleasant week-end retreat for golfing motorists who wish to spend the holiday week-end in the mountains.

A. E. D. Tarbue, genial manager of the beautiful club, has completed arrangements to care for a record crowd which will probably play the pine-tree studded golf course. The club dining-room has been enlarged and reports of the club cuisine last year promise to carry through the present season.

Motorists to Big Bear are advised to use the City Creek road, although the Mill Creek, Hesperian and the desert road, by way of Victorville are all said to be in very good shape.

INVITE STARS TO ENTER MEET

Pomona Oval Luminaries to Compete June 6

Chesley Unruh Attempts to Set New Record

Special Events for Former Orange County Men

[EXCLUSIVE DISPATCH]

CLAREMONT, May 27.—As an added feature of the Orange county meet to be held at Santa Ana, June 6, several of Pomona's leading members of this year's conference track championship team, have been invited to participate in special events on the afternoon's card.

A Pomona relay team composed of Hugh Pinney, leading Sagehen flash; Knox Finley, a former Santa Ana star; Homer Frisbie, and Capt. Bob Maxwell will enter the four-man 440 relay, running against a picked team from U.S.C., another from Occidental, and also one from Caltech.

Charles Eaton, Pomona's Southern California record holder in the Roman Spear event, will exhibit his nationally recognized prowess in a special javelin event. He hopes to equal or better his record of 193 feet and over.

Capt. Bob Maxwell may run a special hurdles event in an effort to break the Pacific Coast record of 23 6-10 seconds set by him in the low barriers early this season. If a special 100 or 220 is held.

The meet is sponsored especially for all former Orange county school athletes and many well-known stars will be present including Hartranft of Stanford; Spangler, former Oxy ace; Clayes and Finley.

Chesley Unruh, the phenom from El Monte High School is to compete in an attempt to break the world's record for the one-mile run for high schools.

SPAR MEETS CURTIS IN COMPTON BATTLE

Tonight's offering at the Compton American Legion boxing stadium will be a high-class one. Jack Spar, undefeated Coast lightweight battler, will meet Buck Curtis in the eight-round main event. Both boys call Long Beach their home. Spar has won so many fights that he can hardly recall them. He has only lost two in his whole career. Jack has always had trouble getting some one to fight him even when he had a chance to become a star at Vernon.

Young Jargo, the Redondo Beach socker, will clash with Bud Cuglar in the six-round semifinal at 126 pounds. Other bouts: Frankie Boldt vs. Young Alexander, 123 pounds, six rounds; Georgie Lopez vs. Willy Otis, 114 pounds, four rounds, and one curtain raiser bout.

Neitzel Winning at Pasadena

HOLLYWOOD ACE IS TITLE BOUND

Wins Fast Match from L. P. Ferguson, Brentwood

Thompson, Erdman and Max Baer Also Collect

Mixed Foursomes to Close Invitational Sunday

BY W. C. WISE

Earl Neitzel, youthful Hollywood star, shot a flock of birdies to trim L. P. Ferguson, Brentwood, 4 and 3, in the second round play for championship honors in the annual invitation golf tourney at the Pasadena Golf Club yesterday.

Harold Thompson, Glendale, University of Southern California student, shot around Sam Dalzell, hard-hitting San Gabriel southpaw, for a 6 and 4 win and Max Behr, playing par golf from the first tee, defeated S. F. Orlopp, 1 up. C. P. Erdman defeated J. Puryear, 4 and 3, in the fourth match in the first Pasadena flight.

Neitzel had a 35 on the first nine, took after genial Perry Ferguson from the drop of the hat and won the first 4 holes. The Brentwood star, trailing with par golf for most of the holes, pushed Neitzel throughout but was unable to cut into the early lead of the Hollywood ace.

THOMPSON WINS

Harold Thompson trailed Dalzell for several holes and then started to collect on perfect golf and managed to head his experienced opponent—one of the few left-hand golfers credited with hitting a straight ball—and finished well up.

Neitzel has a good chance of trimming Erdman today and if Max Behr should stumble, the Pasadena tournament will bring together two of Los Angeles' coming stars. Both played remarkable golf in the amateur at Los Angeles and both should travel far in golfing circles.

FOURSOMES SUNDAY

Semifinals in all flights will be played today and before tournament players and guests had finished congratulating President McLaughlin upon the success of the present play, they were notified of a special added attraction, the two-ball mixed foursomes that will be played Sunday.

Two-ball foursomes are gaining in popularity and with the Pasadena course in wonderful shape—and a course that has won the hearts of local golfers thrown open to women in competitive play—it looks like a very enjoyable day Sunday.

There were no defalcations yesterday, and according to tourney officials, there will be none today.

FARRELL LEADS GOLFERS

Youthful Professional Plays Perfect Game to Top List in National Open; Ties Course Record

[BY A. P. NIGHT WIRE]

LONG BEACH (N. Y.) May 28.—Playing almost perfect golf against a roistering wind which blew in from the Atlantic, Johnny Farrell, youthful professional of the Quaker Ridge Club, today led sixty-eight second section qualifiers for the national open golf championship at Lido. His round of 70 tied the new record for the course established yesterday by MacDonald Smith of Lakeville.

Farrell's score was one stroke better than the card turned in by the American amateur champion, Bobby Jones, who finished erratically after posting five birdies on the first eleven holes. The long eighteen well-directed drives off the tee which brought the Georgia star along at a brilliant pace during the out journey began to hook into water and sand on the way home and where he had frequently taken his approach putts for birdies on the first nine near the close of the test he was desperately trying to sink the long ones to keep within par.

All the favorites came through today as was the case yesterday. Tommy Harmon of the Hudson River Club and Willie MacFarlane of Oak Ridge, finished behind Jones with 73's, while five players had 74's. They were George Heron of Westbury, N. Y.; George Dernbach of Providence, R. I.; Arthur De Main of Great Neck, N. J.; Leo Diegel of New York and William L. Kline of Garden City.

Yesterday's results with today's pairings follow:

FIRST FLIGHT, STARTING TIME 1:30 P.M.
Max Behr defeated S. F. Orlopp, 1 up.
Harold Thompson defeated Sam Dalzell, 6 and 4.
C. P. Erdman defeated Jess Puryear, 4 and 3.
Earl Neitzel defeated L. Perry Ferguson, 4 and 3.

SECOND FLIGHT
E. E. Combs defeated A. R. McGregor, 4 and 3.
M. L. Rucker defeated Jack Rothwell, 2 and 1.
W. Forrest Cornett defeated Tom Morgan, 4 and 2.
W. A. Gillette defeated E. R. Canterbury, default.

THIRD FLIGHT, STARTING TIME 1 P.M.
H. P. Cole defeated Lee Newton, 1 up.
A. L. Stevenson defeated W. A. Horrell, 1 up.
C. G. Lathrop defeated J. H. Brady, default.
Dr. L. G. Campbell defeated Larry Semon, 1 up, 19th.

FOURTH FLIGHT, STARTING TIME 12:45 P.M.
C. J. Fowler defeated C. R. Douglas, 3 and 2.
L. S. Estle defeated F. G. Richardson, 2 and 1.
A. W. Early defeated P. W. Sisedi, 3 and 2.
C. C. Henry defeated W. T. Biginintz, 1 up.

FIFTH FLIGHT, STARTING TIME 12:30 P.M.
F. R. Richardson defeated Otis Host, 3 and 2.
W. A. Taylor defeated Lozius Paris, 3 and 2.
J. H. Butchart defeated J. S. Perry, 3 and 2.
L. Richy defeated W. J. Shaw, 3 and 1.

SIXTH FLIGHT, STARTING TIME 12:15 P.M.
W. C. Wise defeated Claude Clemens, 1 up.
C. N. Cables defeated E. D. Williams, 3 and 2.
W. J. Johnson defeated T. Roy Townsend, 3 and 2.
W. C. Rae defeated C. W. Beckner, 3 and 2.

SEVENTH FLIGHT, STARTING TIME 12 NOON
C. Barnes defeated D. W. Green, 6 and 5.
C. L. Fentz defeated H. B. Walcher, 4 and 3.
F. C. Stevens defeated Dr. A. Heiman, 2 up.
L. Montgomery defeated O. N. Hardy, 1 up.
Starting times for each flight will be as above, unless otherwise arranged, between contestants.

BOBBY GALLEGE WINS OVER SAMMY LEGGIE

With a packed house on hand the Newsboy's Club put over their weekly boxing show last night. The main event took four rounds to decide and was won by Bobby Gallege, who beat Sammy Leggie. In the semi-wind-up Morris Nathan won decision over Tinio Parro. The rest of the results were as follows: Kid Lee beat Alfred Lopez, Sammy Stein won from Jimmy DeMato, Louis Garcia beat Albert Garcia, Kid DeMatsis beat Billy Bowman, Young Garcia beat Victor Salvaderem, Kid Sito won from Arthur Majica and Fred Covina beat Charkea Galloway.

HEINIE GROH TAKES LEG TREATMENT

Giant's Former Star Third Baseman May be Through With Game Forever

[EXCLUSIVE DISPATCH]

NEW YORK, May 28. — Heinie Groh, star third baseman of the New York Giants, is undergoing treatment for his legs at Rochester, N. Y.

This brief announcement would not mean much in the life of the average ball player, but in this case it probably adds finis to the brilliant career of one of the most pleasing personalities and cleverest third basemen that ever stepped on a baseball diamond.

Groh is getting old and his legs have failed him completely. Just before the world's series last fall they suddenly collapsed and forced his absence from the classic. He has not taken part in a single game this year and it is doubtful if he will ever play again.

Besides being a marvelous player, Groh's fame can be traced directly to his peculiar bat, a short bludgeon in the shape of a bottle, which he originated. The willow is the most famous in baseball. His peculiar stance at the plate also is well known. He stands facing the pitcher, and as the ball is pitched, speedily turns half-way and swings.

NOTICIAS MUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla española, y para beneficio de los lectores americanos de "The Times" que estudien esa lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Buena parte del futuro progreso de Los Angeles, que es la metrópoli de los Estados Unidos que más cercana se halla a territorio latino-americano, habrá de depender de las relaciones que logremos establecer con nuestras hermanas, las repúblicas del sur. Para que lleguen a ser enteramente cordiales, no hay nada tan importante como que nuestros ciudadanos se familiaricen con la lengua castellana. Tan se dan cuenta de este hecho nuestros habitantes, que hay al presente más de 25,000 personas que estudian español en Los Angeles. A ellas les conviene leer todos los días esta columna, en la que encontrarán español correcto y enteramente moderno.

NOTAS TELEGRAFICAS

Noticias de Washington

WASHINGTON, Mayo 28. — Las nuevas señales de actividad reorganizadora entre el partido democrático, dieron pábulo a la especulación de los políticos.

El Presidente Coolidge recibió a bordo del "Mayflower" a los corresponsales de periódicos, cuyo campo de acción es la Casa Blanca.

Las autoridades prohibicionistas han conferenciado sobre la reorganización de aquellas de sus fuerzas que operan en Nueva York y Nueva Jersey.

El señor O. P. Van Sweringen presentó ante la comisión del comercio entre estados los detalles reservados relativos al proyectado fusionamiento del ferrocarril Nickel Plate.

Los jefes del ejército han estado estudiando el efecto que producirá una reducción aun mayor y más importante en los créditos para el ramo militar, sugerida por la Casa Blanca.

Con motivo de las deudas de guerra, se ha vuelto a hablar de que el gobierno de Washington debería en lo adelante examinar con más estricto cuidado la cuestión de los empréstitos americanos a países extranjeros.

Los Barcos de Amundsen Tienen Instrucciones Dejadas por Este

KING'S BAY (Spitzberg) (Radiograma del vapor "Farm") Mayo 28.—A los catorce miembros de la expedición polar, que se quedaron en Spitzberg, se les han dado hoy las instrucciones firmadas que dejó Amundsen para el caso de que no regresase el explorador en el tiempo fijado por su programa de itinerario. En estas instrucciones escritas, dirigidas al comandante del "Farm", en su calidad de jefe del personal de la base, se ordena que los dos barcos adscritos a la expedición deberán esperar catorce días en la proximidad de la isla del Danés y de la isla de Amsterdam. Al terminar ese plazo, deberán dirigirse al norte y hacer cruceros durante cuatro semanas a lo largo de la barrera de hielo.

Estas órdenes significan que Amundsen veía posible que él y su gente regresaran en avión bastante tiempo después de la partida, y parece haber calculado que el retorno, en caso extremo, podía retardarse hasta cinco o seis semanas. La orden de que se recorra la orilla de la barrera de hielo durante cuatro semanas, obedece sin duda a la idea de que los aeroplanos podrían ser abandonados, por falta de combustible, a una distancia no muy grande del extremo septentrional de Spitsberg, y de que, en tal caso, los exploradores tendrían que acabar su viaje a pie. En dicho evento, los buques estarían a la mano para recoger a los viajeros cuando éstos llegaran a la región de los témpanos flotantes y del mar libre.

Guerra sin Cuartel para los Rifeños

PARIS, Mayo 28. — Tienen los franceses un mes de combatir desde que los rifeños iniciaron su ofensiva para apoderarse de Fez, el día 25 de Abril, y en ese tiempo han tenido ya más de 400 muertos las tropas galas—160 blancos y 250 indígenas—35 desaparecidos y 1100 heridos. Esto es lo que dijo hoy Paul Painlevé en la Cámara de Diputados, al defender la política del gobierno en Marruecos.

El Presidente del Consejo y Ministro de la Guerra anunció su propósito de continuar hasta en fin la campaña contra los invasores de Abd-El Krim, y dijo:

"Si Francia rehuyera sus responsabilidades, traería ello por consecuencia el abandono de Fez, Marruecos, Argelia y todas sus posesiones africanas."

Los comunistas le interrumpieron cantando en coro: "A bas la guerre" (Muera la guerra), y el señor Herriot, presidente de la cámara, les ordenó que se callaran. "siquiera por respeto a las familias y a los supervivientes de las tropas muertas al servicio de la Patria."

NOTAS LOCALES

Busca la Policía a una Madre Desaparecida

Ayer se dió parte a la policía de la misteriosa desaparición de la señora Cecil Mulvihill, de 25 años de edad, y madre de tres criaturas. Ni se la ha visto, ni se ha sabido de ella desde la mañana del martes, en que salió de su trabajo en el departamento de guardarropía del "estudio" de Lasky.

Había disfrutado de cabal salud, y se la veía feliz, según informes de su madre, la señora Lena Shreve, de la calle Cincuenta y Dos Este, 1140, y de la señora L. V. Gray, en cuya casa tenían su habitación la desaparecida y dos de sus criaturas.

Cuando se la vió por última vez, la señora Mulvihill gastaba abrigo café, vestido café y verde, y sombrero café. No llevaba dinero, ni ropa de repuesto.

Las pesquisas hechas en los hospitales no dieron ninguna luz, e infructuosa fue igualmente la encuesta hecha entre sus amigos, aquí y en las poblaciones de los alrededores.

La señora Mulvihill se divorció de su marido en Enero. Este, que se llama Ed Mulvihill, ha visitado numerosas ocasiones a sus niños, Leroy, de 7 años; Norden Henry, de 4, y Beatrice Marie, de 3; pero, al decir de la madre de la desaparecida, nunca hizo ni dijo nada el marido que pudiera despertar sospechas contra él en el asunto de la desaparición.

Charlas Infantiles para Chiquillos de Escuela
Número 25

Como te decía ayer (As I told you yesterday), los indios forman una raza especial (the Indians make a special race), que no se encuentra fuera de las Américas (not to be found out of the two Americas). El tiempo americano tiéne rasgos tan suyos como el mongol o el malayo (The American type has features as much its own as those of the Mongolian or the Malay).

Los indios forman la raza que se ha llamado americana, o cobriza, por el calor de cobre mate de su piel (The Indians form the race which has been called American, and has a dull copper-colored skin). Desde hace muchos siglos han habitado el inmenso territorio que se extiende desde la bahía de Hudson hasta el cabo de Hornos (For many centuries they have inhabited the huge territory that extends from Hudson Bay to Cape Horn).

La semana entrante te hablaré de las facciones de los indios (Next week I'll tell you about the face features of the Indians).

BRITAIN HONORS GREGG

[BY CABLE—EXCLUSIVE DISPATCH]

LONDON, May 28. — Announcement was made last night of the appointment of Sir Edward Gregg, former secretary to David Lloyd George, to be Governor of the Kenya Colony, succeeding the late Sir Robert Cornydon. Sir Edward started as an editorial writer on the London Times, and then became assistant editor of the Outlook. Later he became prominent as Mr. Lloyd George's secretary during the Geneva conference.

Genuine "Supernatural" Panama

STYLED FOR YOUNG MEN

Well dressed men are wearing Panama Hats for *Style and Comfort*.

Ask your hatter to show you the Genuine *"Supernatural"* Panama with the natural edges unbound.

You can tell them by our trade mark stamped on the sweatband.

Sold by Foremost Dealers

Manufactured by ECUADORIAN PANAMA HAT CO., New York

DUNLAP HATS

The "Metropolitan" $6

IF THERE is one thing as essential as style in a straw hat, it is comfort. The ideal straw hat is one which rests lightly, yet conforms snugly to the contour of your head.

The new Dunlap "Metropolitan"—with all its correct styling—yields a comfort you've thought possible only in a Panama. Extra rows of finest pliable straw braid inserted into the brim—a patented feature—shape the hat perfectly to your head.

$6

"Desmond's"

The Right-Size Houses and Flats

When buying clothes, you want a fit—or you don't want them at all.

When you rent a house or flat it must "fit" your requirements. You want 3, 4, 5, 6, or 8 rooms—or more—according to your needs.

An exclusive feature of Times Rental Service is that houses and flats are listed **according to number of rooms.** Besides this, they are grouped by districts.

If you are hunting a flat or house, you will readily see why Times Rentals will save you time just as they do for thousands of others.

Times Want Ads

The Los Angeles Times prints more want ads than any other newspaper in the world.

Find War Bonds Buried in Can in Cabin Floor

[EXCLUSIVE DISPATCH]

SAN BERNARDINO, May 28.—Out of the desert comes another story of mystery, baring the life habits of one of the desert's eccentric characters.

In a tin can buried in the earthen floor of the cabin of the late David M. Bowman, a miner killed in an accident four years ago, $3000 in British war bonds were found yesterday by Miss Anna Jackson of Pasadena, one of the heirs of Bowman's estate, and Coroner J. B. Hanna.

It was Miss Jackson's persistency that led to the discovery of the bonds.

Bowman, 54 years of age, and a native of Scotland, was the placer miner who twelve years ago gained distinction by his discovery of the largest gold nugget ever taken in Southern California. He cashed the nugget for $2000. In December Bowman was killed in a cave-in accident in the Coolgardie mining district, twenty-five miles north of Barstow.

Miss Jackson and a sister in Scotland were named as heirs. At the inquest nothing of value was listed in Bowman's estate. Learning that Bowman was a queer character, doubtful of the honesty of others, and fearing financial losses by dealing with banks, Miss Jackson began a search for treasure. She searched the cabin in vain. Convinced that Bowman's life savings were in or near the cabin, she returned with Coroner Hanna yesterday and in digging in the earthen floor she found the tin can with its wealth.

KHJ KIDDIES AT ORANGE SHOW

Talented Youngsters to Make Second Appearance at Exposition

[LOCAL CORRESPONDENCE]

ANAHEIM, May 28. — Radio children from KHJ are scheduled as the feature of the Children's Day program at the California Valencia Orange Show, Anaheim tomorrw, the return of these popular favorites of Radioland having been arranged in response to the insistent demand created by their children's hour program at the Orange Show last Monday.

Among those who are expected to appear on tomorrow's program are Dicky Brandon, Sir Richard Headrick, Baby Muriel Winslow, Micky McBan, Joyce Coad, Henrietta Poland, Billy Lord, Vondelle Darr, Sunny Jane Hughes and Viola Von. Vyolon Von and Lillian Crowel are also scheduled to appear on the Saturday program, repeating their interpretation of the Parisian Apache dance — an interpretation that has already attracted much attention on previous programs at the Orange Show.

Today was Farm Bureau Day with demonstrations by representatives from the Orange County Farm Bureau. Tomorrow will be Masonic Day with the presentation of the key to the city of Anaheim and to the Orange Show by Harry D. Riley, president of the Anaheim Chamber of Commerce.

Monday the California Valencia Orange Show will wind up its fifth annual exposition with a mammoth bathing beauty parade and contest for the selection of "Miss Valencia."

SIEZE BIGGEST STILL IN RAID AT ANAHEIM

[LOCAL CORRESPONDENCE]

ANAHEIM, May 28. — Seizure of a complete bootlegging plant, the largest ever found in northern Orange county, and the arrest of its owner, Walter Wilson of Los Angeles, was accomplished in a raid conducted by local officers last night on a ranch residence east of the city.

Wilson, when arraigned in local court today, pleaded guilty to charges of manufacturing and possession of liquor and was fined $500 or ordered to serve 500 days in the County Jail. He was attempting to raise the money today.

Mission Beach Opens Resort for Summer Season

[EXCLUSIVE DISPATCH]

SAN DIEGO, May 28.—The summer season will be inaugurated tomorrow night with the dedication of the Mission Beach amusement center, a new seaside playground, the construction of which has been one of the biggest projects here in recent years.

Gov. Richardson, invited as the special guest of John D. Spreckels, telegraphed his inability to be present, owing to the presence of State business, and he has designated State Senator Ed P. Sample to represent him. The dedicatory address at tomorrow night's celebration will be delivered by Sample.

Dedication of the Mission Beach playground will be San Diego's first contribution to the State-wide celebration of the seventy-fifth anniversary of California's admission to Statehood. The festivities in connection with the dedication will extend over Sunday, when several thousand eastern Shriners, en route to the convention in Los Angeles, stop off here. Local Shriners have made extensive preparations for the reception and entertainment of the visitors at Mission Beach.

With Sunday preceded by a Saturday holiday, large numbers of visitors are expected from up-State and interior points.

Redlands Makes Fine Showing in Debate Contests

[LOCAL CORRESPONDENCE]

REDLANDS, May 28.—The longest debate season in the history of the University of Redlands, and probably the most successful, came to a close last night when the debating team of the freshman class defeated the freshman team of Pomona College by a 3-to-0 decision.

The season was successful because the varsity debaters, both boys and girls, won the Southern California championship and also won three out of four intersectional debates. The freshman team finished second in the southern conference, having lost one debate, that to the University of California at Los Angeles.

Prof. E. R. Nichols, who has been the debate coach for several years and whose debaters have won consistently, is given a leave of absence by his university and will leave soon for Oxford University in England, where he will spend a year in advanced work.

LEGION PRESENTS FLAG TO KIWANIS

[EXCLUSIVE DISPATCH]

HANFORD, May 28. — A large American flag presented by Hanford Post of the American Legion of this city to the local Kiwanis Club was accepted yesterday at the club luncheon and will occupy a post of honor. The next speaker before the club will be Buron R. Fitts, formerly State Commander of the Legion, who will tell what the order has done and is doing for wounded soldiers, discuss rehabilitation work and the proposed founding of a $5,000,000 home for war orphans and disabled soldiers.

The local Legion will, on Flag Day, lay the corner-stone of the handsome club rooms Kings county has built for it, which building is now nearing completion.

FACES SERIOUS CHARGES

[EXCLUSIVE DISPATCH]

BAKERSFIELD, May 28.—R. I. Branch, released on $5000 bail following his arrest on a statutory charge after an asserted automobile trip nearly across the United States with two Fruitvale girls and 16-year-old Louis Dwight, was placed in the County Jail again yesterday afternoon on two additional charges sworn to by Mrs. W. Dwight. The warrant upon which Branch was arrested charges him with contributing to the delinquency of a minor.

Branch now faces the more serious statutory charges besides the two sworn out by Mrs. Dwight.

Police Seek to Put an End to Reign of Terror

[EXCLUSIVE DISPATCH]

ONTARIO, May 28.—The police department was today called upon to investigate an asserted campaign of terror which Mrs. W. C. Lookingbill, a widow, believes has been instituted in an effort to frighten her away from her ranch home at 250 South Benson avenue.

According to Mrs. Lookingbill, many shots have been fired in mysterious night attacks upon her house, and she and her daughter and young son are so terrorized that they fear to remain on the property.

Officers have been called to the place on several occasions, but have never been able to find trace of the marauders which Mrs. Lookingbill described. Last night, when Traffic Officer William Hammond and Patrolman Albert Moyer responded to a call, they were greeted by a volley of shots as their motor car approached the house. Later Mrs. Lookingbill explained that she had fired an automatic revolver from the window when the headlights of the police car revealed two men across the street, one with a shotgun and the other with a revolver.

Mrs. Lookingbill asserts that she was similarly annoyed some six months ago, but was not molested for several months until a few weeks ago, when the asserted campaign of terror was renewed. On one occasion recently, according to the widow, two motor-car loads of men visited her home in the dead of night.

FLOCK TO VICTORVILLE

Crowds Fill Desert Town For Annual Rodeo

[LOCAL CORRESPONDENCE]

VICTORVILLE, May 28.—Plans for the entertainment of 10,000 persons have been completed here by the Legion and other civic bodies in preparation for the fourth annual American Legion rodeo to be held here next Saturday and Sunday afternoons, May 30 and 31. Already the town is beginning to fill with riders and ropers, while the auto camp is packed with tourists of the National Old Trail, stopping over to see the two-day program of Western sports.

The progmar includes bull-riding, calf-roping, trick riding, cowgirls' pony-express relay, Roman races, bull-dogging, clown stunts, amplonship bronco-riding, lady trick riding and kindred features. Judges for the day have been named as follows: Buford Wright, John Talmadge and William Shay, with Jack Hoxie, film star, as honorary judge.

One of the latest groups of riders to enter consists of seven cowboys from Yucca, Ariz., who, through Art Heath, big cattleman, declare that the honors will go back with them to California's neighbor State.

WORK FOR CHARITY

Community Shop Donates Fine Sum at Redlands

[LOCAL CORRESPONDENCE]

REDLANDS, May 28. — The Community Shop, which for several years has been conducted by the society women of Redlands, showed a total in receipts of $2191.43 during the past year. This amount was given to the Associated Charities and to the Day Nursery to further work.

The articles which are sold in the shop are cotributed, all the expenses are borne by a generous friend. The persons who conduct the sales donate their time and efforts, so that every cent taken in is turned over to the charities.

At the annual meeting today E. M. Cope was elected president; S. R. Hotchkiss, secretary, and J. H. Logie, treasurer. Mrs. A. S. Auchincloss is manager, and Mrs. Eric Williams, assistant. The directors are the officers and D. G. MacDonald, Mrs. A. G. Hubbard, Mrs. Ellen Gamble, Mrs. D. C. Lefferts, Mrs. Frederick Harley, Mrs. L. L. Moore and Mrs. Louise Herold.

FIND OLD CORNER-STONE

Workmen on Glendale Edifice Bring to Light Relic of City's Early Days

[LOCAL CORRESPONDENCE]

GLENDALE, May 28.—Workmen engaged in the construction of the new Baptist Church, which is being erected immediately adjacent to the present building on California and Louise streets, uncovered the corner-stone of the old church that was laid in place on April 13, 1913, and turned it over to the pastor, Rev. Ernest E. Ford.

The hermetically sealed case that had been inclosed in the corner-stone contained records of the organization of the congregation since it was first organized in 1904 by eighteen members of the denomination, lists of the church members when the present church was started, copies of the Glendale newspapers of 1913, and calendars of the church and of its various organizations.

Rev. Eugene Haines, pastor in charge when the church was built in 1913, has now retired from the active work of the ministry and resides at 312 East Dryden street. In the six years that Rev. Ford has been pastor he has seen the church grow from a membership of 165 in 1913 to 826 today, with a $150,000 church building project under way and with more than half of the funds required for the building subscribed and collected.

The newspapers that were inclosed in the corner-stone told of the Glendale municipal election of 1912, at which a movement to permit poolrooms in Glendale was decisively beaten by a vote of 793 to 333, the total vote for the four precincts into which the city was divided then amounting to 1333 persons.

Cherry Crop is Ripe and Prime, Say Beaumonters

[LOCAL CORRESPONDENCE]

BEAUMONT, May 28. — More than five tons of the finest cherries grown in California were harvested this week and placed on display in readiness for Beaumont's seventh annual cherry festival which will be held Saturday and Sunday.

According to Monte Chubb, one of the largest fruit growers of the valley and chairman of the festival committee, this season's cherry crop is the largest in the history of Beaumont and visitors who attend the two-day celebration will not only be assured of all the cherries they can eat, but may secure an ample supply to take home.

Final preparations for the huge Spanish barbecue which is designed to feed 10,000 persons, was completed at a meeting of the growers held last night and no detail has been overlooked in preparing a genuine feast in addition to the score of entertainment features, according to Chubb.

The celebration will open Saturday morning with a free automobile tour conducted through a number of the larger orchards where trees more than thirty-five years old are producing their record crop this year.

Saturday noon the visitors will be the guests of the Beaumont Woman's Club for luncheon and the afternoon will be filled with vaudeville stunts, a continuous dance and the judging and awarding of $1000 in cash prizes for the best fruit displayed at the Fruit Growers' Association packinghouse.

Pomona Police Start War on Transit Booze

[EXCLUSIVE DISPATCH]

POMONA, May 28.—Putting into effect the policy of Pomona's new Chief of Police, I. B. English, to curtail liquor traffic through Pomona, police arrested J. E. Ward and J. B. Gerhart, both of Calapatria, and seized fifty gallons of assorted liquor.

The two men are held in the City Jail charged with the possession and transportation of liquor. They will appear before Judge Bowen for trial at the regular court session this week.

After stopping the coupe the men were riding in, police searched the auto and found liquor in the rear compartment. It was contained in ten five-gallon tin cans similar to those used for lubricating oil.

Chief English today declared that he felt that much liquor had been carried through the city and that members of his force will stage active warfare from now on against those engaged in the traffic.

ENTERTAIN SECRETARY

Member of President's Cabinet Comes to San Joaquin

[EXCLUSIVE DISPATCH]

BAKERSFIELD, May 28.—Harvey Kilburn, manager of the Herbert Hoover farm as Wasco verified the report today that William Jardine, Secretary of Agriculture, will visit here June 16. This information was obtained, said Mr. Kilburn, from Ralph Merritt, of the Sun-Maid Raisin Growers' Association.

Mr. Kilburn assumes that the Secretary will spend June 17 at the big ranch. On the morning of the 18th he is expected to inspect the government experimental farm at Shafter, in charge of W. C. Camp, noted cotton expert.

Completing the inspection of the experimental farm, the Secretary is expected to motor to Fresno where he will attend a luncheon in his honor given by the advisory council and board of directors of the Sun-Maid Raisin Growers' Association.

OFFICERS INVESTIGATE

Wounding of Man In San Diego Hotel Reported to Police

[EXCLUSIVE DISPATCH]

SAN DIEGO, May 28. — C. M. Rathman, a rancher of Palo Verde Valley, was found in a hotel room here seriously wounded today, and police have started an investigation to determine the cause. Rathman was shot in the head and chest. Circumstances surrounding a deal involving the transfer of a 116-acre ranch near Riverside have attracted the attention of the District Attorney's office. It was said Rathman was about to acquire the hotel, where he had been staying, and where he was found wounded. Rathman is reported to be wealthy, and has two sons, Charles and William Rathman, living at 7700 Howard street, Chicago, Ill.

ESCPAES IN CAVE-IN

[LOCAL CORRESPONDENCE]

REDONDO BEACH, May 28.—Charles Girard, 27 years of age, an employee of the city, was treated at the Receiving Hospital early today for injuries which he received when buried beneath a ten-foot cave-in while working on a sewer excavation on Beryl street. The coarse adobe soil aided the rescue work and the imprisoned man escaped with a broken leg and minor injuries.

SUIT ENDS LOVE DREAM OF BANKER

Bride of a Year Leaves Home of Prominent Society Man of Upland

[EXCLUSIVE DISPATCH]

UPLAND, May 28.—Upland society was agog today over the filing of suit for divorce by Margaret Reynolds Barr, bride of a year of Allan Stone Barr, prominent young Upland banker and son of Mr. and Mrs. Charles V. Barr, 235 Euclid avenue.

Synonymous with the filing of her suit, in which she charges mental cruelty and humiliation, Mrs. Barr, accompanied by her aunt, Miss Annie Lee Reynolds, departed for her former home in Asheville, N. C.

The couple were married in Lynchburg, Va., on April 3, 1924, and on their arrival here were welcomed into Upland society at a large reception given by the parents of the bridegroom and were otherwise much feted. Mrs. Barr is the possessor of a soprano voice of unusual quality and has been prominent in musical circles since her arrival here. She was also active in club and welfare work and for the past several months has served as chairman of the entertainment committee of the San Antonio Community Hospital Woman's Auxiliary. She, for some time, served as director of the choir of the First Presbyterian Church.

Mr. Barr met his wife four years ago, when she appeared as one of the artists on a Chautauqua program here sponsored by the Upland post of the American Legion, the young banker being a member of the Legion committee in charge. The acquaintance thus begun was continued by correspondence and culminated in the marriage a year ago. Mrs. Barr is said to be a member of a prominent old southern family. She is represented in her divorce action by Attorney Archie D. Mitchell of Ontario.

Girl Aged Six Saves Swimmer From Drowning

[EXCLUSIVE DISPATCH]

HUNTINGTON BEACH, May 28. Lucille Ogden, 6-year-old swimming star, was a heroine here today. Yesterday afternoon the diminutive swimmer jumped from the edge of the plunge and rescued an 8-year-old girl, whose name was not learned, from the deep water.

The feat was performed unaided. Only three persons were in the plunge at the time, the other being the unidentified girl's mother, who was at the other end of the plunge at the time of the rescue.

"You ought to know better than to get out in this deep water," the tiny swimmer told the older and larger girl when she had brought her safely to the side of the tank. Miss Ogden, whose mother is cashier at the plunge, has been swimming since she was slightly more than 3 years of age.

HIGH SCHOOL PLAYERS PRESENT PRIZE PLAY

[LOCAL CORRESPONDENCE]

SOUTH PASADENA, May 28.—Fifteen hundred persons are expected to witness the production of "the Piper," Josephine Preston Peabody's $10,000 prize play, which will be presented tomorrow night in Garfield Park by members of the oral expression class of the South Pasadena High School under the direction of Mrs. S. Balcomb.

The pageant is being presented for the benefit of the scholarship fund of the local high school which each year aids some worthy student in completing his course, and will be one of the largest charity affairs ever held in this city. The park will be especially lighted for the occasion and some unusual effects will be obtained in the natural outdoor theater. Richard Headrick, popular child actor, will be included in the large cast of characters.

TULARE VALENCIAS EASTERN FAVORITES

[EXCLUSIVE DISPATCH]

PORTERVILLE, May 28. — Tulare county Valencias, grown in Porterville district, have dominated the eastern markets during the entire season, average prices being higher than $6 and the peak $8.50. The Mt. Whitney brand of the Tule River packing-house has brought as high as $8.20 this week, more than extra fancies of other brands.

Valencias of Porterville district took sweepstakes at the Anaheim Valencia Orange Show. A fair profit is said to be received at around $6 per box, hence sales of $6 to $8.50 are source of much elation here.

INJURY FATAL TO SAN BERNARDINO EDITOR

[EXCLUSIVE DISPATCH]

SAN BERNARDINO, May 28. — Franklin H. Day, of the San Bernardine Sun editorial staff, died early this morning at the Ramona Hospital after surgeons had performed a delicate operation on his brain to relieve a pressure caused by a fracture of the skull. Day was seriously injured when an automobile in which he and E. E. Eckrote, another employee of the Sun, were riding turned over on the highway near Corona early Tuesday morning. Eckrote was uninjured.

JUDGE BULLOCK TALKS TO LIONS

[EXCLUSIVE DISPATCH]

SAN BERNARDINO, May 28. — Georgia La Bullock, Los Angeles' only woman police judge and, she said, one of the six women in the United States on the bench, talked before the Lions' Club today. She told humorously of her experiences on the police court bench, of threats against her life and then of the seriousness of her work in handling the troubles of humanity, mostly the unfortunates. She likes her work, she said, and aspires to higher judicial honors.

Mysterious Fire Destroys Store in Crown City

By a "Times" Staff Correspondent

PASADENA, May 28. — Fire which last night swept the stockroom of the Cut Rate Shoe Store, 30 West Colorado street, destroying a large quantity of shoes, will be investigated by Federal authorities because of the mysterious circumstances surrounding the case, it was announced here today.

Because of the unusual developments in the case today, Fire Chief Ernest F. Coop made the announcement that he could find no reasonable cause for the fire and would call upon the national board at San Francisco to send their investigator here.

"The peculiar circumstances of the fire as discovered by the firemen were that although firemen arrived at the blaze within a few minutes after the alarm was sent in, the flames had reached such intensity that the heart of the stockroom, in which the majority of shoes were kept, was completely burned, the goods were heavily insured and the store had already announced intentions of closing up; and that the alarm was turned in when the majority of firemen were attending a ball at the Hotel Maryland.

Benjamin Fireman, proprietor of the shoe store, asserts that he was working in the store until about fifteen minutes before the blaze was discovered at 11 p.m. He estimates the damage to his stock at $7500. Fire Inspector W. F. Beck estimates the damage at $1000. Insurance is carried on the stock to the extent of $5000.

CLUBS COMBINE TO HONOR SOLDIER DEAD

[LOCAL CORRESPONDENCE]

WHITTIER, May 28.—Seven organizations of the city will combine on the programs to be presented on Memorial Day, and the business houses and banks will be closed.

The ceremony of decorating the graves will be observed during the morning, a dinner will be served at noon by the Woman's Relief Corps and memorial services will be conducted in the auditorium of the high school during the afternoon.

Speakers for the occasion will be Col. L. Schofield, a Civil War veteran; Earl Chapman, member of the teaching staff of the high school; Rev. T. W. Ringland of the United Brethren Church; Rev. John Oliver of the First Methodist Church, and Rev. C. E. Hanna of the United Presbyterian Church will all have parts on the programs.

ADVENTISTS GATHER AT SUMMER MEETING

[EXCLUSIVE DISPATCH]

HANFORD, May 28. — There is a big white city at the Kings County Fair Grounds near Hanford where the Seventh Day Adventists of the San Joaquin Valley today begin their annual camp meeting under canvas. Numerous persons of that faith, and their pastors, are present from all parts of the valley. The camp has its grocery store, postoffice, book store and other accomodations. Among prominent visiting clergymen are Secretary Meyer of the General Conference, Washington; Elder Boettcher, of Clinton, Mo.; Elder McElhaney, president of the Pacific Union Conference, Los Angeles, and Elders Voth, Painter and Ruble of Glendale.

OBSERVE MEMORIAL DAY

[LOCAL CORRESPONDENCE]

MAYWOOD, May 28.—The American Legion Post of this city will observe Memorial Day with a parade to be given at 10 o'clock in the morning. At 10:45 a program is to be given at the Egyptian Theater. Rev. S. S. Sampson of Huntington Park will deliver the principal address.

PREACH GOSPEL OF STATE UNITY

Development Association in Annual Meet

Directors Discuss Future of California

Co-ordination of Interests is Greatest Need

[EXCLUSIVE DISPATCH]

SANTA BARBARA, May 28.—Members of the board of directors of the California Development Association held their annual meeting here today, with President R. B. Hale of San Francisco, Ralph P. Merritt, president of the Sun-Maid Raisin Growers' Association of Fresno, and William May Garland of Los Angeles, former president of the National Association of Real Estate Boards, as principal speakers.

The members met in executive session in the morning, after which a joint luncheon with the Santa Barbara Chamber of Commerce was held in the Arlington Hotel, owned by A. L. Richmond, a member of the board.

President Hale responded to the request of the Santa Barbara chamber representatives by explaining the work, which the association has done in the past and now is doing.

"We are a State organization representing all fields of industry," he began. "The association is not exactly a State Chamber of Commerce, and again it is because our great agricultural resources must speak through commerce, without which there would be no agriculture."

"I believe our greatest achievement lies in the fact that we have co-ordinated the work of industrial and civic bodies throughout the State, have made them work as one. It is State work, and must be done collectively. As an example I might cite that this is 1925 California festival year, and every faction in the State is working with its brother factions to make it the greatest attraction that united California has ever offered."

Mr. Merritt whose work in placing California raisin growers in a solvent state has gained him nation-wide fame, sounded an optimistic note for the future.

"It is highly important that we should feel that the future is bright," he declared. "Today we face a number of problems, but when we face the facts back of them we find there really is nothing to worry us. California is about to finish the greatest laboratory problem ever faced in the nation's industrial history. I believe we soon are to demonstrate how the people of an entire community can shift its point of view and meet this great economic problem of overproduction, especially in the San Joaquin Valley."

"It was a tremendous mistake we made there two years ago, but thank the Lord we figured it out for ourselves. We didn't run to the government for subsidies—the people of California don't do that. This season there will be 75,000 cars of fresh grapes and 20,000 cars of other fresh fruits shipped out of the State and we have every reason to believe they will be profitable. It means that California common sense has prevailed."

Mr. Garland outlined the work of the board, as did President Hale, urging the members to a closer co-operation throughout the State.

"There is no rivalry. We are Californians together," he told them. "We are all working to give California a better name, and to make it better place in which to live."

GLENDALE TAX RATE SLIGHTLY HIGHER

Extraordinary Expenditures Call for Large Sums of Money

[LOCAL CORRESPONDENCE]

GLENDALE, May 28.—The budget for the fiscal year 1925-26, that was presented to the Glendale City Council today by City Manager Virgil B. Stone, calls for expenditures of $468,417.43 and an estimated revenue of $428,200, and will, when adopted, fix the tax rate for the ensuing year at $1.23, as compared with $1.11 for the fiscal year of 1924-25.

The increase in the tax rate is due to the amount to be levied to meet the sewer bonds that were voted early in 1924, the levy for the purpose being .18. Had it not been for this item the Glendale tax rate for the coming fiscal year would have been $1.05, or .06 lower than that of last year.

The budget figures are based on an assessed property valuation of $52,000,000, an advance of $5,000,000 over the $47,000,000 valuation of last year, when the total expenditures were placed at $474,100. On account of reductions that have been made in a number of sources of the city's income, the amount to be raised by taxation this year will be $410,000, as against $365,000 last year.

The city park system calls for heavier expenditures in the coming year, largely because of one item of $18,500 that has been introduced to put the recently acquired Brand Park of 300 acres in proper shape for use. The fire department also calls for a large increase on account of the additions to the personnel and to the erection of another fire station. The Council will take up the budget in committee of the whole and as soon as possible will set a date for hearing any discussion on it by citizens of Glendale.

SMALL BOY INJURED

[EXCLUSIVE DISPATCH]

HANFORD, May 28.—Harold Berg, 6 year-old son of Prof. Berg, musical director at the Hanford High School, suffered a broken leg and was badly bruised when an automobile driven by W. R. Johnson, ran over him. The accident happened near the entrance of the Woodrow Wilson school, just before school opened. Confused by numerous passing cars, the boy ran in front of the car and was run down.

A CHUCKLE FOR EVERYBOD

LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs," consisting of the fifteen best jokes submitted by local people. Weekly prizes are paid of $5, $3, $2, and twelve of $1 each. A list of theaters showing the film, together with rules for submitting jokes, are given daily in a coupon in The Times. Prize-winning jokes, and names and addresses of winners, appear only on the screen. Jokes receiving honorable mention will be given a place of honor on The Times comic page each week-day, and each of these contributors will receive a souvenir of acknowledgment.

Smart man to conductor, on boarding car: "Well, Noah—is the ark full?"

"Yes, all but the jackass—come on in."

E. Wood, Box 13-R-4, Pasadena.

"You may marry my daughter on one condition only."

"What is'that?"

"Giving her all she desires."

"Thanks—she said all she desired was me."

H. H. Wildman, 2803 W. 7th st. City.

"Why did she give you onions?"

"So I wouldn't breathe it to a soul."

Mr. John Goslin, 1322 E. Yosemite, City.

"That's a fine suit you are wearing. Will you give me the address of your tailor?"

"Yes, providing you don't give him mine."

P. Richards, 174 N. Shaffer, Orange.

Policeman: Did that car hit this woman?

"No, it slowed up for her to pass and she fainted."

M. Barthold, 432 North Normandie avenue, city.

"Child, listen, and I'll read about heaven."

"I don't want to hear about it, mother. I'd rather wait and be surprised."

C. A. Linderer, 1222 Beachwood, Hollywood.

FINANCIAL

BUSINESS — COMMERCE

COFFEE PRICES IN BIG ADVANCE

Reduced Consumption Cause of Recent Decline

Is Second in Importance of Pacific Coast Imports

Make Effort to Bring More to Los Angeles Port

Coffee, fourth in importance among imports in the United States and second in importance on the Pacific Coast, has apparently recovered from the decline in prices of the past few months. Since the middle of the month various brands of coffee have advanced from 3 to 5 cents, and indications point to further advances, according to A. P. Lazarus, secretary-treasurer of Newmark Brothers, Los Angeles importers.

Until soon after the first of the year, the coffee market had been steadily advancing since the spring of 1922. The advance was greatly accelerated in July, last, during the revolution, in Brazil, and for the time being disjointed the commerce in that commodity.

BUYERS' STRIKE

February, last, there developed a mild buyers' strike, a protest against the high prices of coffee. This led to a decline in consumption, which was promptly felt by the coffee roasters in the United States. The decline in consumption for the first four months of this year compared with the same period last year, varied from a minimum of 3 per cent in Texas to a minimum of 36 per cent in the Lake Erie region. This decline in buying caused coffee roasters to permit stocks to reach the lowest possible point consistent with output.

In the forepart of May the stock of coffee in roasters' hands and on the shelves of retail grocers had dwindled to approximately the equivalent of 1,500,000 bags. Under ordinary conditions the supply was the equivalent of 5,000,000 bags. The stocks in primary warehouses of coffee importing centers early in May amounted to approximately 500,000 bags. There are 2,000,000 bags stored in warehouses in Santos, the principal exporting city in Brazil.

Since there is normally consumed in the United States approximately 1,000,000 bags of coffee a month, the total stock in this country had dwindled to a point where there was only sufficient on hand for the requirements of two months. Naturally this situation brought about an extremely sensitive market condition and when resumption of buying began the middle of this month, prices advanced, until some brands are selling more than 5 cents higher.

IMPORTANT IMPORT

Coffee, in point of value, is one of the most important commodities imported into the United States, and especially is this true on the Pacific Coast. Coffee is becoming a more important import of Southern California year after year, and Los Angeles Harbor is the first port of call for vessels bringing coffee from the growing countries along the west coast of South and Central America. More efforts are being made to bring more coffee to Los Angeles Harbor, not only for the requirements of Southern California, but for trans-shipment to the mid-continent markets as well.

"Will consumers have to pay more or less for this commodity in the future is the important question," Mr. Lazarus said. "If the market has a sustained upward trend, undoubtedly prices to the consumer will have to be revised higher. If, on the other hand, the present rise is only temporary, it is unlikely that prices to consumers will be very greatly changed.

"The declines in coffee prices that have occurred periodically in the past few months, have been influenced by declining primary markets, and the influences have suddenly undergone a complete reversal of sentiment. This, while not effecting the immediate trend of prices in so far as consumers are concerned, is yet fraught with possibilities which are dependent upon future market conditions."

DEPOSITORS GET SLICE

[EXCLUSIVE DISPATCH]

WINSLOW (Ariz.) May 28.—J. S. Dodson, receiver for the State Banking Department, has mailed checks for $70,532 to creditors of the bankrupt Bank of Winslow. This is a dividend of 10 per cent to 1805 accounts. Gross claims approved aggregate $793,742. Preferred claims already paid aggregate $46,867.

BAD CHECKS

The following bulletin on bad-check writing was issued yesterday by the forgery detail of the Los Angeles police department detective bureau:

Main Art Stone and Tile Company, located at 4128 South Main street, reports the loss of one of their check books. This check book was stolen in a burglary of their office, and was used in drawing checks against their account at the Citizens' Trust and Savings Bank, Los Angeles, Cal., Moneta avenue and Fifty-fourth street branch.

The suspect in this burglary is a man described as: Dark hair and eyes, fair complexion, 5 feet, 10 inches; 165 pounds, 27 to 30 years, medium build, and his wife described as a blond, not very tall, brown eyes light complexion, usually has a child with her.

FOREIGN STEEL MILLS LOSE

Pacific Coast Fabricators Favor Domestic Product; Pig Iron Supplied from Provo Furnaces

BY EARLE E. CROWE

As far as the Pacific Coast is concerned, the fears of the alarmists who prophesied an inundation of foreign steel are groundless. The foreign mills are making a strong bid for the American market as was expected after the signing of the Dawes pact, but on this Coast at least their progress has been negligible. Fabricators and rolling mill companies even go so far as to assert that the importation of foreign structural shapes and plates is showing a noticeable decrease.

To explain the successful resistance on the Pacific Coast of the products of the Belgian, English, Dutch, French and German mills is to go back to the organization a few months ago of the Structural Steel Institute of California, a branch of the American Institute of Steel Construction. Practically all of the major fabricating plants and steel mills on the Coast are members, and as a group they adopted a policy to favor domestic rolled steel wherever possible.

IMPORTS DECLINE

Through the maintenance of this position by the large fabricators, domestic steel holds the dominant position in this market. H. W. Christensen of the Llewellyn Iron Works, who has been following the situation closely, said yesterday that less than one-half of 1 per cent of the structural shapes and plates used on this Coast is imported.

Obviously, it has not been an easy course for the fabricators to follow. Foreign steel products are offered here at prices ranging from $4 to $9 a ton under the domestic quotations, and in a few instances, some of the smaller mills have purchased at these prices. But the steel institute has plenty of arguments to substantiate its policy.

Of first importance, the steel men point out that the foreign product is not always uniform in quality and size. They are not holding the foreign mills culpable in this respect, for it is recognized that the Europeans know that the American market is only open temporarily to them, and the task is to sell as much tonnage as possible at cheap prices. Foreign mills expect their own business to occupy the greater portion of plant capacity in the near future, and so no particular effort is necessary to retain the good will of the American buyers. In following this course of action, the foreign mills are taking a page from the record of American exporters, who have been notably lax in conforming to the requirements of buyers in other countries.

FOREIGN WAGES LESS

In their policy the Pacific Coast fabricators are also motivated by the position of the steel workers. If the steel plants were to attempt competition with the foreign mills, a drastic lowering of the wage scale would be necessary, and this is an action that the steel industry strongly opposes. Foreign plants are able to sell in this market cheaper than the domestic companies because wages on the average in Europe are approximately $1.55 a day in gold for skilled artisans. American steel workers are paid an hourly wage ranging from 50 cents to $1, including both skilled and unskilled employees.

Another element is the time requirement for the shipment of products to this Coast. It is estimated that from ninety to 120 days are necessary for shipments, while domestic mills fill orders in approximately thirty days.

For an entirely different reason, foreign pig iron is also meeting with an unresponsive reception in this market. Since the blast furnaces of the Colombia Steel Company were blown in at Provo, Utah, about a year ago, the foreign iron imports have dropped off to a relatively small tonnage. The Colombia pig iron is sold to about 90 per cent of the foundries in the Western States, and has the reputation of superior quality over the greater proportion of the European output. The Scotch furnaces produce a similar product.

IRON DEMAND SUPPLIED

The entrance of the Colombia Steel Company into the pig iron business, together with the plans of the Pacific Coast Steel Company for the erection of blast furnaces at Long Beach, has contributed an important step in the economic advancement of the Pacific States. Pig iron for the manufacture of rolled steel has been supplied by foreign producers in a haphazard fashion, and the development of the steel business consequently retarded. Now the manufacturers are assured of a steady supply, and the Pacific region is no longer dependent on the resources of other sections of the United States and of foreign countries.

In seven western States, there are more than 300 iron foundries, all of which are using mainly the pig iron from the Provo furnaces. Of this number, 217 are in California.

Foreign producers, however, are still dominant in the cast iron pipe market. Probably the great portion of the tonnage used here comes from the European exporters, principally in Belgium.

In the first quarter of this year, imports of foreign steel products through Los Angeles Harbor totaled 7342 tons, valued at $199,693. The shipments consisted of cast iron pipe, steel rails, bars, shapes, tubing, plates and window casements. Points of origin were chiefly The Hague, Antwerp, Brussels, Birmingham, Rotterdam, Luxemborg and France. Bar iron came from Stockholm and Sandviken in Sweden, and some pig iron came from Calcutta.

WHO'S WHO

William L. Moore, president of the Peoples' Bank of Bloomington, Ill., is spending a vacation in Los Angeles. He visited William L. McKee, assistant vice-president of the Hellman Commercial Trust and Savings Bank, yesterday and renewed an acquaintance established when both were in the banking business fifteen years ago in Illinois.

C. Edwin Adams was elected president of the Peoples' Mortgage Company at a meeting of the board of directors recently. Mr. Adams was formerly vice-president and manager of the company.

C. J. Shepherd was elected vice-president and a member of the board of directors and executive committee to take effect the 1st inst. Mr. Shepherd is the new president of the Peoples' Bank and Trust Company.

J. Grier Campbell has been elected manager of the bond department of the Union Bank and Trust Company and will assume his duties on June 1. Mr. Campbell was formerly associated with Bond, Goodwin & Tucker, Inc.

BUSY CONVENTION FOR ELECTRIC LIGHT MEN

[EXCLUSIVE DISPATCH]

SAN FRANCISCO, May 28.—Sixteen business sessions in four days is the record that the National Electric Light Association will establish at its annual convention to be conducted here June 15 to 19. Policies of far-reaching effect in matters of public relations, service and other phases of public utility operation will form the major themes of discussion.

An attendance in excess of 5000 delegates is expected. The convention is to be opened by Gov. Richardson. Among other speakers will be William M. Jardine, Secretary of Agriculture; Herbert Hoover, Secretary of Commerce, and L. J. Tabor of the National Grange.

COTTON AREA INCREASED

[EXCLUSIVE DISPATCH]

WASHINGTON, May 28.—The area planted to cotton in Russia up to the 1st inst., was 1,401,000 acres, compared with a total area of 1,196,000 acres planted to cotton last year, according to a cable from the International Institute of Agriculture at Rome to the United States Department of Agriculture. Growing conditions are reported as favorable.

REFUNDING APPLICATION IS APPROVED

Great Western Power to Sell 5 1-2 Per Cent Bonds to California Investors

Application of the Great Western Power Company of California to issue and sell $7,000,000 of its first and refunding series "D" thirty-year 5½ per cent bonds was approved yesterday by the California Railroad Commission. It is expected in the investment market that the bonds will be offered to the public shortly by a syndicate composed of E. H. Rollins & Sons, Lee, Higginson & Co., Bonbright & Co., Inc., and Peirce, Fair & Co., the group which has handled previous Great Western financing.

Proceeds from the sale of the bonds are to be applied to the redemption on August 1 of all the company's first and refunding mortgage 7 per cent bonds, due 1950, which will be redeemed at 110 and interest. The outstanding issue totals $7,500,000.

The 7 per cent bonds now in the hands of the public were issued mainly in exchange for Great Western 8 per cent convertible general mortgage bonds, when the latter bonds were redeemed in 1922 and 1924. The 8 per cent bonds were sold to finance in the latter part of 1920 and the early part of 1921, the construction of the company's important Caribou development, which more than doubled its hydroelectric generating capacity.

The present refunding operation is another step on the part of the Great Western management to decrease the annual interest charges by the issuance of bonds bearing lower rates of interest.

Expect Record Movement of Products East

A record eastbound movement of California perishable products is expected this year, it was stated yesterday by J. T. Saunders, assistant freight traffic manager of the Southern Pacific Company, in commenting upon conferences being held of officers of the Southern Pacific and Pacific Fruit Express companies with growers and shippers in various parts of the State to arrange for adequate refrigerator car equipment and train service.

It is estimated that between 15,000 and 18,000 cars of deciduous fruits and between 70,000 and 75,000 cars of grapes will be shipped to the East from California during 1925. In addition to these it is estimated that the movement of cantaloupes, which commenced this month, will amount to 16,000 cars from Imperial Valley alone. The carriage of citrus fruits, lettuce and other fresh vegetables to eastern markets will further add to the demand upon transportation companies.

London Daily Radio

BY ARTHUR W. KIDDY

[Evening Post Foreign Service. Copyright, 1925, by New York Evening Post, Inc.]

[BY WIRELESS-EXCLUSIVE DISPATCH]

LONDON, May 28.—Although the investment market held fairly steady today in response to further gold receipts, distribution of new securities show little improvement.

Underwriters of the recent new South Wales loan of £6,500,000 were forced to take 88 per cent of the issue.

The speculative market was fairly active. Italy is showing a disposition to negotiate for funding her external debt to you.

ROUGH DIAMONDS IN SOUTH AFRICA CHEAP

[BY A. P. NIGHT WIRE]

WASHINGTON, May 28. — Diamonds mined last year in South Africa sold in the rough on the ground for an average of $16.50 per metric carat, it was announced today by the Commerce Department, with the striking difference between this figure and the retail price being attributed to many reasons, including the losses in cutting and elimination of flaws.

BUSINESS TODAY

What Our Record Car Loadings Mean—Also Wherein They May Mislead Some People—Rail Line Service Better.

BY PAUL WILLARD GARRETT

[EXCLUSIVE DISPATCH]

[Copyright, 1925, New York Evening Post, Inc.]

NEW YORK, May 28.—More cars were loaded with revenue freight during the week ended the 16th inst., than ever before at this time of year, and more than had been loaded in any previous week in 1925.

The fact would not be significant were it not that the new count adds to the interesting evidence that we have had before us for weeks of the increase in traffic activity. A study of the loadings back over a period of weeks, leads to the same conclusion that must be suggested by the new weekly figure.

Thus the number of cars to add so far this year, 18,434,894, compares with 17,821,195 for corresponding weeks of 1924 and is larger by a substantial amount than the number for similar weeks of 1923 and 1922. Also the weekly rate of 984,916 now reported is a smart increase over the 909,363 for the middle of March. In brief, increases are being shown over previous years and previous weeks of the present year.

Unquestionably the increased activity indicates that our carriers now are giving the best service in their history, but it does not mean that the managements are piling up larger profits than ever before.

Revenue from freight depends in part upon volume. Our substantial gains in the number of cars loaded does not mean that the volume of freight has been swelled in proportion. Of course, the cars are not being filled in all instances. What the railroads have been endeavoring to do is to provide a maximum of service. In consequence, they do not nowadays wait to fill a car with merchandise before sending it out. Three or four years ago when equipment was scarce, the carriers were obliged to delay deliveries, awaiting the arrival of empty cars or more merchandise to fill the cars at hand.

Abundance of equipment now enables the carriers to deliver so promptly that dealers over the country are satisfied to do business on a hand-to-mouth basis. They have confidence that industry can produce and the railroads can deliver almost anything on short notice.

AS MARKET SEES FIGURES

In the stock market where the statisticians know that the improved activity in traffic does not necessarily reflect commensurate gains in earnings, the loading figures had no very vital influence yesterday on the price of railroad stocks.

What the market does realize is that the improved service of the railroads still is an important factor in the continuance of easy money rates. Wall street appreciates that so long as dealers over the country are enabled, in part, through good railroad service, to confine their purchases largely to immediate requirements, only a minimum amount of money is tied up in inventory. More money is freed for other uses.

Since the country already has a substantial number of idle cars no severe tightening in money is foreshadowed by the approach of autumn and its seasonal demands for cars.

All the Elements of Success!

You are offered an opportunity for investment in a company which merits your confidence based on the following facts—

It loans its funds against collateral which has four distinct and separate avenues of safety, (it does not do an automobile, furniture or open account finance business.)

It is headed by a man with 15 years experience in the same business, during the last eight of which the company he managed paid dividends of 35 per cent a year. This man has a large investment of his own funds in the company, made only after a survey of conditions in and around Los Angeles extending over many months, which has lead him to believe conditions are better here that where he operated before.

It has a Board of Directors consisting of 15 well-known Los Angeles bankers and business men who have invested their own funds (aggregating over $100,000) after a very careful investigation of the business, the man, plus the safety and high earning power of the paper handled.

Its present earnings justify the belief that this company will make even larger earnings than the company mentioned above.

There is no opportunity at present for personal connection or services with the company—

But if you are looking for an investment which will prove as safe as human beings can make it and which will increase considerably the income you can usually secure when such safety is taken into consideration, address E.E. Box 97, TIMES BRANCH.

BOND QUOTATIONS

Trading in Steady Tone

[BY A. P. NIGHT WIRE]

NEW YORK, May 28.—Bond trading today developed a steadier tone, although uneven price movements still held sway. The early dealings were marked by several individual demonstrations of strength, but the gains in some instances were not fully maintained until the close.

Semispeculative issues in several different fields attracted fresh buying power today. A good demand for the new international papers 6s, admitted to trading today revived interest in American Writing Paper 6s, and certificates, which rose more than 4 points to new high prices for the year at 61.

Price changes in the railroad group were mixed. St. Paul bonds moved counter to the shares of the road, their advance being based on the assumption that the larger the assessment on the stocks under the reorganization plan, the lighter would be the burden for the bond holders. Tentative reorganization plans were reported to have raised the assessment figure above original estimates. Improvement in Frisco, Burlington and Erie issues contrasted with the heaviness of the Chesapeake and Ohio convertible 5s, New York Central 6s, Northern Pacific 6s and Northwestern refunding 5s.

The easier tendency of Liberty bonds was attributed to preparation being made by banks and other institutions to buy new Treasury bonds or certificates when they are placed on the market next month. An offering of between $200,000,000 and $300,000,000 of the government's securities is expected.

Following are yesterday's high, low and closing prices of bonds on the New York Stock Exchange and the total sales of each bond. These quotations are received over Associated Press wires, and to expedite transmission the closing is omitted when it is the same as the low, and both low and close are omitted when they are the same as the high.

NEW YORK CURB

[BY A. P. NIGHT WIRE]

NEW YORK, May 28.—Sensational advances in some of the high-priced public utilities and strength and activity of a number of popular industrials featured today's rising curb market. The usual holiday profit-taking made its appearance in several issues, but was generally well absorbed.

National Power and Light and Carolina Power and Light each soared about 25 points, closing at 347 and 435, respectively. Lehigh Power securities jumped 18¾ to 161 and Southeastern Power and Light climbed over 8 points to 101. In the industrial group, Chrysler Motors was run up 7¾ points to a new top at 112⅝ and then slipped back to 108. American Rayon products moved nearly 2 points to a new peak at 35¼, as compared with the recent offering price of 22. Chief interest in the oil group centered in the demand for the new Sun Oil stock, which opened 5 points above the subscription price of 38½ on reports that the issues have been several times oversubscribed. Most of the other oils were rather quiet, although Charles Freshman and David Grimes recorded substantial gains.

Following are the closing quotations on the New York Curb Market, furnished by Logan & Bryan, members of the New York Stock Exchange, 639 South Spring street:

Wheat Touches New Level on Present Upturn

[EXCLUSIVE DISPATCH]

CHICAGO, May 28.—Reports of further deterioration in the winter and spring wheat crops, with Hessian fly and "take all" in Kansas, combined with the development of serious damage from the recent freeze in parts of Ohio, Indiana and Illinois, swept the September and December up to a new high on the crop, in the face of heavy profit taking. September touched 1.41¾, and December 1.42¾, while July was 1.04¼, a new high on the present upturn, and the finish was on a small reaction, due to evening-up on the part of the local traders, with net gains of 2¼@2⅝c, with September leading. May closed at 1.70¾, a net loss of ¼c. July was 1.05⅛@1.03¾, September 1.41¼@1.41¾ and December 1.42⅛@1.43 at the last.

December corn sold at 1.00, and closed at 99⅝@99¾, gaining 3¼c for the day, and showed independent strength, with a big trade on, outside interest broadening materially. Old crop futures were ¼@⅝c, May 1.15⅝@1.16, July higher with 1.18@1.17¾ and September 1.17⅛@1.17⅝. Oats were up 1¼@1⅝c, while rye was ⅜c lower to 1⅝c higher, the latter on September.

Added to the continued reports of deterioration in the winter wheat belt, due to various disease and insect damage is the fears of a heavy reduction in the prospective yield as the result of drought. The latter condition now prevails over the greater part of the Southwest, West and Northwest, and scattered showers have provided no permanent relief. The forecast was for showers, with indications of a warm wave. The trade looks for the private reports, which will be given out Monday, to make a bullish showing, although they are not expected to fully reflect the damage caused by the recent freeze.

Private estimates on the Kansas crop now center around 85,000,000 to 90,000,000 bushels, compared with 154,000,000 bushels harvested last year. News other than on the crop had no effect on the market. Export sales were only 200,000 bushels in all positions.

A bullish statement issued by J. P. Griffin, in which he expressed the belief that the recent freeze was almost a calamity, was instrumental to bring about a material increase in general buying in December corn, and it advanced 4⅞c from the early low, and sold at 1.00, a new high on the present movement. Best-posted authorities say there is no precedent as to the ultimate effect on the new corn crop due to the lateness, severity and large area covered by the freeze. All claim that the advantage of the early season has been lost and the crop requires a long and exceedingly favorable season to mature. Dry weather prevails over the greater part of the corn belt. Old crop deliveries were dull, and derived the greater part of their strength from the December and from wheat.

Oats were active and sharply higher on dry weather and damage reports. September went from even with July to a premium of ¼@⅝c over that delivery on commission-house buying.

May rye was dull and easier, while a number of damage reports were received and had considerable influence on the new crop deliveries, which averaged higher.

Provision trade was rather inactive, but prices higher on buying by cash houses and smaller packers. Lard closed 10@17½c higher, with ribs 5@15c higher and bellies unchanged to 2½c higher. Deliveries on May contracts were 1,500,000 pounds of lard and 150,000 pounds of ribs.

LOS ANGELES MARKET

CATTLE—No steers were offered on yesterday's market, the supply consisting largely of grass cows. Active demand at 15@25 cents higher prices cleaned up the small supply on the early rounds. The price spread of 4.75@6.25 took in all the load lots of grass cows, a load of 892-pound California grassers making the latter price, while two loads and a half of 784-pound Texas grassers turned for 6.20. Odd head of weighty cows sold upward to 6.50, while a small bunch of 844-pound grass heifers made 7.00. Common kinds were fairly numerous downward to 4.00. Canners and cutters turned largely from 2.50@3.50, with a few strong weight kinds at 3.75, while bulls held about steady, the bulk of bolognas clearing from 4.25@5.00, while most beef bulls turned from 5.10@5.25.

CALVES—Active demand developed for yesterday's moderate supply of calves and a fair clearance was made at around steady values. The bulk of milk calves, 110 to 240-pound weights, cleared from 9.50@11.00, a part load of 151-pound Texas calves making 10.00, while odd head of choice vealers sold upward to 11.75. Common kinds and heavies turned largely from 5.00@8.25.

HOGS—Yesterday's supply consisted of three loads of butchers held over from Wednesday and these sold readily at around 25 cents higher prices. These averaged 175 to 185 pounds and turned for 14.00, while a small lot of branded-in butchers averaging 217 pounds cleared for 13.75. Another load was offered in the orline division and good and choice spring lambs are quotable from 12.99@13.50.

QUOTATIONS

Slaughter cattle and calves: Steers (1300 pounds down,) good, 8.50@9.00; medium, 7.25@8.50; common, 5.50@7.25. Heifers (850 pounds up,) good, 6.65@7.25; (all weights) common and medium, 4.00@6.65. Cows, good, 6.50@7.00; common and medium, 3.75@6.50; canners and cutters, 2.00@3.75. Bulls, good (beef yearlings excluded,) 5.00@5.50 (canners-bolognas) canners tomedium, 3.25@5.00. Calves (190 pounds down,) medium to choice, 9.50@12.50; (190 pounds down) cull and common, 4.50@9.50; (190 to 260 pounds) medium to choice, 9.25@12.25; (260 pounds up) medium to choice, 7.50@11.00; (190 pounds up) cull and common, 4.50@8.50.

Hogs: Medium weight (200 to 250 pounds,) medium to choice, 12.00@13.85; light weight (160 to 200 pounds,) common to choice, 12.00@13.85; packing hogs, smooth, 11.50 down; packing hogs, rough, 11.00@11.50; slaughter pigs (130 pounds down,) medium, good and choice, 11.50@12.00. (Soft or oily hogs and roasting pigs excluded in above quotations.)

Slaughter sheep and lambs: Lambs (85 pounds down,) medium to choice, 9.50@11.50 (all weights) cull and common, 7.50@9.50; spring lambs, medium to choice, 11.50@13.50; ewes, common to choice, 4.00@5.50; runners and culls, 2.00@4.00.

Outside Markets

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, May 28.—Hogs, steday to 25 cents higher, several cars 160 to 180-pound Idahos to arrive at 13.50; few loads medium Californias, 13.25; several odd lots perhaps butchers, 13.50; calm, slow undertone, 25 cents lower on good 1200 to 1350-pound steers; four loads 1100-pound delivered account 4.50; medium grades steady; some inquiry for good 975-pound steers; she-stuff weak, several cars direct; four loads medium cows, 6.25; bulls, steady; odd head grass bulls, 4.50; dressed market weak. Calves, steady; part car calves, 11.00; choice calves scarce; heavy calves around 8.50@9.00; Sheep lambs steady; good to choice 70 to 72-pound lambs scarce; bulk arrivals, contract and 75 to 85-pound lambs, around 11.00@11.50; ewes steady; good shorn ewes, 5.75@6.00.

KANSAS CITY (Mo.) May 28.—Cattle, receipts 3000; calves, 1,00; steers and yearlings moderately active; steady to strong; bulk fed offerings, 8.75 @10.00; top mixed yearlings averaging 836 pounds, 11.25; prime heavies scaling 1402 pounds, 10.50; best medium weight, 10.10; other killing classes fully steady; bulk butcher cows and heifers, 5.00 @9.00; practical veal top, 9.00; bologna bulls, 4.50@5.00; stocker and feeder steers dull, barely steady; stock cows and heifers 10@15 cents lower; stock calves steady.

Hogs, receipts 7000; opened 25@30 cents higher to shippers, later trade slow, 15@20 cents higher; choice 160 to 175-pound averages, 25@30 cents to shippers; later trade slow, 15@30 cents higher; choice 185-pound averages, 12.30; bulk of sales, 11.75@12.10; bulk 180 to 240 pounds, 11.90 @12.10; 140 to 160 pounds, 12.00@12.25; packers heaviest; bidding around steady; packing sows, 10.50@11.10; stock pigs scarce, mostly 11.50@ 12.00.

Sheep, receipts 2000; lambs mostly 25@40 cents higher; top native spring lambs, 14.25; numerous lots, 14.00@14.50; fed Arizonas, 14.85; fed wooled skins, 15.25; sheep steady; odd lots native ewes, 7.00@7.50.

CHICAGO, May 28.—Hogs, receipts 16,000; dull, opened 25@50 cents higher than Wednesday's average; mostly to yard traders and a few shippers; latter bids 15@25 cents lower than opening; early bulk, good and choice, 160 to 225-pound averages, 13.50@13.65; top, 13.90; 240 to 250-pound butchers, 13.35@13.50; packing sows, 10.90@11.30; strong weight killing pigs, 11.75@ 13.25; heavyweight hogs, 11.25@13.50; medium, 12.30@13.60; light, 12.00@13.60; light light, 11.50@12.65; packing hogs, smooth, 11.00@11.40; packing hogs rough, 10.60@11.00; slaughter pigs, 11.25@12.25.

Cattle, receipts 9000; fed steers and yearlings active, 15@25 cents higher; in-between grades weighty offerings up more in spots, lower grades comparatively scarce; sharing advance; killing quality less desirable than Wednesday; extreme top, 11.00; paid for mixed steers and heifers averaging 944 pounds; several loads of yearlings at 10.75@11.35; light heifers upward to 11.25; best weighty steers, 11.00; some 1314 to 1357-pound Nebraskas, 11.25; other Nebraskas scaling 1384 to 1435 pounds, 10.75@11.00; comparatively little under 8.75 to killers; fat she-stock strong; desirable light heifers higher in spots; canners dragay, mostly 3.50@3.85; bulls uneven; generally steady; few sausage bulls higher on outside account early; practical top, 8.50; vealers firm, active; mostly 10.00@10.75 to packers; few lots 11.00; outside buying at 11.00@11.50.

Sheep, receipts 8000; fat lambs fairly active; strong to 25 cents higher; mostly 25 cents up; sorting of spring lambs light; four cars of California springers averaging 65 pounds, 16.50; bulk desirable natives, 16.00@16.25; few good to choice offerings, 16.50; good clipped lambs, 13.50; asking 14.25 for choice handyweight; fat sheep slow; about steady; odd lots of natives, 7.00@7.50; heavies downward to 6.00.

OMAHA (Neb.) May 28.—Hogs, receipts 13,000; fairly active on early rounds to shippers, 25@40 cents higher; now dull, big packers holding off; desirable 180 to 240-pound weights, 12.90@13.15; top, 13.25; few strong weight butchers, 11.90@ 12.00; odd lots, 130 to 180-pound light lights, 11.75@12.10; smooth packing sows, 10.75@11.00; bulk of sales, 11.75@12.15; average cost Wednesday, 11.74; weight 247.

Cattle, receipts 3500; fed steers and yearlings active; uneven, 10@25 cents higher; bulk, 9.00 @10.25; strictly choice 1000-pound steers, 10.25; mixed steers and heifers, 10.50; part load yearlings, 11.00; aged, stock and veal steady; bulls weak to 25 cents lower; stockers and feeders scarce, nominally steady; bulk butcher cows, 5.00 @6.75; canners, 3.00@3.35; heifers, scarce; bologna bulls, 4.50@5.00; heavy beef bulls, 5.25@ 5.75; practical veal top, 9.00; few to independents, 9.50@10.00.

Sheep, receipts 3000; lambs slow, strong to 25 cents higher; best native springers, 15.75; California held at 16.00@16.25; fed clipped lambs, 13.50@14.00; choice lights held at 14.50; sheep and feeders steady; best fat ewes, 7.00.

SOUTH ST. PAUL (Minn.) May 28.—Cattle, receipts 2200; fed steers and yearlings in moderate supply; uneven; yearlings firm; weighty steers slow and dull; early top yearlings, 10.50; medium weight, 9.50; bulk, 8.50@9.50; fat she-stock strong; largely 5.00@6.00; light weight heifers upward to 9.00; canners and cutters unchanged, 2.00@2.75; bologna bulls weak with Wednesday's decline; bulk, 4.25@4.75; stockers and feeders, dull, tending lower.

Calves, receipts 2200; steady; good lights mostly 9.25; few 9.50.

Hogs, receipts 9000; slow; opening around 25 cents higher than Wednesday's average; bulk desirable butcher and bacon hogs, 13.00; top, 13.00; packing sows, mostly 10.50; pigs steady; bulk feeders, 12.00; average cost Wednesday, 11.60; weight, 228.

Sheep, receipts 500; mostly direct; fat lambs, 25 cents higher; odd head of shorn lambs, 13.25; spring lambs, 15.50; sheep, 25@50 cents lower; handy weight fat ewes, 7.50.

PORTLAND (Or.) May 28.—Cattle, 163; opening slow; about steady.

Hogs, 589; slow; market looks steady.

Sheep, 840, steady.

ST. JOSEPH (Mo.) May 28.—Hogs, receipts 1500; 20@40 cents higher; top, 12.30; bulk, 11.80 @12.20.

Cattle, receipts 1300; steady to 25 cents higher; bulk of steers, 8.00@10.25; cows and heifers, 3.50 @10.00; calves, 4.50@10.00; stockers and feeders, 5.00@8.00.

Sheep, receipts 2000; 25 cents higher; lambs, 14.50@16.00; ewes, 7.00@8.25.

STOCK PRICES CONTINUE UP

Holiday Approach Causes Profit-Taking

Rails Are Irregular and Featureless

Good Buying Develops in Tobacco Group

[BY A. P. NIGHT WIRE]

NEW YORK, May 28.—Stock prices moved up briskly today with "shorts" supplying much of the buying power. The approach of the holiday caused some profit taking, but selling was well absorbed in most issues. The day's sales again totaled about 1,500,000 shares.

Resumption of dividends by the Inspiration Copper Company, announcement of additional gasoline price advances and higher lead prices were the principal news development of the day.

A brisk demand was noted for such popular industrials as American Can, Baldwin, Dupont and May Department Stores, all of which closed 2 to 3 points higher. United States Steel common, selling ex-dividend $1.75, opened at 117¾, but slipped back later to 116 for a net loss of ¼ on the day.

READING GAINS

Rails were irregular and featureless except for the renewed accumulations of Reading, which touched a new high record at 87 and then eased to 86¾, where it was up 1½ points on the day, and the heaviness of the St. Paul issues on selling inspired by reports that the assessments on the stocks under the reorganization plan would be larger than Wall street had anticipated.

Chief speculative interest in the motor group again centered in the Maxwell Motors issues, all of which attained new peak prices. Considerable confusion arose in the early trading as a result of reports that trading in the "B" stock had been suspended, traders short of that issue rushing to cover through the purchase of "B" certificates, which were run up 10 points to 113½ and then fell back to 106½ for a net gain of 2½ points on the day. The "B" stock, the initial sale of which took place around noon, dropped to 105¼ and then advanced to 107½.

UTILITIES HIGHER

Heavy buying of the local traction issues featured the public-utility group, Brooklyn-Manhattan Transit closing more than 2 points higher at 46¾ and Interborough Rapid Transit showing a net gain of 3⅝ at 22⅜. Havana Electric soared 12 points to new peak at 147. Other issues in that group to reach new high ground were American Telephone, International Telephone and Pacific Gas and Electric.

Good buying also developed in the tobacco group, American Tobacco B, American Sumatra Tobacco preferred, Consolidated Cigar and Phillip Morris all establishing new 1925 high quotations.

Call money held steady at 4 per cent. Time money and commercial paper rates were unchanged.

Foreign exchange trading was in small volume with rates holding relatively firm. Demand sterling ruled around 4.85⅞ and French francs were quoted just above 5 cents. Other changes were unimportant.

ABOVE OFFERINGS SUBJECT TO PRIOR SALE OR WITHDRAWAL

BY HOWARD C. KEGLEY

Standard Oil Company yesterday brought in its Los Angeles City Lease No. 1-10 with an initial production of 1500 barrels a day, according to officials of the company. The well is located in the general vicinity of the Standard No. 4 and No. 9 wells on this property, which were brought in last week at about the same rate of production. No. 1-10 is down 2451 feet and is making 32-deg. gravity oil.

The Pan American Petroleum Company also completed a well yesterday, but got only a very small production, its Santous No. 2 coming in at about fifteen barrels a day from a depth of about 2000 feet. This well is located considerably south of the principal producing area, and west of the Standard Oil Company's original Los Angeles Investment No. 1-1, discovery well of the field.

Small Wells

The small wells have been added to the daily production of the various field, each well making more than 200 barrels a day.

The Vaughn No. 2 is the third brought in at Rosecrans by General Petroleum Corporation. Vaughn No. 1, the first well, came in production only a few days and eventually was abandoned after producing only a few hundred barrels of oil. The second was the Amestoy No. 1, which is the deepest well in the field, making about 100 barrels a day on the pump from 6656 feet.

Small Well

The Pan American Petroleum Company yesterday completed its No. 1 well in the Signal field. The well came in on the pump from a depth of 3746 feet, making about 100 barrels a day. The oil is said to contain considerable sand.

Gusher Shut-off

J. J. Miley has effected a successful water shut-off in his Athens No. 1 well in the northern part of the Rosecrans field, and is coring for oil sand, according to official reports. The well was cemented at 4235 feet, and bottom is at 5188 feet, the intervening section being solid oil sand. Miley expects to go another seven-foot before making a production test.

Flow Well

W. H. Fisher's No. 8 well in the Athens area of the Rosecrans field is making about 1000 barrels a day, according to field estimates. The well is flowing yesterday morning, but a definite gauge was not taken last night. Bottom of the well is at 5003 feet.

Complete Oil Well

The Industrial-White Star-Pan-American Petroleum-United No. 1 well in the Santa Fe Springs field, is about to go on production again after a long career of tribulation. The well originally was started by the Industrial Syndicate, and taken over by the White Star Oil and Gas Company. It produced for a short time from the Bell sand, but eventually was taken off production because of poor mechanical condition. It was then taken over by the Pacific Petroleum Corporation, and when that was sold out to the United Petroleum recently, the well was worked at the deal. It is now in the sand at 4150 feet, with the casing set at 4000 feet.

Oil Sand

The Rosenberg No. 1 well of the Petroleum Drilling Company at Newport Beach will make a production test within a few days, according to reports. The well found an oil sand at 4315 feet, and cemented the casing at that point. It is stated that the Empire well is now drilling a second well immediately on its Rountree lease on the Santa Ana street in Newport.

Production

The Mesa No. 2 of the Interstate Petroleum Corporation, the first well to get a shut-off in the district north of Newport Beach, is back on production again, after a brief layoff for mechanical troubles. The shut-off is again pumping oil at an unreported rate.

Increased Flow

An increase of 100 barrels a day has been recorded in the production of the E. J. Miley's Athens No. 2 well in the Athens area, according to officials of the company. The well is the same lease as Miley's No. 1, but has been making about 170 barrels a day. A pump has been installed, and put to work, and a possibility of a greater increase is said.

CALIFORNIA HIDES

Prices furnished by California Hide Corporation, Ltd., delivered to its warehouse, 1000 San Fernando. Receipts from the Interior for the 24 hours ending at 10 a.m. yesterday: 1200 hides, 159 pails and 1700 pounds tallow.

SALTED HIDES—No. 1 steers, 11½; per pound; No. 2 steers, 10½ per pound; No. 1 bulls, 9½ per pound; No. 2 bulls, 8½ per pound; No. 1 cows, 10½ per pound; No. 2 cows, 9½ per pound; slunks, 4 per pound; glue hides, 4 per pound.

KIP—No. 1 kips, 10½ per pound; No. 2 kips, 9½ per pound; No. 1 veals, 9½ per pound; No. 2 veals, 8½ per pound; deacons, 4 per pound.

CALF—No. 1 calf, 12½ per pound; No. 2 calf, 11½ per pound; No. 1 slunks, 6 to 10 pounds, 6 per pound; No. 2 slunks, 6 to 10 pounds, 5 per pound.

DRY HIDES AND KIPSKINS—No. 1 cullhides, 18 per pound; No. 2 cullhides, 16 per pound; No. 1 kips, 18 per pound; No. 2 kips, 16 per pound; No. 1 calf, 20 per pound; No. 2 calf, 18 per pound; No. 1 slunks, 10 per pound; No. 2 slunks, 8 per pound; glue hides, 6 per pound; deacons, 6 per pound.

GOAT SKINS—No. 1, 10@20 each; No. 2, 5@10 each.

SHEEP PELTS—No. 1 shearlings, 2½ per pound; No. 2 shearlings, 2 per pound; No. 1 fall pelts, 3 per pound; No. 2 fall pelts, 2½ per pound.

The Clearinghouse

News of Spring Street

The Los Angeles Gas and Electric Company has been authorized by the Railroad Commission to issue and sell on or before September 1 $2,952,000 of its series I general and refunding mortgage 5½ per cent gold bonds, at not less than 95½ per cent of their face value.

These bonds are dated October 1, 1924, and payable October 1, 1949. The proceeds derived from the sale are to be used to reimburse the treasury on account of money expended on additions and betterments to plants and properties.

The Los Angeles Gas and Electric Company sets forth in its application that during the present year it will be called upon to extend for additions and extensions to its plants, properties and equipment the sum of $11,959,512.

Stage Authorized

The Pacific Electric Railway Company has been authorized by the Railroad Commission to operate an auto bus service between the intersection of Wilshire and San Vicente boulevards and Gardner Junction, via Wilshire Boulevard, Canyon Drive and Sunset Boulevard.

The company has also been authorized to purchase and operate the auto stage line of the Compton Transportation Company between Long Beach and Venice. The sale price was $12,500.

New Quarters Taken

The Los Angeles Chapter of the American Institute of Banking has leased the entire second floor of the Lincoln Building for ten years. It will move from its present quarters at 721 South Hill street about August 1, or as soon as the new home is ready for occupancy. The new quarters are being remodeled into five classrooms, general office, library and parlors. During the past year the Los Angeles chapter showed a substantial gain in membership. There are at present more than 2200 members, as compared with 1700 a year ago.

Sales Absorbed

At the meeting of the Los Angeles Bond Sales Association at the Biltmore the Los Angeles Bond Sales Club was absorbed.

The association was organized several years ago to promote greater co-operation and better feeling among its members to result in a more uniform practice and greater protection to investors, according to Floyd E. Sanford, vice-president of Cass, Howard & Sanford, and secretary of the association.

The organization comprises the members of firms and sales executives of thirty-two investment banking houses. The association meets every second and fourth Tuesday of the month. The officers are a board of three governors elected every three months to take charge of the meetings during that time. The present members are R. J. Eichler, California Securities Company; L. R. Miller, Blyth, Witter & Co., and H. M. Worster, John C. Marble & Co.

HISTORY PUBLISHED

"A Short History of American Railways," by Slason Thompson, author of "Life of Eugene Field," "Statistics of American Railways" and other railway books, has just been published and is being distributed in this section by G. Walter Reed, western editor of The Earth, official Santa Fe publication.

The book deals with the history of all railroads covering a period of ten decades illustrated with 400 photographs, and was published by the Bureau of Railway News and Statistics of Chicago.

Home Builders Organize

The Los Angeles Home Builders, a California Corporation, was organized recently to assist in the financing and building of small homes in Los Angeles.

The company with Frederick S. Dudley as managing director and capitalized at $2,500,000, has received a Delaware charter.

The Los Angeles Home Builders is affiliated with Los Angeles Income Properties, Inc., and will be under the control of the latter company.

Price Bonds Sold

Price Brothers Co., Ltd., has sold $5,000,000 of first mortgage sinking fund 6 per cent gold bonds to the Harris Trust and Savings Bank, Continental and Commercial Trust and Savings Bank and Baker, Fentress Co. These bonds due February 1, 1943, are now being offered at 101 and interest to yield over 5.90 per cent.

The bonds will be secured by a direct first mortgage on the real and immovable property of the company and will be the company's only funded debt. The present market value of the company's outstanding capital stock is in excess of $23,300,000.

RUBBER MARKET

[EXCLUSIVE DISPATCH]

NEW YORK, May 28.—Although manufacturers were still out of the rush rubber market today, a fair-sized volume of business was transacted on the part of local dealers, and under the impetus of this inquiry rubber prices registered another day of advances. Crude was up ¼c at 24c, and other leading grades put on from ¼c to 1c. Trading was mostly in the spot position and considered primarily of orders from dealers who apparently are short on their May contracts. This is a natural tendency that occurs toward the close of each month, and does not reflect any new developments in the statistical position. London was quoted at 25d.

New York close: Ribbed smoked sheets, spot, 25c; June, 25c; July, 25c; August-September, 25c; October-December, 25c. Brown crepe, thin, 24c; June, 23c; July, 23c; August-September, 24c; October-December, 25c. First latex crepe, spot, 24c; amber No. 3, spot, 25c; fine upriver Para, 35c.

QUIET DAY ON COTTON EXCHANGE

Trading is Mainly Local With Speculators Taking Waiting Attitude

[EXCLUSIVE DISPATCH]

NEW YORK, May 28.—The cotton market was quiet today, with trading mostly local and of an evening-up nature, with prices not much changed from yesterday.

This comparative dullness and uneventful trading condition partly reflected the desire of most traders here and in the South to refrain from increasing speculative commitments either way to any extent, with Saturday a holiday and the government's first crop report of the season due next Tuesday, with so much uncertainty over this interval regarding the weather in the cotton belt.

There has been need of general rains lately in Texas and the probability that beneficial showers will occur there before the close of the week was sufficiently effective in curtailing new buying on today's market, with dullness prevailing at Liverpool and most of the trade in a waiting mood.

In this connection the average of about twelve private reports issued so far is a little over 75 per cent, against the government's report of 65.6 a year ago, 67 the past five years and 72 for the past ten years. Their average gains on the acreage is for an increase of about 5 per cent from last year's record-breaking planted area, which would bring the total acreage up to the new high mark this season of about 44,050,000 acres. Such a condition on that acreage, with the average of weather conditions through the season and the usual allowance for abandoned area would make a crop promise in the current prospects of more than 14,500,000 bales without linters. It is, however, the character of the weather during the most trying months of the season of June, July and August that makes or mars the crop, rather than the acreage, so that any forecasts on the yield so early are nothing more or less than a guess—four months in advance of when crop experts really begin to figure on what the yield will probably be.

Prices gradually declined 10 to 16 points from yesterday's closing quotations during the forenoon, July selling at 23.83; October, 22.24; December, 22.43, and January to about 22. This was due to the good weather map and forecast, showers for Texas. Later prices recovered most of this decline, mainly on some profit taking by shorts and some trade interests buying July.

MARKETS AT A GLANCE

[BY A. P. NIGHT WIRE]

NEW YORK, May 28.—Stocks strong; motors and accessories at new highs. Bonds firm; rails and utilities in demand.

Foreign exchange steady; francs recover slightly.

Cotton steady; unfavorable weather South Texas.

Sugar quiet; trade selling.

Coffee firm; good spot demand.

CHICAGO, May 28.—Wheat higher; unfavorable crop news.

Corn steady; fears crop damage.

Cattle higher; scarcity of fine grades.

Hogs firm; good shipping demand.

SAN PEDRO PARK NEAR REALITY

Playground Cost Placed at Amount Voted by City

Detailed Construction Plan Reported as Complete

Katz Yacht Now Owned by Long Beach Resident

Cabrillo Beach, San Pedro's prospective and only playground, was brought a step nearer to realization yesterday when announcement was made that it had been estimated the park could be constructed for $250,000. That amount was voted by the city for such purpose a year ago.

Delay has been occasioned by lack of a detailed plan and the latter has been completed, it was announced yesterday by Maj.-Gen. Lansing H. Beach, consulting engineer for the Harbor Department, and Harbor Engineer George F. Nicholson, after intensive study covering several months.

The engineers' work was done as an accommodation to the Playground Commission, under whose jurisdiction the project will come, and a conference between officers of the two departments next week is expected to permit the commission to proceed with the work.

Several alternate plans will be put before the Playground Commission, but the selection of any of them will assure the port community an artificial beach at least 1000 feet long. This will be protected in part by a bulkhead, probably adjacent to the land end of the harbor breakwater, while a fill is contemplated running from the bottom of Point Fermin cliff out several hundred feet seaward.

There is a possibility the Harbor Department may undertake this part of the construction, if its equipment is not needed on other purely port development work.

Plans, other than the beach, are being worked out by the Playground Commission and are expected to include children's playgrounds, tennis courts and other athletic fields.

Details also were submitted, looking to a possible future development which would cost $750,000.

PLEASURE CRAFT CHANGES HANDS AGAIN

The power yacht Elvira, owned by I. Katz until he was slain several months ago, and later bought at public auction by C. W. Park, has been sold again, to Dr. Ralph C. Dahn, of Long Beach, Mr. Burton has filed an application to change the name of the vessel to Catherine, the wife. Application also has been made to change the name of the gas screw yacht Cytheria back to Accanac. The latter nearly took that name by becoming Cytheria when Victor Girard bought it. Girard recently sold it to Fred Webber of the Webber Showcase Company of Los Angeles, and the latter agreed to resume the original name, so as to avoid confusion with a new Cytheria owned by Girard.

Contract has been let to the International Shipping Corporation for the transportation of 1,000,000 feet of lumber from Port San Luis to New Zealand, it was announced yesterday by W. H. Wickersham, Pacific Coast agent for the corporation, who has offices with Earl & Pickering from the northern port. They superintended the loading of the tanker Agwipond at the Union Lumber Company mill. The Agwipond is expected to handle most, if not all, of the shipments.

John McKinley, marine superintendent of the Chile Steamship Company, returned with Mrs. McKinley from Chile yesterday after several weeks at Los Angeles Harbor supervising repairs on the company's tanker Chuky at the Todd Shipyards. The Chuky is now en route to Chile with a cargo of local fuel oil.

Four to five thousand Southern Californians are expected to cruise to Catalina Island tomorrow to pass Memorial Day, and the Wilmington Transportation Company's fleet of boats will be pressed into service to take care of them. The flagship Catalina will be augmented on the morning sailing from Wilmington, while the latter will make another trip to the island tomorrow at 4 p.m.

The Technical Publishing Company, 280-281 I. W. Hellman Building, has been appointed an authorized agent for the charts and publications of the United States Coast and Geodetic Department. The appointment of the Technical Publishing Company fills a long need among pilots and mariners plying out of the port of Los Angeles and vicinity, owing to its extensive coasting and shipping trade. The Technical company is well known among marine men, owing to its various publications dealing exclusively with marine subjects.

The vanguard of thirteen, several hundred strong, landed down the gangplanks of the Ruth Alexander, Admiral Fiske and the Yale, arriving from northern ports yesterday morning. Several hundred more are expected on the liner H. F. Alexander from Seattle and San Francisco, and tomorrow the Calawali will arrive with 200 more, with Governor Young and Aleta Temple's band. The Dorothy Alexander is due at 11 a.m. June 7 with 900 members of Al Malaikah Temple of Tacoma, and a number from ports en route.

Furnishing as a route of travel the traditional hot desert sands for the hairy wearers of the Prophet, the entire delegation of Islam Temple, Nobles of the Mystic Shrine of San Francisco, including bands, patrols, chanters and Ansaras, headed by Illustrious Potentate Hugh K. McKevitt, will sail from San Francisco the Admiral Fiske, June 7, for Los Angeles Harbor. Arriving at Los Angeles to assist Al Malaikah Temple in welcoming other groups of nobles to the convention.

On Monday the Harvard, sister ship to the Yale in the coastwise service, will bring to Los Angeles a delegation from Al Malaikah Temple of Lincoln, Neb., comprising 245 persons, a band, patrol and chanters, headed by Illustrious Potentate A. C. Lee.

For these sailings an elaborate program of entertainment and dinners has been arranged by officials of the Los Angeles Steamship Company.

SHIPPING

PORT INDEX

OUTER HARBOR DISTRICT

North Nos.

1—General Petroleum Corporation.
2-3—Outer Harbor Dock and Wharf Company.
4—A. L. Kreiger.
5-6—Pacific Mills Dunnelty Cotton Compress.
7—Mexican States Line (McCormick & McPherson).
8—S.S. Lua, Furness Line.
9-10—Pan-American Petroleum Company.
11-12—E. K. Wood Lumber Company.

SAN PEDRO DISTRICT

South Nos.

71—Southern Pacific slip.
81-82—Southern Pacific wharf, south of Fifth St.
83-87—Southern Pacific wharf, north of Fifth St.
88—Union Oil Company.
89—Banyan & Hoyt, Inc.
94—Marine Engine Works.

MARKETS AT A GLANCE

[BY A. P. NIGHT WIRE]

NEW YORK, May 28.—Stocks strong; motors and accessories at new highs. Bonds firm; rails and utilities in demand.

Foreign exchange steady; francs recover slightly.

Cotton steady; unfavorable weather South Texas.

246XYZ—Bethlehem Shipbuilding Corporation.

CARGO ARRIVALS AT THIS PORT

THURSDAY, MAY 28

Steamer WALTER A. LUCKENBACH, Capt. Johnson, from Seattle, 2:10 a.m. To local general cargo for Luckenbach Steamship Company.

Steamer SKAGWAY, Capt. Johansen, from Everett, via San Diego, 3:45 a.m. Partial lumber cargo for Mitchell & Walker.

Motorship VAQUERO, Capt. Johnson, from Santa Rosa Island, 5:33 a.m. Cattle cargo for Vaquero Inter Co.

*Steamer ADMIRAL FISKE, Capt. Sobst, from Portland, 8:50 a.m. Passengers and freight for Pacific Steamship Company.

Motorship WM. DONOVAN, Capt. Anderson, from Gray's Harbor, 7:15 a.m. Lumber for Donovan Lumber Company.

Steamer WILLSOLO, Capt. McGahan, from Everett, 9:15 a.m. Lumber for Williams Line.

Called for bunkers.

*Steamer YALE, Capt. Self, from San Francisco, 10:15 a.m. Passengers and freight for Los Angeles Steamship Company.

Steamer COOS BAY, Capt. Olson, from Coos Bay, 10:15 a.m. Lumber for Coos Bay Lumber Company.

Steamer CENTAURUS, Capt. Erickson, from New York, 10:30 a.m. General cargo for Isthmian Line. Norton, Lilly & Co., local agents.

British tanker TABCHEE, Capt. Hodgson, from Carlis, 11:35 a.m. In ballast to load oil for Standard Oil Company of California.

Tanker W. S. MILLER, Capt. Johnson, from Richmond, 11:50 a.m. In ballast to load oil for Standard Oil Company of California.

*Mexican steamer WASHINGTON, Capt. Torres, from San Francisco, 1:15 p.m. To load passengers and freight for National Navigation Lines. James Rolph & Co., local agents.

*Steamer HARVARD, Capt. Poulsen, from San Diego, 1:50 p.m. Passengers and freight for Los Angeles Steamship Company.

*Steamer RUTH ALEXANDER, Capt. Cousins, from Seattle, 2:30 p.m. Passengers and freight for Pacific Steamship Company.

*Steamer CATALINA, Capt. Morris, from Catalina Island, 3:15 p.m. Passengers and general cargo for Wilmington Transportation Company.

Tanker LOS ALAMOS, Capt. Lindquist, from Seattle, 7:30 p.m. To load oil for General Petroleum Corporation.

DUE TO ARRIVE

9 P.M. TO MIDNIGHT

Tanker DEROCHE, Capt. Olson, from Martinez. To load oil for Union Oil Company.

Steamer GRIFFDU, Capt. Farrer, from Redondo. Partial lumber cargo for James Griffith & Sons. G. J. Haigby, local agents.

DEPARTURES

THURSDAY, MAY 28

Tanker ATLANTIC SUN, Capt. Schou, for New York, 9:55 a.m. 67,883 barrels of oil for Sun Oil Company.

*Steamer CATALINA, Capt. Morris, for Avalon, 10:30 a.m. Passengers, mail and freight for Wilmington Transportation Company.

Steamer CLAREMONT, Capt. Erickson, for Redondo, 1:30 p.m. Partial lumber cargo for Hartwood Lumber Company.

Steamer TRINIDAD, Capt. Leary, for Columbia River, 2:25 p.m. To load lumber for Hammond Lumber Company.

*Steamer YALE, Capt. Self, for San Diego, 3:30 p.m. Passengers and freight for Los Angeles Steamship Company.

Steamer WALTER A. LUCKENBACH, Capt. Johnson, for Philadelphia, 3:30 p.m. General cargo for Luckenbach Line.

Steamer WILLSOLO, Capt. McGahan, for New York, 4:30 p.m. Lumber cargo for Williams Line.

*Steamer HARVARD, Capt. Poulsen, for San Francisco, 4:30 p.m. Passengers and freight for Los Angeles Steamship Company.

Steamer CADDOPEAK, Capt. Hansen, for Port Angeles, 5 p.m. Lumber cargo for Nelson Line.

Steamer HORACE X. BAXTER, Capt. Sebastian, for Puget Sound, 5 p.m. To load lumber for J. H. Baxter & Co.

French tanker ARGYLL, Capt. Erasmus, for Santa Rosalia, 5:15 p.m. 45,000 barrels of oil for Compagnie de Santa Rosalia.

Steamer ERNEST H. METER, Capt. Roe, for Portland, 5:15 p.m. To load lumber for McCormick Lumber Company.

Tug PEACOCK, for Goss Bay. Proceeding under her own power.

Steamer CAROLINA, Capt. Thomsen, for Puget Sound, 5:35 p.m. To load lumber for Pacific Gulf and Columbia Co.

Tanker W. S. MILLER, Capt. Johnson, for Richmond, 8:30 p.m. 76,351 barrels of oil for Standard Oil Company of California.

*Steamer ADMIRAL FISKE, Capt. Sobst, for San Diego, 8:35 a.m. Passengers and general cargo for Pacific Steamship Company.

*Mexican steamer WASHINGTON, Capt. Torres, for Salina Cruz, 9:05 a.m. Passengers and general cargo for National Navigation Company.

Tanker W. H. TILFORD, Capt. Mackarth, for Baton Rouge, 9:40 p.m. Oil cargo for Standard Oil Company of California.

DUE TO DEPART

9 P.M. TO MIDNIGHT

Steamer DAVENPORT, Capt. Nielsen, for Vancouver. To load lumber for Nettleton Lumber Company.

CARGO VESSELS DUE TO ARRIVE

FRIDAY, MAY 29

*Mexican steamer CHIAPAS, Capt. Bonilla, from San Francisco. To load passengers and freight for Mexican States Line. McCormick & McPherson, local agents.

Steamer F. F. ALEXANDER, Capt. Bartlett, from Seattle. Passengers and freight for Los Angeles Steamship Company.

*Steamer YALE, Capt. Self, from San Francisco. Passengers and freight for Los Angeles Steamship Company.

*Steamer CATALINA, Capt. Morris, for Avalon and Passengers, mail and freight for Wilmington Transportation Company.

Steamer GRACE DOLLAR, Capt. Guthrie, for Manila via San Francisco. General cargo for Robert Dollar Company.

Steamer TUSCALOOSA CITY, Capt. Pratt, for Honolulu. General cargo for Isthmian Line. Norton, Lilly & Co., local agents.

Steamer DAVID C. MEYER, Capt. Danahanan, for Portland via San Francisco. General cargo for McCormick Steamship Company.

Steamer SAMOA,

WHAT'S DOING TODAY

City Club luncheon-program, clubhouse, 833 South Spring, noon.
Optimists' Club annual banquet, Ambassador, 7 p.m.
University Club dinner-dance, clubhouse, 614 South Hope, 7 p.m.
Title Insurance Company luncheon, Alexandria, 12:15 p.m.
Salvation Army Reserve and Maternity Home dedicatory exercises, 2870 North Griffin, evening.
Masonic Club luncheon-program, Alexandria, noon. Homer H. Wright will speak on "Work Among the Boys."
Wilshire Boulevard Association meeting, Ambassador, 8 p.m.
Salvation Army advisory board luncheon, Biltmore, noon.
Girls' Corner Club musical festival, Philharmonic Auditorium, evening.
Hollywood Woman's Chorus concert, clubhouse, 9:15 p.m.
Pacific Coast section, American Society of Agricultural Engineers, dinner-meeting, Clark, 7 p.m.
Lecture on "Judaism," Temple Emanu-El, Wilshire and Manhattan, 8 p.m. Rabbi Ernest R. Trattner, speaker.
Southwest Museum exhibit; Southwest Museum, Mission Way and Avenue 46, afternoon.
Los Angeles Museum exhibit, Exposition Park, 10 a.m. to 4 p.m.
Free permanent California exhibit, scenic motion pictures, State Exposition Building, Exposition Park, 10 a.m. to 5 p.m.
Illustrated lectures, scenic motion pictures, Chamber of Commerce, 10 a.m. to 4:15 p.m.
Free Lance Art League exhibition, MacDowell Club, 402 North Western, all day.
Baseball, Washington Park, afternoon: Salt Lake vs. Vernon.
Boxing, Hollywood American Legion Stadium, evening: Fidel La Barba vs. Teddy Silva.

MOTION PICTURES:

Alhambra, 731 South Hill—"Zander the Great."
Criterion, Grand at Seventh—"Friendly Enemies."
Cameo, Broadway near Sixth—"Proud Flesh."
Forum, Pico and Norton—"My Wife and I."
Grauman's Hollywood, 6708 Hollywood—"The Iron Horse."
Grauman's Metropolitan, Sixth and Hill—"The Charmer."

GRAND VIEW, 414, store, 22' 5; Grand View, owner; Boynton Const. Co., 1309 E. 22nd st., builder $20,000

WOOL MARKETS

[BY A. P. NIGHT WIRE]

BOSTON, May 28.—A fair amount of inquiry for wool is in evidence and some business is being transacted. The market is a little more established in domestic wools. There are showing signs of activity, but insufficient yet to establish a market. Fine medium territory stock of fresh shearing length continues to be bought at around 1.20 to 1.22.

TEXAS BERMUDAS IN HEAVY YIELD

SAN ANTONIO (Tex.) May 28. With the heaviest onion crop since the season of 1922, when a total of 1740 carloads of Bermudas were shipped from the Laredo (Tex.) section, the season of 1925, with 1620 carloads will go down on record as the most sensational in the history of the Bermuda onion industry in the Laredo district. With the exception of several hundred carloads rushed to market between April 1 and April 10, the onion market the latter part of the shipping season provided nothing that bordered on the sensational.

The shipping season opened about March 24, when the first carload brought the usual premium and fancy price. By April 1 the real rush to market began.

WISCONSIN WOMAN CUTS MATE IN WILL

[EXCLUSIVE DISPATCH]

BURLINGTON (Wis.) May 28.—Asserting in her will that her husband was too attentive to a Burlington widow, Mrs. Gust Voha bequeathed her entire estate of $15,000 to three cousins, leaving her husband only $5. Mr. Voha has petitioned the court to set aside the will, stating his wife was not in sufficient mental capacity to execute the paper.

GIRL CONFESSES SHOCKING CRIME

[BY CABLE—EXCLUSIVE DISPATCH]

PARIS, May 28.—The disappearance of a baby of Fernande Rollaert, 19 years of age, has disclosed that the mother, shortly after the child's birth, placed the infant in the stove of her home and burned it alive. The girl has confessed and is under arrest. It is believed that she was influenced by Landrau, the French bluebeard who burned eleven victims.

Wall Street Paragraphs

[EXCLUSIVE DISPATCH]

[Copyright, 1925, New York Evening Post, Inc.]

NEW YORK, May 28.—Wall street today largely focussed its attention on the Maxwell Motors post, where the "A" and "B" shares and certificates representing stock already deposited for exchange into Chrysler securities, were made to perform in lively manner. Failing of action in the "B" stock until early afternoon, the certificates took the center of the speculative stage to the tune of much talk centering on the probable fate of outstanding shorts. As far more than a majority of the shares had been deposited for the desired exchange, the floating supply of Maxwell snares had been materially reduced, making difficult any progress of professional operators who had taken the short side of the picture. To them it was an uncomfortable day with heavy losses staring them in the face. There were other places on the floor where shorts also were presented in untidy array, one such being found in America Sumatra tobacco preferred, where, the street theorized, shorts had sold into a bag. Specialty movements carried many shares to new highs and against them were named one or two lows, although these were without significance to the market as a whole.

LOOKING AHEAD

No little attention was paid to commission-house conversation quietly discussed as to what was being planned for next week. Notwithstanding the higher price range over a month ago, it insistently was stated that the first week of June was to duplicate the early days of May, "only more so."

MAKING THE GRADE

Specialties forged to new tops for the year, and these in more than one instance proved to be the best on record. Disregarding the current dividend return, C. G. Shattuck mounted higher, to a level which was 50 per cent over that prevailing when the shares were admitted to stock exchange trading a comparatively short time ago. Several of the tobacco issues also bettered their previous highs, and this, especially in American Tobacco B stock, was considered investment buying. Higher dividends were visualized for this and the "A" shares before many months have elapsed, in view of the substantial surplus already in hand and the steady forward growth of earnings.

THE VOICE WITH THE SMILE

Under the quiet absorption, long under way, in American Telephone and Telegraph shares these went into higher territory, although at its best for the year the stock still was lower than others, paying the same or smaller dividends. The army of owners built up under the Bell system of distribution was accounted as the best talking point with regard to the stock and ultimate figures of 500,000 or more were predicted as the probable size of the stockholders' list within the next few years.

LAYING THE GROUND WORK

With profits more than doubling over the previous twelve months the International Nickel Company in the fiscal period to March 31 made good on the many claims held out for the property. Resumption of common dividends was brought within the realm of near-by possibility, especially when current earnings were understood to be at as good, if not better, rate. It was a steady gain throughout the year, as measures in quarterly periods, with earnings consistently mounting from $795,000 in the first of these intervals to $1,850,000 in the fourth. Forward strides have been made in finding new outlets for its product, all of which were set forth for stockholders' perusal in the pamphlet documents received today in Wall street.

AN UNUSUAL CASE

It was after midday when the first transaction was recorded in Maxwell Motors "B" stock, although the tape had been liberal in its use of the Maxwell name as applied to the "B" certificates. These had run up in a fast advance which extended to 10 points before the sun had reached a point immediately over the stock exchange roof. It was a puzzling situation to the street that one of the most active stocks of the previous day should fail to appear for more than two hours after the opening gong had sounded. Talk persisted of a trapped short interest, but bankers identified with the company were insistent that shares were available for borrowing purposes. In the period following decision to revamp the Maxwell structure with the Chrysler Company coming to the front, there had been steady selling of the stock and the amount now in the short account was declared to be heavy, although no estimates were at hand to actually indicate the size. Deposits of the "B" stock were placed at more than 90 per cent which, to the initiated, spelled early striking of the shares from the stock exchange list. In the meantime discussion was had of the probable profits accruing to Maxwell longs, and consensus of opinion was that they ran well into the millions.

RESUMING MYSTERY

Repeating its accomplishment of the previous day, American Sumatra Tobacco preferred scored another new high for the year. Volume was small but the scarcity of stock made it necessary for potential purchasers to climb for what they desired. The street had recurrence of earlier suggestions that liquidation of company affairs might follow the receivership, and quiet accumulation of the stock had trailed this theory. There still was a short interest in the preferred shares, but it was possible to borrow in covering up these commitments.

A POSSIBLE STEP

Retirement of its outstanding prior preferred stock was foreshadowed by the rise in Pierce Arrow common into which the former might be converted 1 for 5. Strong in cash and with but 15,000 shares of this issue outstanding, it was intimated that advantage was to be taken of the current treasury position to eliminate one of the three classes of securities now out against the company. As for cash it was unofficially indicated that $2,500,000 about represented the amount on hand.

BIG TALK

At once cataloguing it with the phantom 500,000-share pool in United States Steel common of some months ago, the street today listened to talk that a 250,000-share clique had formed in St. Paul. This was taken as an effort to account for the rather persistent buying of both the common and preferred shares. Its purpose was somewhat of a puzzle unless it were for the specific reason of new interests getting a voice in the property when reorganization should be set before the security holders. Commission house analysis were unable to otherwise determine the basis for the seemingly steady absorption of the shares, which apparently were face to face with a stiff assessment.

That nothing would come out of the Mack Trucks board meeting next week beyond the regular dividend announcement was virtually admitted in banking places long familiar with the company and its plans. This did not mean, however, that stockholders were to be ignored in the current prosperity enjoyed by the corporation. Large stockholders, some of whom had watched profits aggregating $500,000 or more roll up to their credit without disturbing their investment were undismayed by the prospect today held out, as they were confident that a big reward would be theirs in three or possibly six months' time. It was not entirely to the current benefits piling up in the shape of profits that market observers were focusing their gaze, as the future of the concern also was highly regarded. Present prices for the shares, in fact, were declared to discount to no small extent the possibilities of what was in store. Actual calling of bids by the Great Northern for a motor-bus fleet was pointed to as concrete evidence of what the railroads had in mind to stem, if not offset, the competition which they had silently suffered for the past year or two from highway bus systems.

BANK STATEMENT

[BY A. P. NIGHT WIRE]

WASHINGTON, May 28.—Combined resources and liabilities of the Federal reserve banks at the close of business, the 27th, inst. were reported tonight by the Federal Reserve Board in thousands of dollars as follows:

Resources:
Gold, with Federal reserve agents, $1,521,257.

DOHENY TO APPEAL CONSPIRACY DECISION IN OIL LEASE CASE

Court Holds That Elk Hills Leases and Contracts at Pearl Harbor Consummated by Magnate and Fall Are Tinged With Fraud

Federal Judge McCormick's decision finding Albert B. Fall and Edward L. Doheny practiced "fraud and conspiracy" in procuring California naval reserve oil leases and Hawaiian defense contracts in 1922, when Fall was Secretary of the Interior, will be appealed at once. Announcement to this effect was made at the offices of the Pan American oil magnate late yesterday. No further statement was made at the time, as both Doheny and his array of legal counsel were engaged in an exhaustive discussion of the decision and the steps that are to be taken.

The appeal will be filed at once, it is said, with the United States Circuit Court of Appeal.

Judge McCormick's ruling in the case went the country by wire and brought forth comment upon it and upon all other matters in it of interest from cities throughout the nation during the night. It was the first ruling of importance handed down in any of the cases growing out of the oil scandal investigation.

LEASE CANCELLATION

The plaintiff (United States) is entitled to cancellation and annulment of each of the contracts and leases in controversy," Judge McCormick's decision says, "by reason of fraud and conspiracy of Albert B. Fall and Mr. Doheny as charged in the amended bill of complaint and also because each of said contracts and leases is void on account of the illegal and invalid power and delegation of power. . . . All it were not for the fraud and conspiracy of Secretary Fall with Doheny and the unlawful exercise of power in the agreement, the contracts and leases in question would be authorized."

The court found, to use its own words, "that the payment of $100,000 by Edward L. Doheny to Albert B. Fall, under the circumstances under which said payment was made in this case, was contrary to good morals (against good morals and against public policy, in that the making of said payment constitutes a fraud upon the United States of America and renders void all contracts and conveyances made between Pan American Petroleum and Transport Company or its subsidiary, Pan American Petroleum Company, and the United States of America subsequent thereto."

LOAN HELD FACTOR

The court said it could not possibly conclude that the $100,000 loan between Fall and Doheny was a separate and distinct transaction between two individuals and without connection with the leases and contracts. The court describes the circumstances as "inexplicable, and unexplained." The incident is declared to be the "central, insurmountable and decisive fact in the case."

"The injury that has been done the government as well as the distrust of public officers that it has caused cannot be overestimated," the decision continues. The transaction is characterized by the court as "colossal," regardless of whether it was a bribe, a gift or a loan." The court was required, it says, "in conscience to strike down the deals which are inextricably connected with it."

The court pointed out that neither Edward L. Doheny afforded the court opportunity to hear their version of the matter at final.

$100,000 LOAN

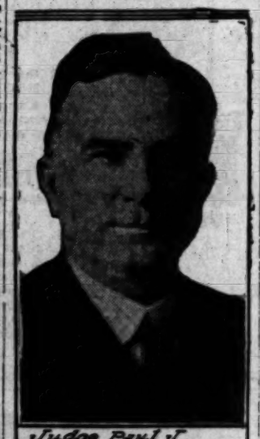
The court goes deeply into the personal deal between Doheny and Fall wherein the oil man and government official that "from the beginning of negotiations which culminated in the lease ever to Doheny involved enormously valuable tracts of oil lands and great profits in the construction project constituted, substantially, the court finds as follows:

"It is agreed that when Fall should receive the $100,000 he would advise Doheny of that fact to Fall. Fall later made demand upon Doheny 'did not want the sum in the usual form customary in business transactions as he could have it, and the sum was turned over to Fall by the use of the name of Edward L. Doheny, Jr., instead of Edward L. Doheny.' The money was sent in a letter by the hands of Edward L. Doheny, Jr.,' from New York to Los Angeles where it was delivered to Fall. 'No entry of the receipt of said currency appeared on the account of Edward L. Doheny with Elsin & Co.,' the bankers with which carried the account.

"The receipt of said advance or of said loan, nor of any personal obligation growing therefrom was said Fall and said Doheny ever been made a matter of record or entry in the books of Doheny or of either of the companies, says one of the court's findings.

NOTE SIGNATURE

The court then recites that Fall signed a note for the sum of $100,000 received with interest." The note, the court says, either on account of principal or interest" has been paid by Fall to Doheny on



Judge Paul J. McCormick

BARKER BUILDING LEASED

Store Now Occupied by Furniture Company Will Be Turned Into Music House

One of the first transfers to be made as the result of Barker Brothers' removal to a new home on West Seventh street is the leasing of a six-story structure at 716-718 South Broadway to the Wiley B. Allen Company for twenty years at an aggregate rental of $2,000,000. This was the announcement made yesterday by Clem S. Glass, vice-president of the W. Ross Campbell Company, representatives for interests in the transaction.

The building, now occupied by Barker Brothers, will be completely renovated and remodeled to meet the requirements of the music house. This work will start as soon as the Barker firm moves to its new location during the first part of next year. The property has a frontage of 70 feet on South Broadway and a depth of 150 feet to an alley, and is owned by M. A. Newmark.

According to E. Palmer Tucker, vice-president of the Allen organization, the rapid expansion of their business in Los Angeles during the last several years has made it necessary to acquire larger quarters. The business of the firm has long been associated with the history of the Pacific Coast, particularly this city. The concern has been located at 416 South Broadway for several years.

Officers of the Wiley music house include Eleanora F. Allen, president; Frank Anyrs, vice-president; Mr. Tucker, vice-president; James J. Black, treasurer; R. B. Miller, secretary and L. S. Lindsey. Marcus L. Godfrey of the Campbell Realty Company also took part in the negotiations.

FILM STARS TO FETE SHRINERS

Beverly Hills and Hollywood Affairs on Tuesday

Notables of Screen Due to Entertain Visitors

Advance Representatives of Temples Arriving

Both Beverly Hills and Hollywood are planning elaborate affairs to entertain Shriners next Tuesday. Douglas Fairbanks and Tom Mix will be features of the former's effort, Charlie Chaplin of the Hollywood show, but Fairbanks will be called upon to double, as it is announced he and Mary Pickford will lead a parade from their studio to Hollywood Boulevard, where Miss Pickford will plant a Shriner's memorial tree.

From the standpoint of the executive committee in charge of the week, both entertainments are side shows. The Beverly Hills Shrine Club gives one and the Hollywood Shrine Club the other. Between them they lend the day a motion-picture tinge, which is heightened by the Spanish dinner and fandango to be given the same night at Warner Brothers' Vitagraph studio for members of the Imperial Divan and the Imperial Representatives.

BEVERLY HILLS PROGRAM

The Beverly Hills doin's begin at 2:30 p.m., and are advertised to conclude at 6 o'clock. Fred Sherman, president of the Beverly Hills Shrine Club; Nacio Herb Brown, chairman of the entertainment committee; Irving H. Hellman, chairman of the day, and Harry Morton, chairman of the finance committee, have the program in charge. Besides the rodeo, the parade, the personal appearances of film stars and the free refreshments, whippet races are promised, in which it is said that "the fastest dogs in the country are entered."

Not to conflict, the Hollywood program begins at 7 p.m., when, according to the official Shrine program, "a monster parade will pass along Hollywood Boulevard to the Hollywood Bowl, where a Shrine pageant, one of the greatest productions ever undertaken, will delight the visitors."

HOLLYWOOD PARADE

"In the line of march will be uniformed Shriners, bands and patrols, escorted by the Two-thirty-three Club, an organization of Masons connected with the motion-picture industry of Hollywood, and led by Buck Jones and Roy Clements, mounted upon their famous horses and followed by several hundred members including such famous picture stars as Charles Ray, Milton Sills, Richard Barthelmess, Wallace Beery, George Fawcett, William Russell, Raymond McKee, Bert Woodruff, Gayne Whitman, Jean Hersholt, Lincoln Plummer, Jay Hunt and Edwards Davis, president of the club," the program continues.

To this prospectus, a subsequent announcement from Shrine headquarters yesterday adds the following appearances at the Bowl:

May Allison, Lois Wilson, Marie Prevost, Anna Q. Nilsson, Alma Reubens, Norma Shearer, Raymond Hatton, Jack Mulhall, Mae Busch, Virginia Valli, Mary Akin, Louise Fazenda, Madge Bellamy, Marion Nixon, Helene Chadwick, Viola Dana, Shirley Mason, Lewis Stone, Hoot Gibson, Irene Rich (queen of the conclave;) Shannon Day, Patsy Ruth Miller, Monte Blue, Huntley Gordon, Syd Chaplin, Dorothy Devore (representing the "Spirit of Hollywood;") Mary Philbin, Laura La Plante, May McAvoy, Pauline Garon, Louise Dresser, Reginald Denny, William Desmond, Norman Kerry, William H. Crane, the "Our Gang" comedy team from the Hal Roach studios, Bert Lytell and Claire Windsor (their first public appearance since their marriage;) Buck Black (as Hollywoodians.

She's Small But She's All There

Nurse Proud of Tiny Infant

Above is shown Virginia Linares, who weighed only two pounds and five ounces when born last Monday, in hands of her nurse at Maternity Cottage.

TWO-POUND BABY GIRL IS DOING WELL

Maternity Cottage Says Tiny Mite Born on Monday is Fine Infant

She isn't so large but she's perfect.

Thus officials of the Maternity Cottage of Los Angeles, 127 South Utah treet, yesterday described the tiniest mite of humanity to come into the world in their experience—a baby girl weighing but two pounds and five ounces.

The wee native daughter, Virginia Linares, was born at the cottage last Monday. Nurses stated she has a fine appetite, a pair of lungs of which she need not be ashamed and a perfect physique.

Maternity Cottage is a philanthropic institution with a record of having cared for 6527 mothers through their most trying experiences with eminent success, the records showing but nine fatalities in eighteen years.

Returning after a year spent at the Chicago Lying-in Hospital as resident obstetrician and several months' study in Europe, Dr. Sterling N. Pierce will June 1 resume his old position as chief-of-staff of the cottage.

Notwithstanding that 40 per cent of the services of the Maternity Cottage are rendered to needy patients without charge, the medical attendance is maintained on a high plane. Only physicians duly licensed in obstetrics are admitted to practice. A competent corps of trained nurses and student nurses is maintained under the superintendent, Mrs. Kate Dufield.

As a nonprofit organization rendering an indispensable service free or at nominal cost, the Maternity Cottage, after careful consideration, thought it best not to place the cottage under the largess of the Community Chest, so it derives no support from that quarter.

TOP O' WORLD CLUB TO OPEN TOMORROW

The Top o' the World Club at Green Valley Lake, 6200 feet up in the San Bernardino Mountains, will be opened tomorrow, Memorial Day, with a carnival and general fiesta. Pancakes and coffee will be served free of charge and a cowboy band will be in attendance. A show depicting "The Days of '49" also will be staged. The club can be reached by way of Highland avenue to San Bernardino, thence to City Creek road and the Rim o' the World Highway.

MAY TOTALS SET RECORD IN BUILDING

Figure Expected to Reach $16,000,000; Aggregate for Year $66,359,210

Building permits for May to date have established new records in reaching the high figure of $15,051,771, a total gain of $6,301,839 over the entire month of May, 1924, it is revealed from statistics provided by the Southern California Chapter, Associated General Contractors. This places construction valuations at a new high mark, creating a new record that surpasses figures for any one month since March, 1924. With one day yet to go in May, it is expected that the $16,000,000 mark will be reached for the month.

Figures show that 19,024 permits have been issued since the first of the year with an aggregate of $66,359,210, a decrease of only $1,232,422 over the total for the same period last year.

FIGHT WON FOR AIR MAIL HERE

Postoffice Chiefs Approve Salt Lake Route

Service Probably to Start in Three Months

Griffith Park Field Chosen as Southland Terminus

The petition of the Los Angeles postmaster asking for the establishment of California air-mail service between Los Angeles and Salt Lake City to connect with the transcontinental air mail at Salt Lake City was approved by the Postoffice Department yesterday, Washington dispatches stated.

The department will advertise for bids for the Los Angeles-Salt Lake City route in ten days or two weeks but it probably will be some time in August or September before the service can be inaugurated.

It will be up to the postmaster at Los Angeles to see that a suitable landing field is provided at that city. Many concerns are keeping in touch with the department and it is understood they will be bidders for the new service so the department does not anticipate there will be any difficulty in letting a contract.

GRIFFITH PARK FIELD TO BE USED HERE

The Griffith Park flying field will be used by the air-mail planes coming to Los Angeles, Postmaster O'Brien announced last night when informed of the Postal Department's action.

"I am glad we have won out," he said, "for I have kept right after it. There will be no difficulty in securing a field, as there is a fine one in Griffith Park, which we can use with very few changes. It will be about ninety days before the service can be inaugurated."

Postmaster O'Brien yesterday started a petition for an air-mail and express service between Los Angeles and Portland, with stops at San Francisco and the important cities along the route. This petition will be sent to Washington and after a survey of the proposed route is made will be submitted to the Postal Department for approval.

ORATORICAL ORDER FIXED FOR FINALS

Speakers Assigned Posts on Program for College Contest Climax

The order in which the seven best orators from the colleges and universities of the United States will speak in the final meeting of the National Intercollegiate Oratorical Contest, to be held in Philharmonic Auditorium June 5, has been determined by drawings made by H. M. Haldeman, president of the Better-America Federation of California.

HARRY M. HALDEMAN

The contestants, in the order in which they will appear on the program, will be as follows:

(1.) C. M. Gifford, Wesleyan University, New England champion.

(2.) Edward F. Barret, Jr., Canisius College, Buffalo, N. Y., northern champion.

(3.) William F. Ryan, St. Edward's College, Austin, Tex., southern champion.

(4.) Jack P. McGuire, University of Oregon, Pacific champion.

(5.) George A. Creitz, Jefferson and Marshall College, Lancaster, Pa., eastern champion.

(6.) W. E. Bakke, Northwestern University, Central States champion.

(7.) J. Duane Squires, University of North Dakota, midwestern champion.

Three hundred and eighteen colleges and universities throughout the United States have participated in the contest, which is conducted by the Better-America Federation as a citizenship contribution.

FILMS TO SPEND $66,000,000

Schenck Says 81 Per Cent of Nation's Pictures to be Made in Los Angeles This Year

The motion-picture industry will expend more than $66,000,000 in Los Angeles this year and make here 81 per cent of the pictures produced in the United States, Joseph M. Schenck, chairman of the board of directors of United Artists, announced yesterday on leaving for a series of conferences in Chicago and New York. Plans for increase of the United Artists' foreign business, for distribution of five photoplays to be released in the fall, and for the future production schedule will be discussed on the trip, he said.

Mr. Schenck denied that United Artists is contemplating the purchase or leasing of theaters. The company, he said, intends to keep strictly to the production and distribution end and will not enter the exhibition field. He also said that Norma Talmadge will join United Artists after two more pictures for First National, and Constance Talmadge after four more pictures.

The production schedule will be discussed in Chicago with Hiram Abrams, president of United Artists, and with a number of exhibitors from various parts of the country. The meeting, he said, has no relation to the recent convention of independent producers in Milwaukee. In New York he will lay plans for more complete covering of the European field with United Artists pictures, and several million dollars, he said, will be spent in this expansion work. All the pictures of United Artists, he said, will be made in Los Angeles, and a year of unusual activity is contemplated.

The pictures for fall release, which, he said, have cost more than $5,000,000, are Douglas Fairbanks in "Don Q." Mary Pickford in "Little Annie Rooney," Charles Chaplin in "The Gold Rush." William S. Hart in "Tumbleweed" and Rudolph Valentino in "The Untamed."

The Lancer

by Harry Carr

ALIVE or dead, Capt. Roald Amundsen's flight to the Pole was worth while.

It was the last magnificent adventure that can ever happen.

Thrills and adventure are now as standardized as Ford parts.

OLD SIOUX PHILOSOPHY

No doubt Amundsen went out on this glorious quest with very much the idea that animated the old Sioux warriors.

It was their philosophy that man has only a few short years to live, anyhow. So a few years more or less nipped off are of small consequence.

In their opinion it didn't matter when you died; it was how you died. The great thing was to go out with a grand-stand finish.

HAPPY HUNTING GROUND

My old friend Schultz, who lived so long with the Blackfeet, tells me that the Indian "Happy Hunting Ground" was purely a white man's invention; the Indian had no such idea.

They didn't look forward to a future life of ease and bliss. On the contrary, to a rather bleak existence—like this only that it was to be a world of shadows. Shadow men hunting shadow buffalo.

THE BUNK PRINCESS

Speaking of Indians, these old bucks out in Hollywood must snicker as they confer upon beauteous cinema ladies the title of "princess." There is no such thing—and never was—as an Indian princess.

F. SCOTT FITZGERALD

The most interesting literary career of this generation is that of F. Scott Fitzgerald. It seems to me that he, more than any other, stands as the interpreter of the life of the bobbed-hair age.

"This Side of Paradise" was puppy love glorified. As Fitzgerald has grown older the generation of which he writes has slid on into the thirties.

His most recent book—"The Great Gatsby"—seems to show the soul of the flapper grown up and sadder—no longer thrilled by her own daring—having sat down to think it over.

To me, the note of it all is brave disillusionment. The courage to look at the dregs in the glasses—and not be embittered thereby.

A RACE MYSTERY

Mohammed Ben Abd-el-Krim, the Riff chieftain, who has been making life exciting for the French and Spanish armies, turns out to be brothers.

A correspondent of the New York World who has visited him finds them. Their names are exactly the same, except that one spells the first name "Mohammed," the other "M'hammed."

Also, they are not Arabs. The Riffs, he discovers, are an alien Nordic people of obscure origin, who drifted into Africa somewhere in the mists of the past.

They have over the Arabs a hold that no Arab ever succeeded in getting.

NEW ENGLANDERS TO MEET

The program committee has secured ex-Gov. F. W. Plaisted of Maine as the orator of the day for the New England picnic Saturday, in Sycamore Grove Park. Hot coffee and baked beans will be served but picnickers will take basket dinners and suppers. Dr. and Mrs. Edward M. Hiner will be on the musical program. County registers will be open for each State.

But romance does come into the life of Ella Cinders and you'll never guess what she goes through until you see the comic strip beginning in The Times on Monday.

Ex-Secretary Fall Hit in First Decision Linked to Oil Scandal

DOHENY WILL APPEAL RULING

Cancellation of Elk Hills Leases is Ordered

Decision Holds Secrecy Was Not Military Exigency

Loan to Fall Hit as Not Usual Business Method

(Continued from First Page)

and to receive payment from the plaintiff for the cost price of the storage facilities for crude oil products completed and installed at Pearl Harbor, together with the cost of such fuel oil contents thereof, as have been to the date hereof placed within such storage facilities . . . The plaintiff will also be required to pay or to credit the defendants with such money as has been actually expended in drilling and putting on production any wells drilled under the lease of June 5, 1922, or the lease of December 14, 1922."

The government has paid considerable for the work done by Doheny interests and still owes a considerable amount. On the other hand, the Doheny interests have taken considerable oil out of the leases, and, because of all these matters, adjustment must be made and, therefore, the court continues the receivers and appoints a special master in chancery to carry out the decision.

STATEMENT ON FALL

It was one of the government's contentions that Fall, by use of fraud, had got the then President Harding to transfer control of naval oil reserves from the Navy to the Interior Department, which transfer resulted in Fall then being able to consumate the successive deals with Doheny. The court recites some of the facts of the transfer and found that Fall "did not make any false, fraudulent or untrue representations of fact" to the President.

In face of strong opposition and defense testimony and statements to the contrary, the government sought to show the court that Fall had dominated the deals from start to finish. About this situation the court found that "said Fall dominated the negotiations that eventuated in the contracts and leases in the suit." It was immediately following this that the court found that Denby had only a passive part, signing contracts, which he did not fully know about.

A detailed account of how Fall controlled negotiations which led to the Doheny interests getting the award for the Hawaiian defense construction is contained in the court's findings and, in effect, recites in several instances that open dealings were absent, and finally, under conclusions of law, the court held that Doheny and Fall "did conspire and confederate for the making of certain contracts and agreements of great benefit and advantage to the Pan American Petroleum and Transport Company."

The court says that due to Fall's interest in furthering the contract with the Doheny interests, the interests and "its engineering representative, J. G. White Engineering Corporation, were kept in close touch with the development of plans." The Doheny interests, according to the court, enjoyed in this respect, advantages which "no other bidder was offered."

Likewise the court went deeply into the conditions surrounding the leases of government oil lands procured by Doheny interests through Fall and recites in effect that open dealing here also was lacking. Fall is asserted by the court to have made representations in these matters, which so far as Fall was concerned, "were false and untrue and known by him so to be." The court found that Doheny and Fall "did act in co-operation and collusion with respect to the royalties" agreed upon in leases in question in the suit.

On the serious legal question which the government raised, as to whether the President had legal right to transfer control of naval oil reserves from the Navy, where Congress placed the control, to the Interior Department, as effected at Fall's asserted instance, the court found that the transfer order, issued by President Harding, was "ineffectual and in excess of the executive power of the President" in so far as it attempted to transfer a discretionary power.

The court points to evidence to show that Fall knew of objections to the whole deal because of this legal doubt. The court's finding on the point supports the government's contention in the trial.

ORDERS ACCOUNTING

The court concludes that the Doheny interests should forthwith surrender the reserves at stake in the suit and be enjoined from removing any materials now on the reserves. The conclusion calls for an accounting of oil taken by the Doheny interests from the voided leases and for complete settlement of credits and debits as the situation now stands.

One of the contentions of the Doheny interests was that it was necessary to lease the naval reserves in question in order that oil could be taken from them by the government to save the oil from being withdrawn by private interests on leases adjoining the government's property. In at least one instance the court found that such drainage occasioned no necessity for some of the leasing at the time it was done.

The court said it is immaterial whether others of the Pan American companies knew of the Doheny-Fall $100,000 deal.

One of the government's contentions in the suit was that the Navy and Interior Departments had no authority for the exchange of crude petroleum taken from the reserve for construction projects for the storage of commodities obtained through similar exchange of crude for commodities. The court did not sustain this contention.

The trial of the case began in October and ended in November. Owen J. Roberts of Philadelphia and Atlee Pomerene of Cleveland, O., headed government counsel. They were appointed by President Coolidge to investigate the oil frauds disclosed in the United States Senate oil investigation. Frederick R. Kellogg of New York, Frank J. Hogan and Joseph J. Cotter, both of Washington, headed the Doheny counsel.

The case attracted national attention. A veteran Washington and New York news correspondent described it as "the greatest civil case the country has ever seen."

COUNSEL FOR DOHENY SAYS APPEAL CERTAIN

[BY A. P. NIGHT WIRE]

WASHINGTON, May 28.—Frank J. Hogan of counsel for the Doheny oil interests, announced after receiving word of Judge McCormick's decision in favor of the government in its suit to cancel the Elk Hills naval reserve leases, that the defendant companies would appeal the decision to the United States Circuit Court of Appeals.

HIGH LIGHTS OF DECISION IN DOHENY OIL CASE AS GIVEN BY FEDERAL JUDGE M'CORMICK

High lights in Federal Judge McCormick decision yesterday in the Doheny oil case follow:

United States District Court finds fraud, collusion, conspiracy, favoritism and technical illegalities underneath deals whereby Doheny oil interests procured control of 30,000 acres of $100,000,000 government naval oil reserves in Kern county and finds leases should be canceled.

Court finds Edward L. Doheny, local oil magnate, and Albert B. Fall of New Mexico, Secretary of the Interior of the United States in 1922, chiefly responsible for leases. Edwin Denby, Secretary of the Navy at the time, is found to have had a passive part, signing away government rights of immense value under misapprehension and without being fully aware of contents. Admiral John K. Robison of the United States Navy found to have been Fall's principal co-worker but court believes Robison was not aware of full purport of what he was doing.

Doheny is found to have turned over $100,000 cash to Fall, as a personal transaction, under suspicious circumstances which the court described in severe terms and finally stamped as a "colossal infamy regardless of whether it were a bribe, gift or loan."

Judge McCormick, who wrote the decision, asserts that the injury that has been done the nation as well as the distrust of public officers that it has caused, cannot be overestimated. He declares the $100,000 Doheny-Fall transaction was the "central, insurmountable and decisive fact in the case."

President Harding exceeded authority when he transferred control of vast naval oil reserves from Denby to Fall at request of Fall, who later turned over a great and valuable area to Doheny interests, according to finding.

Government held to have received good value for the $15,000,000 government defense projects contructed for it at Pearl Harbor, Hawaii, by Doheny interests and government is not entitled to recover what it paid and should pass what is due on their account.

Accounting of all exchanges between government and Doheny interests should be made and ultimate settlement established on that basis.

Receiver continued for Doheny organization involved until matters are fully adjusted. Special master in chancery to take charge. Decree to carry out decision order prepared.

Mr. Hogan described the equity proceedings in which the decision was rendered today as "preliminary" and "not at all final." It is to be expected, he said, that whichever side wins in the appeal, the case will be presented for review to the Supreme Court of the United States.

In its next stage, he explained, the case will be reheard by three United States judges constituting the Appellate Court of San Francisco next fall. As a proceeding in equity, he explained, the case will be reheard in its entirety.

Mr. Hogan said the appeal probably will be filed at Los Angeles in about a week, formal entry of the judgment handed down today by Judge McCormick is not being expected before that time.

GOVERNMENT COUNSEL PLEASED BY DECISION

[BY A. P. NIGHT WIRE]

PHILADELPHIA, May 28. — Owen J. Roberts, special counsel for the government in its oil-lease litigation was "highly gratified" tonight to learn of the decision of Judge McCormick in the government's suit against the Pan American Petroleum Company. Its significance, he said, undoubtedly would have influence on the outcome of other pending suits by the government involving oil reserve leases and contracts studied by the Senatorial investigators.

TRAFFIC SIGNAL ORDERED

The installation of an automatic traffic signal at Second street and Western avenue has been ordered by the City Council, and will be one of 100 intersections outside of the downtown district which are soon to be protected by these signals.

STREET OPENING SOUGHT

Property owners have petitioned the City Council to open and extend Myrtle street and Trinity avenue from Pico street to Washington street.

FILM STARS TO FETE SHRINERS

wood youth,) and Fischer's physically perfect children.

WAMPAS ASSISTING

The committee in charge is composed of Fred M. Murphy, chairman, E. W. Rowland, director; Charles E. Bosg, chairman of the parade committee; Frank E. Wright, president of the Hollywood Shrine Club; Albert B. McGaffey Past Imperial Potentate, and Horace J. Mock, secretary.

Previous to the entertainment in the Bowl, there is a program of sightseeing trips, in charge of Frank C. Foster and George Williamson.

The Wampas (Western Motion Picture Advertisers) is co-operating with the Shrine Club in making possible the personal appearance of such numbers of film stars.

REPRESENTATIVES OF TEMPLES GATHERING

F. F. Atkinson, Chief Rabban of Ben Ali Temple, Sacramento, and Elmer J. Walther of the State Corporation Department, are already in town as advance agents for their temple, making arrangements to assist Al Malaikah Patrol in escort duty for arriving temples due Sunday and Monday. Led by Illustrious Potentate H. McD. Cameron, Bel Ali will arrive here Saturday night at 8 o'clock.

Abou Saad of the Panama Canal Zone, was the first temple to send an advance guard. They will be followed at 7:40 a.m. today by about a dozen representatives of Ismailia Temple, Buffalo. The real invasion begins in earnest tomorrow.

BALL PLANNED FOR VISITING TRAINMEN

Headquarters for visiting railroad men who come here attached to traveling Shrine temples, have been established at the Business and Professional Men's Club, 1326 West Fifteenth street. A reception and ball will be given them in the Assembly Auditorium, 833 South Central avenue, Wednesday, June 3, from 8 p.m. to 1 a.m. Titus Alexander is chairman and Willis O. Tyler secretary of the citizens' committee in charge.

SHRINERS TO BE GIVEN THOUSANDS OF ORANGES

Through arrangements made by A. G. Arnoll, secretary and general manager of the Los Angeles Chamber of Commerce, thousands of oranges now on display at the Valencia Orange Show will be given to visiting Shriners during their stay in Los Angeles, from the information desks in the exhibition hall of the chamber and at the entrance to the general offices on the eighth floor.

Libels Filed on Stores of Wine Held on Permits

Federal government libels against two stores of wine held under government permit were filed yesterday in United States District Court by Dep. U. S. Atty. Donald Armstrong, involving 1203 gallons said to be in the possession of Ferdinand Dalusio near Los Angeles, and 1500 gallons asserted to be held by Umberto Gomierto, 1622 North Main street. Charges of illegal sale of a portion of the wine also are included in the complaints. The court is petitioned to permit seizure and destruction of the wine.

CIVITAN CLUB TO MEET

Many noted Shriners, in Los Angeles to attend the convention, will be guests of the Civitan Club at the luncheon to be given by that organization next Thursday at the Biltmore Hotel. All members are urged to be present.

SORRENTO FACTS WITHHELD

Dep. Dist.-Atty. Dennison Refuses to Testify at Hearing; Santennielli Held for Trial

The hearing of Joe Santennielli, lessee of the Sorrento Club on West Sixth street, where "Farmer" Page shot to death Al Joseph, gangster, some months ago, struck a temporary snag yesterday when Dep. Dist.-Atty. Bennison, who had been summoned by the government as a witness in the case, flatly refused to testify.

The unexpected refusal of the Deputy State Prosecutor to give evidence was the highlight of the hearing. At its conclusion, however, United States Commissioner Turney held Santennielli for trial in Federal Court under $5000 bail. The prisoner is charged with maintaining and operating a public nuisance, his arrest coming as an aftermath to the affray at the club.

Mr. Dennison, who was accompanied to the hearing by Dep. Dist.-Atty. Davis, the latter acting as defense attorney for his fellow-prosecutor, was summoned as a witness by United States Dep. Dist.-Atty. Lucas. His testimony was wanted to clear up certain angles connected with the lease, as he had come into the possession of much information relating to the property during his investigation into the killing of Joseph.

Dennison declared he would not testify because the information was given him in his capacity as a public official and he was therefore not at liberty to divulge it.

Among other witnesses were Brice Clagett, president of the Seaboard Development Company, of which William G. McAdoo is one of the organizers. Mr. Clagett testified that the lease for the club was made out to Santennielli.

C. A. Williams, an agent for the Charles G. Andrews Realty Company, also was a witness. He testified that three days after the slaying of Joseph he posted a notice on the property informing Santennielli that he must vacate the premises, as the lease gave him only the right to conduct a club and a tea room at the place.

Other witnesses were Federal Prohibition Agents Bybee and Dausman and former Federal Prohibition Agent Weymouth.

HIGHWAYS IN STATE HELD GREAT ASSET

Former Automobile Club Counsel Talks of Further Road Building

California's greatest asset is its highway system, according to David R. Faries, former chief counsel of the Southern California Automobile Club, who addressed the Chamber of Mines and Oil yesterday noon at a luncheon in the Biltmore Hotel.

"The Riviera on the shores of the Mediterranean is one of the world's most popular pleasure resorts," said Mr. Faries, "yet world travelers have said that the beauty and charm of that region is due principally to its man-made attractions, its natural advantages being totally eclipsed by the scenery and climate of our Pacific Coast.

"This observation emphasizes the necessity under which California labors, of making the most of its natural attractions, by the construction of highways which will make our scenic beauties easily available both to our guests and to ourselves.

"California so far has completed only about two-thirds of its highway system, the remaining third being still unconstructed, or still under county jurisdiction. We have spent $117,000,000 on this work, and before we have completed our present projected highway system, we will spend $214,000,000 more. The gigantic scale of this highway scheme both from a financial and engineering standpoint is difficult to grasp, unless we compare it with some such project as the Panama Canal, which was less expensive, and a simpler engineering problem than the construction of California's highway system."

Mr. Faries said that California's 1,100,000 automobiles constitute almost as great a number of motor cars as is to be found in Great Britain, and that the number of automobiles registered in Los Angeles alone is almost as great as all the cars in France.

EVOLUTION OF MEXICO STRESSED

Dr. Swigget Tells World Traders of Plans Made for National Development

The eventual evolution of Mexico into a prominent factor in international affairs was stressed last night by Dr. Glen Levin Swiggett, professor of world markets at Georgetown University, in an address before members of the World Traders' Society of Los Angeles in the Mary Louise Tea Room, 2200 West Seventh street. Prof. Swiggett, who is in Los Angeles to arrange the reception for the Mexican students winning the Mexican contest on constitutional government, is also chairman of the national committee on commercial engineering and of the national council of foreign service training.

The meeting of World Traders last night was the first of a series of meetings destined to bring about a closer relationship between the foreign consuls of the city and those interested in international trading.

"By all that the word nation seems to us," he said, "Mexico is being born today a nation. Far-seeing plans are being made by men of vision and undoubtedly pure motives—educational reformers, many of them are—for the realization someday of Mexico's national birthright, for the social and economic freedom of her people.

"The Obregon-Calles program is social, not Socialist. Their desire, repeatedly stated, is that there is incorporated in a common national life, truly civilized, the myriads rural or native groups or communities of which Mexico today consists. Their program as expressed in their acts and decrees is to organize these countless isolated groups into larger and ever larger groups until their dream of a social federated republic is realized."

'MRS. TAFT' MOTHER OF FIVE BABES

Proud Parent Hatches Out Flock at Cawston Ostrich Farm

Five babies were born to "Mrs. William Howard Taft" yesterday. That is, the namesake of the wife of the Chief Justice and former President at the Cawston Ostrich Farm yesterday hatched out five baby ostriches. The event was not unusual in the life of "Mrs. Taft," except that chicks are usually hatched in an incubator.

Mother and father are doing well and the chicks are, too. "Mr. and Mrs. Taft" yesterday were receiving congratulations from the other denizens of the ostrich farm, including "Mr. and Mrs. Coolidge" and other namesakes of famous people.

"Mr. Taft" is the largest bird on the farm, weighing 350 pounds. He and "Mrs. Taft" have been married for twenty-eight years.

Unlike human beings, ostriches keep the same mates until death, divorce courts being unknown.

Two of the youngsters are shown in the above photograph properly chaperoned by Eugenia Gilbert and Maxine Coeleman.

EDISON ASKS PERMIT FOR POWER LINE

Company Plans High Voltage System from Big Creek to Cost $6,000,000

To make available the tremendous hydroelectric power in its high Sierra plants, the Southern California Edison Company yesterday laid before the State Railroad Commission its plan to construct a $6,000,000 high-tension transmission line from the Big Creek region above Bakersfield across four counties to Los Angeles.

At a hearing yesterday by Examiner Williams representatives of the company said it will take two years to complete the line. Demands for electric power at the present time, they said, are overloading the two existing lines into Los Angeles from the Big Creek plants.

The new link will be a 220,000-volt line, 225 miles in length, and will make possible the delivery of 150,000 additional kilowatts, or a total of 425,000 kilowatts.

CZAR'S OFFICER TO SPEAK

Donald C. Thompson, once a captain in the Czar's guard, author and war correspondent, will appear as the chief speaker at the luncheon meeting this noon of the Arnama Club at the University Club. He will discuss his experiences while serving under the Czar and as a United States secret service operative during the war. Attorney Dailey S. Stafford will be chairman of the day. He has arranged an elaborate entertainment program.

SEASON TICKETS FOR SHRINE PAGEANTS AT COLISEUM ARE REPORTED TO BE GOING FAST

Just one week before the Imperial Shrine Conclave opens the advance sale of season tickets, at $5.50 each, was announced yesterday at Shrine headquarters to be 21,000, leaving 39,000 unsold. Tickets are now on sale at the offices of the B. H. Dyas Corporation and all the principal banks and their branches.

With the arrival of the visiting crowds due here late this week, a heavy rush on all remaining tickets is expected and Los Angeles residents who wish good seats in the Coliseum, where all events will be staged, are urged to make their selection early. Each ticket sold entitles the holder to the same reserved seat throughout the week.

PRINCIPAL STORE SEVENTH ST. AT UNION AVE.

All Young's Stores Closed Saturday, Decoration Day

Young's should be the Mecca for those who are planning to go to the country, or the sea-shore, this week-end.

—but just say "outing" to the average homemaker, and it brings up visions of extra effort making ready a suitable supply of foods for the occasion—likely to nullify any pleasure which she might have anticipated.
Make the outing enjoyable by freeing it from drudgery—get the splendid ready cooked foods which are shown in such great abundance — at all Young's Delicatessens.

At All Young's Stores FRIDAY

BELGIAN HARES	Frying size, lb. 36c	MILK VEAL ROAST	Shoulder, lb. 14c

4 out of 5

Dental statistics show that four out of every five over 40—and thousands among younger people—are victims of Pyorrhea. Will you escape?

Pyorrhea is a disease of the gums—*not* the teeth

That's one outstanding fact everybody should know. And if everybody did know it, the number of Pyorrhea's victims would soon be greatly reduced.

You may take splendid care of your teeth—brush them several times a day—and still get Pyorrhea. Once Pyorrhea secures a firm hold, pus pockets form, gums become weak and flabby, the teeth loosen and fall out no matter how white and sound they may be.

Forhan's means healthy gums

It contains the right proportion of Forhan's Astringent, as used by the dental profession in the treatment of Pyorrhea. Forhan's protects and preserves the gums, keeping them in a firm, pink, healthy condition, cleans and whitens the teeth, and keeps the mouth sweet, fresh and wholesome. If you don't care to discontinue the tooth paste you are now using, at least brush your teeth and gums once a day with Forhan's. Forhan's is more than a tooth paste; it checks Pyorrhea. Thousands have found it beneficial for years. For your own sake ask for and get Forhan's For the Gums. At all druggists, 35c and 60c in tubes.

Formula of R. J. Forhan, D. D. S. Forhan Company, New York

...DIO COMPANY ...S KHJ SPONSOR

...Concern Dedicates New Quarters

...Band Gives Spritely Novelty Concert

...French Barr Back in Art Song Group

...Y CLAIRE MELLONIND

...the Alva Radio Company ...ained by a group of radio ... and the organization ...into its new quarters at 747 ...Alvarado street. It was de... to come to KHJ to extend a ...welcome to Radioland and ...tinuously entertain the lis... with delightful music.

...keeping with this desire to ...only the best of music our ...tron secured the services of the Alva Radio Trio, composed of Fryor Moore, director and violin; C. G. Stewart, 'cello, and Juan Aguilar, piano, and Ralph and Raymond Cowley, in vocal duets.

Comprising three excellent musicians, the Alva Radio Trio contributed a well-chosen program of popular classics, each number of which they delivered with warmth, spirit and an intimate knowledge of tradition that spoke of careful study. Ralph and Raymond Cowley rounded out a delightful hour with duets of unusual variety.

SCIOTS BAND PLAYS

From 8 to 9 p.m. Radioland was given an appetizing taste of what is to be served in large portions throughout the coming record-breaking week as a feature of the Shrine convention. The Ancient Egyptian Order of Sciots Band, Los Angeles Pyramid, No. 39, under the able direction of Robert Curns, presented irresistible marches, selections from comic operas and several novelties, all of which were given with excellent ensemble and with a zest that makes a band an ever-desirable addition to any program. Mr. Curns has directed other similar organizations at KHJ in the past and we welcomed him back after a long absence.

This program also marked the return of one of KHJ's old favorites, Melba French Barr, whose gorgeous soprano voice was one of the first broadcast from our station. Accompanied by the band, she gave a group of art songs in which she revealed her musicianship and finely tempered emotionalism.

MATINEE PLEASES

The matinee hour, presided over by the Pacific States Electric Company, consisted of the Arion Trio, Fred Mayo, steel guitar; Joseph Heindl, 'cello; Leo A. McGuire, Irish songster, and Wesley B. Tourtellotte, versatile pianist. It was Joseph Heindl's first afternoon appearance for many days, and his customary excellent performance added charm to the musicale.

The noon hour introduced Ory's Creole Orchestra, which furnished a snappy brand of syncopation in its appearance through the courtesy of the Arabian Knight Cafe.

The 'Children's Hour" included Prof. Walter Sylvester Hertzog, the Radio Historian; "Sunny" Jane Hughes, screen juvenile; Dickie Brandon, screen juvenile; Jeanne De Bard, 5-year-old gifted pianist; Jane Kramer, 10-year-old singer; Mary Jane Reilly, 3-year-old reader; Helen Frances Levy, 4-year-old reader, pupil of Mrs. Leland Moore; Annie Lawrence Wheeler, reader; Leola Dolbec, 10-year-old reader; Phyllis Louise Jones, 6, and Francis V. Earnest, 7, the latter two being reader-pupils of Carter Weaver.

A feature of The Times Shrine radio marathon will be a series of five talks by Dr. Phillip M. Lovell daily at 8 a.m. Dr. Lovell will discuss "Diet in Its Relation to Health and Disease." The first talk will be next Tuesday.

Visiting Shriners are invited to join the setting-up exercises each day at 7 a.m. broadcast from KHJ under the direction of Barclay L. Severns.

K-H-J The Times

RADIOPHONE

TODAY'S PROGRAM

7 to 7:20 a.m. "Setting-up Exercises," by Prof. Barclay L. Severns.

12 to 12:30 p.m. Leighton's Arcade Cafeteria Orchestra, Jack Cronshaw, director.

12:30 to 1:30 p.m. Program presenting Owen Fallon's Californians, in an hour of dance music.

2:30 to 3:30 p.m. Program through the courtesy of the Pacific States Electric Company, presenting Titian Trio, Karl Brandenburg, tenor, and Grace Currey, harpist.

5:30 to 6 p.m. Leighton's Arcade Cafeteria Orchestra, under the direction of Jack Cronshaw.

6 to 6:30 p.m. Art Hickman's Biltmore Concert Orchestra, Edward Fitzpatrick directing.

6:30 to 7:30 p.m. Children's program presenting Prof. Walter Sylvester Hertzog, in a story of American history. Catherine Cotter, Little Sweetheart of Radioland, pupil of Marshall Stedman. Betty Jane Glassbrook, 6-year-old reader, pupil of Winifred Pollard. Carol Brittle, 7-year-old reader, pupil of Winifred Pollard. Peggy Milholland, pianist, 6 1-2 years of age. Billie Haynes, 12-year-old girl singer. Rose Schwartz, reader. Kenneth Larson, 12 years of age. Donald McKenzie, 14, and Daniel De Luce, 13, saxophonists, pupils of Kathryne Thompson.

7:30 p.m. Gladys De Witt, will give her weekly talk on "The Romance of the Santa Fe Trail."

7:45 p.m. Judge Ira F. Thompson will speak on "John Adams."

8 to 10 p.m. Program through the courtesy of the Western Auto Supply Company, arranged by their representative, J. Howard Johnson. Presenting Titian Trio, composed of Winifred Schutten, violinist and leader; Marion Matthews, 'cellist, and Mona Content, pianist. Edward Novis, baritone. Colombia Trio (Hernandez brothers.) Lenore Killian, contralto. Raymond McFeeters, pianist.

10 to 11 p.m. Art Hickman's Dance Orchestra, Earl Burtnett, leader.

Knabe piano used through the courtesy of the Fitzgerald Music Company.

Local Schedule

POLITICS

THE WATCHMAN

Trend of Political Thought and Action

BY THE SENTRY ON HIS BEAT

City Attorney Stephens yesterday rendered a ruling to City Clerk Dominguez that in cases where names of candidates are written in on the ballot at next Tuesday's election these "write in" votes must be counted for the candidate whose name was written in, even if the name of the person for whom the ballot is cast is misspelled or incorrect initials are given. There is no requirement that indelible pencils shall be used, nor is there any provision requiring the City Clerk to supply the election booth pencils. In some districts a rather large "write in" vote is expected in favor of candidates who were not nominated.

Councilman Walter Mallard, who is retiring after thirty-four years in public life with a record of never having been defeated for public office, yesterday indorsed the candidacy of former Councilman Frederick C. Langdon in the Eleventh Councilmanic District. "Dr. Langdon is thoroughly honest and dependable," said Councilman Mallard, "and has proved by his record during his five terms in the Council that he merits the confidence of the people. I hope that Dr. Langdon will be elected." The large number of organizations indorsing Dr. Langdon's candidacy include the United Church Brotherhood, Retail Druggists' Association, Hotel Men's Association and Republican Protective League.

Campaigners for the election of E. E. Moore to the Council from the Sixth Councilmanic District yesterday urged all voters to go to the polls next Tuesday before the Shrine Week program for that day begins. The Moore campaign committee announced that Mr. Moore's candidacy had been indorsed by the Improvement Association of Hyde Park of which Forest F. Brown is president, and by Mrs. Sarah Hawley, who was a candidate from this district at the May 5 primaries.

Mark A. Pierce, who was high man in the Tenth Councilmanic District contest at the May 5 primaries, has issued a strong statement declaring his undivided support for the maximum utilization of the waters of the Colorado River for increasing the water and power supply of Los Angeles and other California communities, and declared that, if elected to the Council, he will give his support to measures to bring this water and power to Los Angeles.

"Extend Broadway and cut Hill street through to Manchester avenue. Give the southern section of the city a chance to reach the business section with the least possible delay," Howard W. Davis, candidate in the Seventh Councilmanic District, said yesterday. "These are projects which demand the city's attention. While the business section of the city is developing southward give it all the encouragement possible because this extension will help to relieve the congestion which has become one of the city's biggest problems.

"I am heartily for the plan for improving South Park and for the completion of the Exposition Park project to the minutest detail."

The Davis committee at a meeting last night at 4305 Moneta avenue reported practically all plans complete to get out his vote next Tuesday in spite of the fact that the Shrine parade will occur that day.

The candidacy of R. S. Sparks in the Fifth Councilmanic District has been indorsed by Mrs. Dora A. Stearns, who was a member of the Board of Freeholders, and by Charles C. Weickman and Merton H. Elliott, Councilmanic candidates in this district at the primaries.

James H. Dodson, Jr., candidate for the City Council in the Fifteenth Councilmanic District (Los Angeles Harbor) announced yesterday that his candidacy had received the indorsement of E. M. Reimiller and C. B. Minter, candidates for the Council in this district at the primaries.

The Municipal League has indorsed Propositions 1 (water bonds;) 2 (Colorado River Aqueduct engineering work bonds;) 3 (branch library bonds;) 4 (bridge bonds;) 5 (pedestrian subway bonds,) and 7 ("straw" vote on Colorado River water district) on the ballot at next Tuesday's election.

PIPE ORGAN WILL BE DEDICATED TOMORROW

Dedication of the world's largest pipe organ will take place tomorrow at 3 p.m., at Roosevelt Memorial Park, One Hundred and Eighty-second street and Normandie avenue.

Clarence Reynolds of the Denver Municipal Auditorium, has been brought here to play the dedication concert. Congressman Lineberger will be speaker of the day and will be introduced by Mayor Cryer. Joseph Conlin, tenor, a student of the man who trained Caruso, will sing, and the drum and bugle corps of Roosevelt Camp, United States Spanish War Veterans, will take part.

SHORT LIVED

Nowadays a popular song is one that loses its popularity on the second week out.

LOOKS LIKE PEACE

We are promised a quiet summer in Washington, which is good peace news. It's as good as disarmament.

JUST AN EYEFUL

A number of fashionable women abroad are wearing monocles, but it is not with the thought that the naked eye is immodest.

THE WAY IT WORKS

Garlic is mentioned as a sure preventive of many contagious diseases. Even the folks who have smallpox will keep away from a guy who has been nibbling garlic.

HOW TO COOL OFF

Geographers have ascertained that, as one climbs a mountain, temperature drops one degree for every 600 feet. A good way to cool off, therefore, would be to go mountain climbing.

THE BEE'S KNEES

It seems that when bees find honey-bearing flowers they convey the news to other bees in a sort of a communal dance. Just the same as in a downtown cafe. A man dances with his honey.

A DOG'S LIFE

Paris is boasting of the circumstance that a beauty parlor for dogs and cats has been opened in the French capital. They have had them in this country for several seasons and some of our gay dogs are regularly groomed and manicured.

BANANA-LAND

A Johns Hopkins botanist has a collection of banana seeds from a coal bed near Bogota, Colombia, which shows that the banana was developed by Indians, along with corn, beans, tobacco and tomatoes, and is truly a South American product.

THE ICE AGE

Dr. Humphreys of the United States Weather Bureau says that if the sleet and snow left by the Ice Age on mountain tops and around the poles were melted enough water would be released to raise all the oceans an average of forty feet. So it will be a long time before the earth as a whole goes bone-dry.

THE SOURCE OF HEAT

It used to be supposed that the earth's temperature came from internal heat. Recent experiments have shown that the amount of heat coming out of the earth is negligible—about sixty calories a year per square centimeter of surface. This is less than the heat produced by every hour of sunshine. Mother Earth passed through the period of her flaming youth long centuries ago and now draws her warmth almost wholly from the sun.

WATER AND RAILS

Through the enterprise of the Southern Pacific Railroad Company another new empire is to be added to the vast domains of the arid Southwest. The new main line through Phoenix, Ariz., will open up the Gila Valley country containing nearly half a million acres of fertile land underlaid with an ample supply of water. On a smaller scale the miracle of the Imperial Valley will be repeated in our sister State. So the path of empire having reached westward to the Pacific is being retraced to pick up treasures overlooked in the first grand rush for more directly available riches.

RIFFS ARE LIKE IRISH

The Riffs have one characteristic in common with the Irish—they refuse to submit tamely to foreign dominion. Under the Wilson banner of self-determination they are putting up a stubborn front to break which promises to cost France as well as Spain more than the victory will be worth. Abd-el-Krim is a hard nut to crack and before his shell is broken he may involve Europe in another dangerous Algeciras conference. As time goes on it becomes more and more evident that a Monroe Doctrine for each continent, with power to uphold it, is one of the leading world needs if we are ever going to outlaw war.

AMERICAN RUBBER

How much longer is American industry to be left at the mercy of a British rubber monopolistic, trade-restricting organization? Secretary Hoover tells us that by 1930 at the latest America will face a rubber famine if this British control continues. This combination to restrain trade has been in operation for some years. Mr. Hoover says it takes six years for a rubber tree to come into bearing. Our capitalists have had plenty of time to break the British rubber monopoly before the threatened year of dearth comes around. The Philippine Islands are as well adapted for growing the rubber tree as the country back of Singapore. Yet our business men continue to leave one of our main industrial raw materials entirely in foreign hands.

EIGHT YEARS AFTER

Nearly eight years have passed since a militant group of Communists overthrew representative government in Russia and established a reign of terror that has cost Russia more lives than were lost on all fronts during the World War. The destruction of property is unparalleled in history, and the condition of misery of the majority of the Russian people beggars description.

Communist leaders, most of them former Nihilists, asserted that it was necessary to clear the country of the "plague of a capitalistic civilization" before a new civilization under which there would be no rich and no poor should be established. The destructive process was completed within a few months. The dictators simply issued a proclamation that all property belonged to the government, and national confiscation followed.

Almost overnight Russia ceased to be a productive state. There was scant inducement to produce anything when the producer was not permitted to enjoy the fruits of his industry. The government lived on plunder, and its example was followed by bandit groups all over the country. There were only two classes in Russia, the plunderers and their victims.

But the hour was bound to come when plunder must cease for want of material. Then the dictators found it necessary to begin to restore what they had so ruthlessly and murderously destroyed. The dictators offered what on their face seemed to be highly favorable inducements to foreign investors. They sought to allure back the capital they had driven forth. The privilege of private ownership was restored; one does not say the right because right ceased to exist in Russia when the Communists overthrew the Kerensky republic.

The appeal accomplished little. Persons outside Russia possessing capital did not care to risk it in the hands of known robbers and thieves. A soviet promise is worth no more than the paper rubles issued by the soviet government.

Eight years under any form of government is a sufficient length of time to give it at least a preliminary test. If there is any good in it that good should be apparent in eight years. What are the conditions in Russia in the eighth year under Communism?

That question is answered by two recent dispatches from Europe. One relates that the Communist dictators are assembling an army of 1,000,000 men to invade Rumania; that the Communists are prepared to make war on all their supposedly weaker neighbors. The other contains an appeal from Lunacharsky, soviet Commissar for Education, for private subscriptions from every citizen to relieve "hundreds of thousands of vagrant children, some degenerated into a state of semisavagery, some bordering on idiocy, while others have had their wits so sharpened and excited by collision with life that they have become dangerous enemies to society."

This quotation is from an official document. Lunacharsky says further that the neglect of the children is "the most terrible ulcer on the soviet union's body" and that the state has not the available funds to afford the necessary relief.

Here we have the actual effect of eight years of Communism. Despite all the protestations of service for the common people, all the promises to banish poverty and put an end to war, the dictatorship of the proletariat stands exposed as the most malignant enemy of the common people of modern times. While the dictators are spending hundreds of millions of dollars, part representing plunder and part wrung from the peasants in the form of taxes, in organizing and equipping armies to invade neighboring states, millions of children are reduced through starvation and lack of moral and religious training to a condition still lower than that of any so-called savage people at present on earth.

Millions of rubles for war and millions of children whose lives are wrecked, buds that wither and will never burst into bloom. Communism, like other forms of government, must be judged by its practices. It has proved a greater scourge to the Russian people than any malignant disease that has swept the world in a century; and the menace for the future is apparent in the confessed squalor and conditions breeding crime in which the present generation lives.

Consider what those children are today and you will be able to form a fairly just conception of the Russia of tomorrow. Lunacharsky says the condition of these children is "the most terrible ulcer on the soviet union's body." This is a confession that there are other ulcers, that the whole body is diseased. Such is the condition. But what is the remedy?

Shall the rest of the world stand idly by while the whole Russian people revert to a condition to which that of the beasts of the field is preferable? That question may perhaps be evaded for another eight years; but somewhere and sometime it must be answered.

Sooner than that, perhaps, must the Christian nations of the world decide whether they are to stand idly by while the Communists, Bolshevists and Nihilists of Russia perpetrate their malicious attack on Rumania, an attack that the world must view with horror and indignation. These Red groups have always professed their abhorrence for war. They now prove by their acts that any profession which they make is unworthy the slightest credence. Their leaders are crazed by the lust for blood. After bleeding their own Russia white they plan marauding attacks on innocent neighbors, whose only crime is that they are numerically weaker than the Russian hordes and may prove unable to defend themselves.

BRANCH LIBRARIES

The temple of education has three main supports—the church, the school and the public library—important to society in the order named. No American community has ever called for a place of worship, humble or magnificent, but means have been quickly provided for supplying the need. No American community has ever grudged funds for erecting new schoolhouses whenever the demands of the children have been given public expression. Nor should an American community neglect to make the services of the public library available to all its citizens as nearly as possible on equal terms.

One central library building cannot accomplish this. It must be supplemented by branch libraries in outlying districts. The City Council has placed a proposition for $500,000 on the June 2 ballot for the purpose of erecting these badly needed branch libraries.

Twenty-five districts in Los Angeles are without adequate library service. In these districts there are 320,400 school children. From branch libraries already installed, many of which are but makeshifts and temporary stop gaps, nearly 3,000,000 books circulated last year. And of 23,000 new book borrowers in these branch libraries registered last year one-half were school children.

The cost of this bond issue, it is stated, will be less than 10 cents to the average property owner, the man with a $5000 home. But the amount of good that 10 cents will do in the cause of education, where education is most required, is inestimable. Only one-fourth of those who finish high school are able to go to college. But a neighborhood library is an informal university where the poorest, given the ambition, can fill his mind with information on almost any subject and enrich himself with the lore and philosophy of the world's best thinkers.

In conclusion, the famous saying of William Allen White may well be taken to heart by all who are interested in the progress of their city. "If the schools will only teach the reading habit the library will educate the world."

OUR ORANGES ABROAD

The wonderful display made at the Fifth Annual California Valencia Orange Show and the wide interest it has attracted since it opened its doors a week ago once more emphasizes the advances made in all directions by Southern California's oldest and most popular industry. Its rich coloring and illustrative pageantry gave the spectacular aspect of the citrus grove especial prominence. That was one of the chief functions of such an exposition as the one so splendidly staged by the progressive horticulturalists of Orange county.

But the Anaheim show also demonstrates the increased marketing facilities and the large range of the activities now undertaken by the citrus growers of Southern California. And those activities are not confined to finding fresh markets alone in the United States.

It is gratifying to note the progress that is being made in the marketing of our citrus fruits in Europe. Of the 60,000 carloads sent out of the State last year large quantities found their way to Northern European countries, and the prospects are bright for a steady growth in this trade, which is comparatively new.

"California oranges," says Harry K. Sorenson, commercial attache of the American Legation at Copenhagen, where he represents the United States Department of Commerce in a territory embracing Norway, Sweden and Denmark, "are the favorite citrus fruit of the Scandinavians, despite the fact that the Italian supply is nearer, and large quantities of it are consumed there, especially in the cities."

As these three countries have a total population of 12,000,000 industrious and prosperous people, it will be well for our orange shippers to follow up the entering wedge they have made in the fruit trade there with a still larger one each year. This trade should be direct or as nearly so as possible, for the Scandinavians do not favor indirect trading and the rehandling of commodities. In this they are wise, for every pair of hands through which a package of goods passes adds to the cost and causes the waste in distribution which Hoover has been lecturing us about.

Last year it was not uncommon for the California Fruit Growers' Exchange to have 2000 cars of fruit rolling at one time. It takes a high degree of organization to make such a condition possible. The exchange is to be congratulated upon having reached out so far afield as Northern Europe and met competition in such a way as to dispose of so much of its product in that country.

An eastern newspaper correspondent recently traveling in Southern California wrote an enthusiastic account of the large displays of cheap oranges he had seen along our highways, where one could buy "a whole peck of golden fruit for 15 cents." He recommended the pressing of this fruit and the sending of it in thousands of gallons all over the East, where people could get the benefit of "a cooling drink, full of nourishing vitamins." In this the Fruit Exchange had anticipated the appreciative writer. When its members read the article they smiled. Already they had extracted at different stations the juice of millions of small or cull oranges, as many as 100,000 boxes of this off-size fruit being disposed of through the use of extractors last year. The exchange, along with its other facilities, has two by-product plants, one at Corona, where citric acid, lemon oil and pectin are made, and a plant at San Dimas for the making of concentrated orange juice.

It is said of the Chicago pork packers that, in the handling of the hog, they utilize everything put the squeal. Soon there will be so little waste in the orange industry that the exchange will be utilizing everything but the golden color of the orange, though in reality that, too, serves a purpose, and a fine one, in beautifying Southern California.

The Blood of the Vikings

[Copyright, 1925, by Public Ledger Company]

Just About It
by James J. Montague

HOW IT WAS DONE

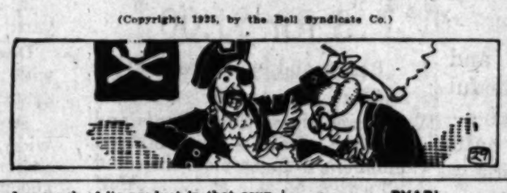
If the sinister aims of the late Jesse James
Had amassed the vast fortune he craved,
I haven't a doubt he'd have written about
The stresses and storms he had braved,
Informing the young how his fortune was wrung
From the world by unwearying skill—
And his way had been won not alone with his gun,
But his firm and unbeatable will.

If the late Capt. Kidd hadn't done what he did
So ill that they hanged him at last,
I feel sure he'd have told how his cargo of gold
By arduous toil was amassed.
On some magazine page, now all yellow with age,
We would find his industrial creed,
And learn how a man by force, system and plan
Is certain at last to succeed.

Had Jack Cade not been killed ere his plans were fulfilled,
He doubtless his life would have penned—
And told how a chap with vim, vigor and snap
Was bound to arrive in the end,
But the schemes that were laid by the said Mr. Cade
Fell into a terrible mess
And soon brought him low, so we never shall know,
His method of winning success.

We frown at the pranks of the men who rob banks,
Or, laden with jimmies and torches,
Fall under arrest through their too-ready zest
In burgling or climbing up porches.
But should they succeed, by and by we shall read
Of how, with unshakable aim,
They set their stern eyes on the ultimate prize
And won boundless fortune and fame!

(Copyright, 1925, by the Bell Syndicate Co.)



PYARI

(Hindustani word for "darling.")

The magic of the East lies in this word
When whispered soft and low.
By lovers' lips 'neath dreamy star-strewn skies,
Where Ganga great doth flow.
The lotus petals, drenched in dew of sleep,
Murmur "pyari!" And within the deep,
Impassioned heart of India Love's own fire
Sobs out "pyari," frenzied with desire.

The magic of the East lies in the word!
I send it, Sweet, to thee,
Laden with sandalwood, incense and prayer
From out the soul of me.
Part of myself and my dear native land,
And at the end, pyari, you will understand,
RALPH YOUNGHUSBAND.

No Proper Ladies Need Apply

In a near-by city a theater gives notice as follows: "The management reserves the right to exclude any lady they think proper." The "proper" lady who hopes to be permitted to stick around that exclusive theater probably will have to wink saucily at the bouncer.—[Lafayette Journal and Courier.

THE FEDERATION OF

BY DAVID STARR JORDAN

In "The Road to World Peace" Mr. Oscar [illegible] plea for the outlawry of war through the [illegible] a discussion of war's ghastly wreckage he shows [illegible] ganization to prevent its recurrence. He discusses [illegible] national war, omitting, however, the one most [illegible] fear of loss of power with its need of back fires [illegible] democracy.

The central purpose of the volume is to emphasize "getting together" on the part of nations. International law must be the regulator of national action. Hence the necessity of uniting to expand and codify international law. The duration of peace depends on the recognition of a law of nations, and this in turn involves a World Court. This is hardly possible in the absence of some sort of world government or federation of nations. The benefits of such an organization, economic, financial, physiological, educational and cultural, are fully stated by Mr. Newfang, and the objections, political, economic, physiological and racial, are clearly and fairly met.

Under the rather unconvincing title, "God Clears the Ground," Mr. Newfang considers the various historic attempts to unify the world through military domination, religious influence and mental co-operation. In the World War he finds one stupendous result for good, the extinction of political autocrats. "God has cleared the ground for an organization of the world in the interest of permanent peace." But the present state of Europe indicates that the ground is in need of still more clearing, but of a very different type.

The rest of the volume is mainly devoted to the League of Nations. The objections arising from its organization and its incorporation in the Treaty of Versailles are fairly considered. But, as the covenant could not have been adopted except as part of this treaty, Mr. Newfang regrets that the treaty was not accepted in its entirety. "The most unfortunate result of the intertwining of the League of Nations with the peace treaty was that the United States Senate, after a futile endeavor to disentangle the two and a vain effort to agree upon certain reservations in the League covenant, which they deemed necessary, rejected the whole treaty."

But some such result was surely inevitable. The temper of America and that of the Allies were widely divergent. The peace treaty, which should have immediately followed the armistice, was spoiled in the long delay, and nothing to which America could have agreed was acceptable to France.

The present machinery of the League is rather severely criticized. Its decisions must be unanimous, and, if it has any "teeth" in it, they are inadequate for enforcement of its edicts, if, indeed, under the rule of unanimity, any edicts can be issued.

In 1918 Mr. Newfang prepared and distributed widely a proposed "Constitution for a Federation of Nations," a very reasonable document, which resulted in nothing because, as the author justly said, "the distance between the international chaos that existed before the war and world federation was too great for the world to cover at one bound." And as war has made every phase of every condition worse, the "fusing of the federation of nations into unity" is still far in the future.

LOVE COUNTS COST

By The Foothill Philosopher

Young man, young woman, listen: When they tell you "Love never counts the cost," tell them they are mistaken. Tell them that love always counts the cost of everything—and pays willingly for that which is offered for sale, if it be worth while, or rejects it if the price is too high.

You will hear a siren voice whispering "Love surrenders everything." Deny that statement and tell the speaker that love surrenders nothing—least of all the lover.

With the purpose of bringing about the indiscriminate unleashing of the emotions the tempter will tell you that love never considers results, that it is imperfect and untrue to itself if it thinks of consequences. Tell the tempter that he lies and that love is forever thoughtful, living as much in the future as in the present. Tell him that passion may be an expression of love, but that love is not dependent on passion. Tell him that love and wisdom are but different names of one angel.

If you do not believe what is written here, read the divorce statistics and look at the broken homes and wrecked lives of men and women who have put their faith in the sophistry that "love never counts the cost"—and perhaps you will be convinced.

THESE CHANGELINGS

The change in fashion by which so many girls and women roll their stockings below their knees is being met by a change in machinery which makes stockings which do not have to be rolled. But the changes are driving some factories out of existence and putting others to great expense for change in machinery and driving manufacturers distracted to know which way the fashion is going to turn, up or down.—[Waterbury American.

HEALTH AND PROPERTY

Health is a property, and the property, like any other property, improves or runs down, accordingly as it is cared for. Health is the most valuable property in the world and should have much of every man's attention. The possession of good health helps you in your business. Poor health and good business don't make a good pair.—[Arkansaw Thomas Cat.

His Accidental End

There are all sorts of ways of putting things, and some sound much better than others. For example, there is the case of the man of whom Lord Coleridge used to tell, whose father was hanged for highway robbery. Some one asked him how his father died.

"Sir," said he, "he fell from a scaffolding outside Newgate while he was talking to a clergyman."—[Youth's Companion.

STAR SIGNS

PARAMOUNT ALSO GETS NEW DIRECTOR

By Grace Kingsley

From the Lasky Studio yesterday emanated the more or less thrilling news that Paramount has signed George Rigas on a long-term contract to appear in productions for that organization. Rigas is a well-known figure of stage and screen, who lately so distinguished himself in the role of the brother in "The Wanderer," that he was favored with a contract.

All guessing along Alarm Clock Alley as to who would direct Raymond Griffith in his forthcoming Paramount pictures may be ended right now. Eddie Sutherland was signed yesterday on a long-term contract to help the brilliant Raymond do his stuff on the screen.

James Cruze is working on the script of his next picture, which was to have been called "The Pony Express." However, now that Universal has eased in with the announcement of a frontier picture of that name, Cruze has, of course, decided to call his picture something else.

TOM MIX WILL DO STIRRING NEW TALE

The fact that Tom Mix has been gallivanting around Europe getting acquainted with crowned heads,—letting his horse Tony hob-nob with the equines of royalty, and all that sort of thing, isn't going to do him a bit of good now so far as further freedom from work is concerned. The William Fox people already have a story picked out for him called "The Lucky Horse-Shoe," which will be directed by Jack Blystone.

"The Lucky Horse Shoe" will be given an elaborate production, according to the announcement, as it combines the romances of modern life and the glamour of the sixteenth century and involves the absorbing adventures of Don Juan.

Tom Mix will return home next Wednesday, and will be welcomed by a bunch of cowboys and Fox officials.

Kathleen Key Leaves

Kathleen Key has graduated from little sister parts suddenly into a vampire role, according to the breathless announcement of Metro-Goldwyn-Mayer.

You cannot possibly imagine a sailor without a siren or two; wherefore Miss Key left yesterday for Annapoli's to play the vampire role in Ramon Novarro's current starring vehicle, "True Blue," which will be made at the naval training school.

Miss Key worked double shift to complete her role in King Vidor's current picture, and says that she packed her trunks as never were trunks packed before.

Harriet Hammond will play the heroine role opposite Novarro, and Christy Cabanne will direct. The company expects to remain in Annapolis several weeks.

Priscilla Dean Home

After having been dined by mayors and governors and having addressed scores of women's clubs and chambers of commerce all over the United States and a goodly portion of Canada, Priscilla Dean will arrive in Los Angeles today to resume her picture work under the Hunt Stromberg banner.

Miss Dean has made a triumphal tour of the United States. She started on a personal-appearance trip, but received so many offers from women's clubs and chambers of commerce to make addresses and invitations to meet mayors and governors that she extended the scope of her undertaking.

Miss Dean started her tour in conjunction with the presentation of her recent starring vehicle, "Cafe in Paris," a Hunt Stromberg production. Every house in which she made a personal appearance broke attendance records. She made a total of eighty-three personal appearances, visited twenty-seven key cities, dined with six governors and fourteen mayors and addressed the members of fourteen women's clubs.

Incidentally, Miss Dean, who was accompanied by Philip Gersdorf, had conferences with more than 200 exhibitors, branch managers and theater managers regarding motion pictures and the kind of films people in the different parts of the country seem to prefer.

Jack Daugherty Signs

Jack Daugherty has returned to Universal, following his trip through the East with Bryant Washburn and other stars who made a personal-appearance tour, which started disastrously, but made a good finish with money in everybody's pocket.

According to announcement from Carl Laemmle in New York, Daugherty has signed to appear exclusively in Universal pictures

JOYOUS JOYZELL AT CINDERELLA

Gay Girl Called Gilda Gray of West

Joyzell

THE Cinderella Roof is planning a week of continuous festivities during the Shrine convention. There will be dancing every night until 1 o'clock, with Herb Wiedoeft's orchestra dispensing the lilting melodies that have made them famous all over America through the medium of their Brunswick records.

Joyzell, known as the Gilda Gray of the West, has been booked for one week, starting Monday, as a special Shrine Week feature. She will dance twice each night, according to Manager McCarthy.

for a period of several years. He will be featured in serials and stories of western life. He was formerly with Universal for two years as star and featured player.

F.B.O. Busy

The F.B.O. studios are assuming a regular beehive appearance these days. Four companies are at work now, and two others making pictures for F.B.O. will begin this week.

The two new pictures are "Tizona the Firebrand," a Spanish story in which Evelyn Brent will be featured, directed by Ralph Ince, and "The Wild Bull of Skull Mountain," starring Fred Thomson and his horse, Silver King. Both these titles will be changed, however.

Richard Talmadge's next picture, "The Isle of Hope," is in process of casting, while another item of news from these studios is to the effect that arrangements are being made for a new series of two-reel featurettes starring Alberta Vaughan.

A gentleman Raffles will be the central character of "Jack of Diamonds," Maurice Flynn's next vehicle. Harry Garson will produce and direct.

Hero Note

While most directors would disclaim any right to be called heroes, still the fact remains that Francis Ford, director of the Universal serial, "Perils of the Primitive," has every right to the title.

It all happened at Laguna Beach, where Ford was shooting a scene on an ancient sailing craft and was out more than twelve miles at sea when he discovered two jagged holes in the vessel. The hold of the ship was rapidly filling with water.

Ford hailed passing ships and sent the company back to shore, while the crew brought himself and the antiquated vessel back to shore with some difficulty.

"Perils of the Primitive" is an adaptation of the old classic, "Swiss Family Robinson," and features Joe Bonomo.

Negri Moves to Rialto Theater in Charmer Role

To meet the demands of her many admirers and friends, Pola Negri's latest picture, "The Charmer," will be sent to the Rialto tomorrow to continue its run, following a triumphant week at the Metropolitan.

This offers the Polish star her first big American comedy role, in which she proves a delight. Pola as a Spanish dancing girl goes to New York under the wing of a kindly theatrical manager and, with her mother, played by Trixie Friganza, becomes involved in a series of fantastic adventures.

Others in the cast include Robert Fraser, Wallace MacDonald, Gertrude Astor, Cesare Gravina and Edwards Davis, all deserving praise for their characterizations.

Final preparations were under way today for the official opening of the new Maple Leaf Ballroom at 1127 South Hope street to take place Tuesday night. Abe Lyman's Maple Leaf Orchestra under the direction of Abe Abrahamson is to introduce many new musical novelties.

LYRIC CLUB SINGS DIVERSE PROGRAM

Many Soloists Add Variety to Choral Charm

By Francis Kendig

The evening of song which the Woman's Lyric Club presented last night held a little more current interest than usual, due to the attention which has been given this organization because of the fact that they will shortly journey to Portland to do Los Angeles honor at the Music Federation Biennial. The program had been prepared with especial care, albeit an entirely different program than that which will be presented June 9 in the northern city.

The smooth suavity and graceful polish which are the outstanding qualities of Mr. J. B. Poulin's direction were never more beautifully in evidence than last night, nor has the club ever responded so obediently and sympathetically. Throughout the program held interest for the sheer loveliness of the music offered.

The Lyric Club has presented some important compositions in its day, but it is noted more for its charm in small numbers, rather than those in the larger forms or with the deeper significance. The pretentious number of this program was therefore welcomed: "Undine," by Harriet Ware, with words by Edwin Markham. In this the club was ably assisted by the string section of the Little Symphony.

The composition is one of rich melodic invention and of fine vocal climaxes. It is written more surely for voices than for instruments, yet the additional color of the accompaniment of strings is inclusive. The solo voices have more to do than the chorus; Undine was taken by Mary Tietsworth and Hildebrand by Ivan Edwards. This soprano and tenor are two of the most satisfying of the young artists of the city, indeed they are more than that, for at times their renditions were exceptional.

Other choral numbers were the song from Ossians "Fingal," by Brahms, "You Ask Me for a Song," by Hadley, two old English songs, "The Three Ravens" and "Come, Lasses and Lads," and Rimsky-Korsakoff's "Hymn to the Sun." In matters of attack, smoothness, balance, quality and response one could ask for little more. Certain climaxes the club, as a body, rarely obtains, and it charms with beauty rather than impresses with grandeur.

An organization which contains as many capable soloists as can be found in the Lyric Club has but to aspire to reach the heights of musical expression. Mary Booth, contralto, in her rendition of three numbers, created the most extraordinary impression—one can wonder why it is that we are so slow to recognize such splendid musical qualities and so rich a voice. Miss Booth sang the lovely Giordani 'Caro mio ben;" there is scarcely a lovelier song in existence, and both in vocal quality and interpretation she satisfied absolutely. Cadman's "Robin Woman's Song" she brought to life with fine effect, and she made La Forge's "Before the Crucifix" almost sacred. Miss Booth has yet to obtain easier volume, but as her voice develops it is simply the natural growth of an already perfect structure.

Cora Thorne Bird sang three numbers, "Je Suis Titania" from "Mignon," "Care Selve" by Handel, and "Charmant Oiseau" from "Pearl of Brazil." Her flexible colorature is brilliant to the extreme, and there were moments in each song in which her tones were clear and pure as those of a flute. Her low and middle voice possesses too much of a metal, brassy quality to always please.

In spite of a few wobbly and uncertain tones, Marjorie Long sang the solo parts to "Hymn to the Sun," in a manner to win considerable favor. She has a rather exquisite quality to her high tones, although as yet they are not quite always dependable. She is a singer of piquant talent, and it is very possible that she will surprise us all some day.

Mention should be made of the splendid opening number, Adolph Tandler's Symphony in Mozart's "Little Night Music."

The concert as a whole was perhaps the most auspicious one which the club has ever given, in certain respects, and with undiminished effort and efficient business management, the organization should be able in another season, to sing always to capacity houses.

UNFINISHED WORK

Playcrafters Give Mystery Piece for Monthly Offering

The usual monthly production by the Playcrafters! A four-act play, "Sinners on Seventh," was given Wednesday night at the Ebell auditorium.

As announced before the first curtain, the play was not in an entirely finished condition, but was a bit of rough dialogue worked out by Anne Murray from a plot suggestion advanced by Tipton Frazier. Judged with this in mind, the production was not so bad, and possibly, after the play has been worked over and somewhat doctored and patched up by suggestions both from tonight's audience and the discussion of the guild next Monday night, it will provide a full evening's entertainment.

As it is now, it is much too short and almost bare of counterplot, one meager thread providing the whole sequence of events and, even with the stage waits and between curtain calls, it only ran a meager hour.

The air of mystery and especially the atmosphere of the play, laid as it is in an empty office building just past midnight, is decidedly good. But some other means of getting the mysterious ones up and down the stairway besides having them pass in full view would probably heighten its realism.

The small cast was composed of Don Liefer, whose work was by far the best, Arthur Lee Walton, Theodore Martin, Sanford Wheeler, Elizabeth Cloes and Vivian Caldwell.

For those interested in the creating and writing of drama this organization is undoubtedly one of the best means by which to cut dramatic teeth, for with these opportunities for production and criticism a rather worth-while course in real experience may be obtained.

Feist Comes to Confer on Fall Film Releases

Felix Feist, general sales manager for Metro-Goldwyn-Mayer productions, arrived in Los Angeles yesterday to confer with officials at the Culver City studios on the fifty-two productions to be presented publicly during the coming year, starting August 16.

The first of the new pictures to come to the public will be "The Unholy Three," starring Lon Chaney, and recently completed under the direction of Tod Browning, Mr. Feist announced.

"The Merry Widow," one of the most pretentious films of this organization, with John Gilbert and Mae Murray, directed by Von Stroheim, will receive its public premiere on September 20, he stated. Other pictures to be seen from this studio in September are "Never the Twain Shall Meet," a Cosmopolitan production, "Sun Up," with Pauline Starke, Conrad Nagel and Lucille LaVerne, and "The Mystic," with Aileen Pringle and Conway Tearle.

The initial Erte picturization in which spectacular sets and clothes designed by the Famous European artist will be presented, will be shown with Pauline Starke and Lew Cody in November, as will "The Tower of Lies," starring Norma Shearer and Lon Chaney, "Exchange of Wives," with Eleanor Boardman and Lew Cody.

PLAY TO BE READ

"Silver Candlesticks," by Anne Murray, an original one-act play, which received honorable mention in the recent national contest conducted by the American Playground and Recreation Association, will be read at the weekly meeting of the Playcrafters tonight in Rowland Hall, 313 West Third street. Edith Yorke, the well-known screen-mother, will interpret this play.

Visitors are always welcome to the Playcrafters' meetings.

Jack Mulhall has departed for New York to make atmospheric shots with Corinne Griffith for "Classified," an Edna Ferber story. Jack will play the role of a breezy garage mechanic, a colorful romantic lead. Mrs. Mulhall is with him on their first eastern trip in more than a year.

STUDIO AND STAGE

Universal has begun production of "The Danger Trail," a veteran picture play full of romance and thrills, with Edmund Cobb as the star. Others in the cast are Merceline Day, Jack Pratt and Buck Moulton. William Crinley is directing.

Announcement from June Mathis, head of the scenario department of First National, brings word that Eve Unsell is in charge of the continuity of "Joseph Greer and his Daughter," the forthcoming picture that George Archainbaud will direct and over which Miss Mathis has supervision. Miss Unsell has been responsible for some of the most successful scripts of recent years.

Hollywood is not to see Percy Marmont for at least four more weeks. He has just completed work in "Street of Forgotten Men" at the Paramount studio in Long Island, New York, and now he has accepted another equally interesting role in "The Miracle of Love," an Associated Exhibitors production there. Nita Naldi and Mae Busch have the feminine leads.

Harry Dittmars has arrived in Hollywood from New York to take a position on the Universal scenario staff under Edward J. Montagne, scenario editor. Dittmars has the reputation of knowing all about every play that has been written since the days of Bill Shakespeare, and he was brought from New York to act in a consulting and advisory capacity to Montagne.

Charlotte Treadway loves vamp roles. She proves this in "Cobra," for she has gained a host of new friends as the play progresses at the Morosco, and in this vehicle Miss Treadway displays much histrionic ability. Others in the cast are Harland Tucker, J. Morris Foster, Ann McKay, Joseph Eggenton and Glenda Farrell.

Katherie Bennett, sister of Enid Bennett, has been signed to play opposite Fred Thomson, the F.B.O. western star, in his next production, "The Wild Bull of Skull Mountain." Work began this week at the F.B.O. studios, with Del Andrews directing. The story is by Marion Jackson.

The most critical audience that any star of the spoken stage ever faced will be that which will welcome Maude Fulton upon her return to the footlights tomorrow evening at the Majestic, when "The Big Top," her new play, opens as the initial offering of the new playhouse. More than a hundred playwrights of the stage and screen have purchased seats in the section that was reserved for members of the Writers' Club of Hollywood, immediately adjoining that set aside for stars, directors and producers of the motion-picture industry. Day and night rehearsals are being held under the direction of Robert Ober, producer of the play.

Jacqueline Logan has become a permanent resident of Southern California. The little screen star has purchased a pretentious home in Beverly Heights. It is brick, with a spacious lawn and courtyard, and every modern equipment. Miss Logan, who has been a globetrotter so far as making pictures is concerned, concluded to live in the West permanently when she signed a five-year contract with William Fox.

Duane Thompson's castle of dreams will literally assume concrete form this fall, when her new foothills home is scheduled to be erected.

Hollywood Realty Man to be Put Under Observation

Wife's Story of His Desire for Another Admitted

Veronal, Rope, Knife Used in Attempts on Life

Several attempts on the part of Colin M. Clinch, Hollywood realty man, to commit suicide because the woman he loved and his wife could not reach an amicable agreement on their future, yesterday resulted in Judge Gates ordering Clinch held for observation for two weeks in a private sanatorium, in care of psychopathic probation officers. This order came at the conclusion of a hearing on a narcotic complaint, sworn to by his wife.

Mrs. Clinch testified that two weeks ago Mrs. Kathleen Watson, wife of a former business partner of Clinch, came to her home and told her she, and Clinch were in love and wanted Mrs. Clinch to free him so they could marry. Mrs. Watson's ardor for Clinch cooled somewhat, Mrs. Clinch declared, when she began to recite some of his failings, whereupon Clinch swallowed a quantity of veronal tablets.

Subsequent to his discovery of the apparent futility of loving Mrs. Watson, Mrs. Clinch said, her husband made several attempts to end his life by hanging and stabbing himself. Since then Mrs. Clinch has brought suit for $25,000 damages against Mrs. Watson for asserted alienation of the affections of Clinch.

Clinch, on the stand, admitted his love and desire to marry Mrs. Watson and also the attempts to end his life. He denied that he used narcotics and declared his first acquaintance with veronal was when he tried to commit suicide. He asserted, however, that he does not wish to die now.

"Mrs. Clinch and I have had domestic difficulties in the last few years," he said, "and I have frequently been oppressed by business worries."

Judge Gates commented that there had apparently been an error in the filing of a narcotic complaint, but said he is convinced Clinch should be under observation for his own good. He was paroled in care of Parole Officer Brown and will be taken back into court for a report in two weeks.

Mostyn C. H. Clinch of the real estate firm of Clinch & Thurtle, 403 South Western avenue, yesterday declared that he is in no way conencted with Colin M. Clinch, Hollywood real estate dealer. Colin M. Clinch, according to police records, recently figured in a sensational love triangle involving his wife and another woman, and is also alleged to have several times attempted suicide. Mostyn Clinch stated that, due to the similarity of the names and businesses, he had on several occasions been mistaken for the other man.

DOUBLE KILLING VIGIL TOLD

Housekeeper and Terrified Children Spend Night in Home After Man Slays Fiancee and Self

The story of her all-night vigil, shared only by two terrified children, in a house in which Thomas W. Greer, 52 years of age, had shot and killed his fiancee, Mrs. Alma Jane Mapstead, 36, and then himself, was related to officers yesterday by Mrs. Margaret Gowdy, Greer's housekeeper. The double tragedy took place in Greer's home at 2554 West Rosecrans avenue, Lawndale.

Mrs. Mapstead was a widow, living at 1343 Burch street, San Bernardino. Greer was manager and acting secretary of the Winwell Oil Company, which has an oil lease within a few blocks of his home, and was reputed well-to-do.

Mrs. Gowdy's vigil was a wait for officers to appear and discover what had happened behind a closed door that masked the tragedy. Though Mrs. Gowdy heard the shots shortly before midnight Wednesday, and though authorities were notified within a few minutes, none appeared until after daybreak.

DRINKING HEAVILY

Greer had been drinking heavily and had quarreled with Mrs. Mapstead because she would not advance the date of their wedding, Deputy Sheriffs Stensland, Allen, and Patton said they learned from Mrs. Gowdy. The shots that killed Mrs. Mapstead and himself were not the first fired during the evening, she said; Greer fired once about 9 p.m., when Mrs. Mapstead ran out of the house with him in pursuit.

The bodies of Greer and Mrs. Mapstead, both fully dressed, were found by the officers in a front room of the house. Mrs. Mapstead was on her back, a bullet hole in her right breast, a singed spot upon her arm indicating where another shot had missed its mark. Greer shot himself in the head and fell across her body. Four freshly fired shells from his automatic pistol were found in the room, leaving one shot not accounted for, as Mrs. Gowdy heard only three at this time. The shell from the earlier shot was found in the rear yard.

After the two first shots, Mrs. Gowdy heard Greer say, "Honey, I'm coming, too" and then fire again.

Mrs. Gowdy called a neighbor, who hunted up two police officers in a near-by town. These officers refused to go outside their city limits and the police of another near-by city were appealed to. They let it go at furnishing the name and address of a constable, but the neighbor was unable to get in touch with the constable.

HOURS ELAPSE

It was not until the arrival of a milkman at daybreak that anyone thought of calling the Sheriff's office, with the result that the tragedy was hours old before it was investigated.

Mrs. Mapstead was the widow of Raymond Mapstead, who died at Camp Kearney two years ago from illness contracted overseas, according to word from her home in San Bernardino, where she had been living with her parents, Mr. and Mrs. R. Weir.

ELECTED SHELL DIRECTOR

G. Leigh Jones, president of the Shell Company of California, has been elected a director of the parent corporation, the Shell-Union Oil Corporation, and made a member of the executive committee, it was announced yesterday. Dr. August Phillip's resignation as director and Henry Lockhart's from the executive committee made the vacancies Mr. Leigh Jones fills.

DETAILS OF KELLERMAN CLUB AIRED

Incidents Connected to Promotion of Resort Are Told to Grand Jury

Some of the details connected with the promotion of the Annette Kellerman Country Club were laid before the county grand jury yesterday in connection with that body's investigation of the club.

The affairs of the club first came into the local limelight recently when Miss Kellerman filed a suit to restrain J. L. Le Berthon and his wife; the Annette Kellerman Rancho Company, under which name Miss Kellerman says the Le Berthons do business, and other individuals and companies, from using her name in promoting the project. She also asked for a receiver for the defendants.

The investigation of the project by the grand jury followed the filing of the suit. It was revealed that the land comprising the ranch and country club on which working girls and other women were to find health and happiness was originally owned by Charles L. Andrews, who sold it to the Le Berthons for $13,000. It was said that a mortgage for $30,000 was taken back on the land. The site is located near Tujunga.

Fourteen more witnesses are still to be heard, according to Dep. Dist.-Attys. Ryan and Hill. The proceedings were continued until June 9, when Miss Kellerman, at the request of her attorney, Leonard J. Mayberg, will testify.

SENATORS PLAN TOUR OF PROJECT

Subcommittee to Make Survey of Verde Power and Irrigation District

A subcommittee of the Senate Committee on Irrigation will arrive from Washington on next November 4 to make a survey of the Irrigation project of the Verde River Irrigation and Power District at Phoenix, Ariz., according to to E. W. Michael, resident of the district, who arrived in Los Angeles from Washington yesterday.

Secretary of the Interior Work has before him an application from the Arizona organization for an extension of time in which to finance their project and commence actual work on it. A decision on the application will be withheld by Secretary Work until the Senate committee makes its report and recommendations on or about December 4. In the meantime, Mr. Michael said, the water rights of the landowners in the project are being held intact and plans for the development of the project are going ahead.

Chamber Gives Indorsement to Traffic Bonds

The Los Angeles Chamber of Commerce yesterday indorsed the two bond issues sponsored by the Los Angeles Traffic Commission.

The first of these is Proposition No. 4, the $500,000 bridge-bond issue to provide funds for the city's share in the cost of constructing bridges at Glendale and Hyperion, Fletcher Drive and Mulholland Highway.

The other proposition is No. 5, the $350,000 school tunnel bond issue providing for the construction of forty pedestrian tunnels for the protection of the lives of school children.

MISHAP SUSPECT FREE

Ralph P. Camp, 6350 De Longpre avenue, arrested on the 25th inst., by Officers Hansel and Nave of the Hollywood police, in connection with an automobile accident on Arden Boulevard, was yesterday released by Detective Lieutenant Vanaken. Owing to the fact that the injured party would not sign a complaint, the officers reported that they did not feel that they had sufficient evidence to convict.

PAIR INDICTED IN ROADS 'MERGER'

Forty-six Counts in Hibbs, Hennessey Bill

May be Arraigned for Plea on Monday

Twenty Victims Listed With Loss of $159,000

The expected indictment in the so-called "10-to-1" merger swindle was returned yesterday before Judge Hahn against Thomas Hennessey and Harry D. Hibbs. The indictment names twenty asserted victims and has forty-six counts, ranging in amount from $1000 to $30,000 for each person named. The heaviest losers, according to the indictment, were Supervisor Frank E. Woodley, chairman of the finance committee of the Board of Supervisors, who is said to have parted with $5000 on each of six different occasions to aid the merger scheme, and James B. Brokaw, who gave up $10,000 on each of three occasions.

Following the returning of the indictment, Justice Russell dismissed the complaint on which Hennessey and Hibbs were being held, three charges of grand larceny made by Brokaw, which were included in the indictment. Bail was fixed by Judge Hahn at the same figure already given by the two defendants, $100,000 for Hennessey and $50,000 for Hibbs. It is probable they will be arraigned Monday. The case was handled before the grand jury by Dep. Dist.-Attys. Hamner and Hill.

OTHER VICTIMS

Other asserted victims named in the indictment are: Former Congressman James McLachlan, $10,000; J. P. Black, $12,000; Louis P. Wood, $1500; Louise Black, $1500; Harold S. Wright, $15,500; J. E. Ransford, $2000; J. Bert Isham, $1000; H. C. Buhrl, $5000; Mrs. Elizabeth Winship, $4500; W. P. Cooper, $11,500; T. J. Henderson, $5000; J. R. Durfee, $10,000; Joseph Atherton, $6000; W. J. Hubbard, $5000; Alliso L. Tull, $2000; former Police Judge Ray L. Chesebro, $5500, and W. A. Sayler, $1000. The grand total of thefts charged in the indictment is $159,000, a small amount of which was seized by officers and returned. According to the Deputy District Attorneys, the total obtained by Hennessey and Hibbs was more than $300,000.

HUGE MERGER SCHEME

A $6,000,000,000 merger of railroads was being promoted by the pair, according to the story on which they obtained money with a promise to return $10 for each one invested, it is asserted. Among witnesse called before the grand jury were officials of several of the railroads named, who declared they had never heard of either man. The pair are said to have declared the merger was under way in 1914, but was interrupted by the World War, and that the scheme must be kept quiet or the negotiations would fail. The grand jury considered the case at several different sessions.

SESSION OF OPTIMISTS OPENS HERE

Pacific Coast Association Starts First Convention With Banquet

Starting with a banquet at which more than 700 guests, including 100 delegates, were entertained by the Los Angeles Optimists' Club, the first convention of the Pacific Coast Optimists' Clubs Association was opened in the ballroom of the Biltmore yesterday at noon.

Among prominent speakers at the luncheon and the afternoon session were W. R. Marshal, district governor; Rick Davis, president of the Pasadena club; Charles A. Davis, president of the San Francisco Optimists; H. O. Malone, heading the Long Beach delegates; O. A. Smith of the Los Angeles Optimists; Dr. J. Whitcomb Brougher chaplain of the local club, and Harry T. Watson, president of the Pacific Coast organization.

Speaking on "The Trinity of Burden Bearing," Dr. Brougher said that the key to true success for a man lies in his bearing his own burden and, in so far as possible, his weaker brother's burden, and lastly, casting all burdens upon the Lord.

Another session will be conducted at the Biltmore this morning and the convention will close with a dinner-dance at the Ambassador this evening.

WOMAN CHARGES MAN CAUSED FALSE ARREST

Instigation of unlawful arrest and detention is charged to D. O. Heagerty of Maricopa by Grace Gilbert of Thermopolis, Wyo., in suit filed yesterday in Federal District Court to obtain damages amounting to $25,000.

Heagerty is accused of signing a complaint against the defendant charging her with selling land near Mariposa twice. The defendant was subsequently acquitted but not until he had "lost the better part of a year." She was arrested on September 8, 1923. She was taken to the Bakersfield County Jail, it is alleged, and was required to spend $1000 for defense attorney's fees.

ARMS INSTRUCTOR IS SHOT BY GIRL PUPIL

A bullet accidentally fired by a girl pupil wounded the arm yesterday of Sergt. Clyde Lettler, U.S.A., military instructor at Manual Arts High School. Lettler's wound was dressed at Receiving Hospital. The pupil, it was reported, was Miss Lucile Groves of 11,426 Venecia street.

FILM STAR GIVEN DIVORCE

Leatrice Joy Freed From John Gilbert, Screen Hero, on Grounds of Habitual Intemperance

A drunken debauch asserted to have been staged by her husband and a number of his friends netted Leatrice Joy a divorce from John C. Gilbert, her actor-husband, in Judge Summerfield's court yesterday. The divorce was granted on the grounds of Gilbert's habitual intemperance.

Miss Joy testified in her own behalf and her appearance on the witness stand was characterised as one of the most dramatic episodes in local divorce-court annals. Simply clad and without the trace of make-up about her, the film star was visibly nervous as she sat on the witness chair and told her story in such a low tone that it could be heard only by those close by.

She told of her marriage to Gilbert on March 3, 1923.

"Oh, yes," remarked the court. "I remember that wedding — I performed it at my house."

The young woman in the stand nodded her head slowly and a hush fell over the courtroom.

Continuing in her low-pitched voice, Miss Joy told the court that she left Gilbert because of his excessive drinking which continued, she said, at least one year prior to the separation on August 9, last. On that date, she said, Gilbert informed her that he was going on a party, and that she could either go with him or stay home alone. It was just one month prior to the birth of her baby and she didn't care to do either one. She went to her mother's home for the night.

His Honor leaned over the bench and said, "Is it not possible that you may love him yet and could go back to him?"

"No," she replied, "the love I had for him is dead, quite dead."

The decree was granted her. A property settlement between the couple was submitted to the court for approval. Under its terms, Miss Joy is to receive $15,000 and in addition $50 per week for the baby, Leatrice Joy II. Gilbert did not contest the suit and was not in court. The couple were married in Mexico in 1922, and were married the second time in 1923 to avoid any legal complications.

WOMAN IS PLAINTIFF IN CAB SUIT

Charges Failure to Keep Sales Contract, and Asks for $25,986 Damages

Charging failure to keep the terms of a contract by which she was employed to secure dealers and sell taxicabs, Loris Free of Pasadena yesterday brought suit for $25,986 damages against Henry F. Campbell, reputed wealthy clubman, and the H. C. S. Cab Manufacturing Company.

Miss Free asserts that she entered into the contract with the company and Campbell, who was said to be an official of the cab company, January 10, last. Under the terms of the agreement, according to Miss Free, she was to get a cab for demonstrating purposes, a commission of $400 on each cab sold by her and a commission of $200 on each cab sold by a subagent or dealer procured by her.

The plaintiff asked $25,000 damages for breach of contract, $386 for money she said she paid out or advanced during the time she said she was employed by the defendants and $600 commission on three cabs she said were sold by a San Francisco dealer procured by her.

Miss Free is represented by Attorney W. V. Anderson.

Southwest Will Celebrate Rain Drain Tonight

The Southwest Storm Drain celebration will be conducted this afternoon and tonight on South Main street between One Hundred and Seventh and One Hundred and Eighth streets. Mayor Cryer and other city and county officials are scheduled to deliver brief addresses during the afternoon. There will be dancing both afternoon and night with a special contest for dancers at night, for which prizes will be offered.

Miss Vada Watson, 19-year-old winner of the Kansas State-wide beauty contest and known as the Kansas Wheat Girl, will participate in the afternoon program and will be escorted by a delegation of former Kansans. She will distribute miniature bags of Kansas-grown wheat.

Training Camp Enrollment is Largest Here

Los Angeles has the distinction of leading all the cities in the eight Western States which comprise the Ninth Corp Area in enrollment for the 1923 citizens' military training camps, one of which is to be conducted at Del Monte from July 21 to August 19, and the other at Fort Winfield Scott from June 20 to July 19.

The chief aim of these camps is Americanization, it was stated. Work at the camps, seven of which are to be conducted in this area, is so arranged as to supplement that of the educational institutions, inasmuch as the majority of the young men attending come from schools and colleges.

FACES TRIAL IN GIVING CHORUS GIRL LIQUOR

The story of a party given at the home of Ruth Bobb, juvenile chorus girl, April 7, last, yesterday resulted in Malcolm Mims being held to answer in Judge Archbald's Juvenile Court to a charge of contributing to the delinquency of a minor. Mims was asserted to have given the girl liquor at the party, which, according to testimony at the hearing, was attended by other members of the chorus in which Ruth worked. Ruth said the party and supper that went with it were prepared by her mother and she invited the other girls and some male friends to partake of the refreshments. Someone, she said she did not know who, brought the liquor. Ivy Hartnett, who also attended the party, and Ruth's mother, were other witnesses called by Dep. Dist.-Atty. Florence Woodhead. Mims was represented by Attorney John A. Holland.

LECTURE ON TURKEY

At the Scottish Rite Cathedral tonight for the benefit of the members of the rite and their families Prof. B. R. Baumgardt will give an illustrated lecture on "Constantinople and the New Turkish Republic." Prof. Baumgardt recently made another trip to Europe and while in Turkey secured his pictures and data at first hand, which assures an authentic address about conditions existing in Turkey, and the latest Turkish current topics. The lecture tonight will be the first of a series prepared by Prof. Baumgardt to be presented to the Scottish Rite bodies.

Mushet to Wage Intensive Drive Next Four Days

An intensive campaign will be waged for the next four days by Councilman W. C. Mushet in behalf of his candidacy for election next Tuesday to the office of City Controller. This office was created by the new city charter, which becomes effective July 1.

Hundreds of volunteer workers have assured Mr. Mushet of their support in his campaign in various sections of the city. Among these workers are leading business men and prominent club women of the city, who have expressed their confidence that Mr. Mushet will be elected Controller by a large majority.

Many speeches will be made by Mr. Mushet and the members of his campaign speakers' bureau this week before various civic and other organizations in Los Angeles. All the speakers will emphasize that Mr. Mushet is qualified to fill the office of Controller because of his many years' experience as a certified public accountant and for the last four years as chairman of the Finance Committee of the City Council.

CITY TRAINMEN TOLD SHRINE WEEK PLANS

A smoker for trainmen of Division Five carhouse, Fifty-fourth street and Second avenue, last night, concluded a series of meetings that have been attended by all Los Angeles Railway motormen and conductors at which the street railway plans for street-car service were presented. The meetings were addressed by officials of the company and entertainment was provided by the orchestra and Hawaiian quartet composed entirely of street-car men. Two hundred extra cars will operate from practically all parts of the city direct to the Coliseum, R. B. Hill, superintendent of operation, said. This arrangement will provide cars displaying banners "Direct to the Coliseum" on every downtown street before every day and night parade.

WOMEN'S WORK, WOMEN'S CLUBS

BY MYRA NYE

A garden party in the Hollywood gardens of Mrs. Emmy Matt Rush, president, is to be the May event of the Southern California Woman's Press Club. The affair will be given Saturday evening, from 4 to 10 o'clock.

At 4:30 a musical program will be given with Mrs. Guy Bush, soprano; Joe Eastwood, lyric tenor, and Davis G. Brillhart, appearing. At 5:30 tea will be served.

The feature of the evening program is to be the Greek Frieze dance, evolved and costumed especially for the event, to be given by the Norma Gould dancers, presented by Alyse Whitaker Kimball. The dance will take place around the picturesque garden pool, with Gladys Huls, Mary McCune, Ruth Cowper and Inez Kirby taking part.

Following the evening program the guests have been invited to remain and dance under the vine-covered pergola of the Rush gardens.

Mrs. Anne G. Nissen, vice-president, will receive informally with Mrs. Rush, and Hester Alverson Moffett will be chairman of the day.

Co-hostesses are Harriet Clay Penman, Myra Cain Grant, Ruby Archer Gray, Alice W. Forsyth, Elizabeth McCabe Gilmore, Laura Mathews, Rena Strong Bowling, Eva Hamilton Young, Nellie Graham Sinclair, Rose Ellerbe, Alyse Whitaker Kimball and Emelie Mann Timerhoff.

Highland Park Ebell Club

Vital problems of the American home were discussed by Dr. Aurelia Henry Reinhardt, president of Mills College, before Highland Park Ebell Club, Tuesday afternoon. Dr. Reinhardt, well known for her study of welfare conditions, gave, as causes for restlessness and failure to achieve ideals, the influx of people from all nations—through which there has been created the least homogenic people—and the changing from an agricultural to an industrial country. Economic reasons and diverse interests have induced women to go out into the world.

"Lack of health control in the labor camps has created a national problem," said the speaker, who also referred to "The New Decalogue of Science," by Albert Edward Wiggam, as a clear statement of the relationship of parent to child. Institutions of worship, of government, of the school and the home were mentioned as places for character building.

Following Dr. Reinhardt's address, the outgoing and incoming officers participated in a picturesque installation ceremony.

Mrs. Harry Louis Stroh, retiring president, expressed her appreciation of the co-operation of her associates by presenting each with flowers. As a token of regard, the board of directors presented Mrs. Stroh with an engraved gavel. Mrs. Herbert Carr, the incoming president, delivered a brief inaugural address.

A reception and a tea in the club parlors were the closing features of an exceptionally pleasing day, which completed the successful administration of Mrs. Stroh.

Daughters of 1812

The annual luncheon of the United States Daughters of 1812 will be given today in the clubhouse of the Tuesday Afternoon Club of Glendale, corner of Central and Lexington avenues. Installation of officers will be a feature of the program. Those recently elected are: Mrs. A. M. Johnson, State president; Mrs. F. D. Brigden, first vice-president; Mrs. William Empie, second vice-president; Mrs. R. G. Rhodes, recording secretary; Mrs. E. R. Odell, corresponding secretary; Mrs. J. P. Gibson, treasurer; Mrs. F. A. Brown, registrar, and Mrs. H. E. Bartlett, historian. Mrs. Bartlett is also librarian for the national society.

Hollywood Chorus

Tonight at 8:15 the Hollywood Woman's Club Chorus will give a concert in the auditorium of the clubhouse, 7078 Hollywood Boulevard. Hugo Kirchhoffer will direct.

Daughters of British Empire

Queen Alexandria Chapter, Daughters of British Empire, will conduct the annual Reciprocity Day session Monday, June 1, in Garfield Hall, Walker Auditorium, South Grand avenue, at 2 p.m. Honor guests include Frederick Warde, British actor, well known and beloved by the entire chapter. In addition to an address by Mr. Warde there will be short talks by members of the chapter.

Ebell Election Day

Monday is election day at Los Angeles Ebell. The polls will be open from 10 o'clock until 3. It is hoped that a representative vote of all members will be cast at this election, for while there are only three offices contested, the entire voting membership has on this day the opportunity to indicate their real interest in club affairs and their loyalty to the officers who give so liberally of their time and thought to make Ebell an outstanding organization in upholding the highest ideas for civic development, as well as the cultural and social advancement of the members.

The parliamentary law department will hold its final meeting for the year, Monday morning, when the usual study period will be devoted to "Reconsider and Rescind," followed by the election of officers for the department for the coming year.

Tuesday morning the annual business meeting of Ebell Rest Cottage Association will be held at the clubhouse. Polls will be open until noon.

Wednesday at noon there will be a luncheon for all curators and chairmen of committees, at which Mrs. Charles V. Craig will preside. The incoming general curator, Mrs. Harry Ford, will be presented and some plans for next year discussed.

West Ebell

A benefit card party and entertainment will be given today at 1 p.m., in the West Ebll clubhouse for the benefit of the Children's Lodge at Sawtelle, where children of disabled veterans may go and be cared for. Mrs. J. A. Alfred, chairman of co-operation with ex-service men, will be in charge of the affair. Among those taking part in the program are: Elsie Mannion, violinist; Jean Smalley, whistler; Agnes Chester, dramatic reader. Lassie L. Ahern and Leonore Ahern will give dance numbers. Mrs. Henry G. Wright, who has given so much of her time and energy for this cause, is sponsoring the affair, co-operating with club members.

Eagle Rock Club

Election for the Eagle Rock Twentieth Century Club, conducted yesterday, resulted in the following choice of officers and directors for the year 1925-26: President, Mrs. R. L. McNitt; first vice-president, Mrs. Sherrill Osborne; second vice-president, Mrs. Crusan; third vice-president, Mrs. George Armstrong; secretary, Mrs. Carl Bell; assistant secretary, Mrs. Ellis; treasurer, Mrs. Mrs. M. T. Lee; auditor, Mrs. A. G. Reed; historian, Mrs. C. I. Reed.

HYPNOTIC EYE WINS WIFE BACK

Texas Bob of the Mesmeric Optic Trumps Hand of Counsel in Annulment Case in Five-Minute Interview Alone With Doubtful Spouse

There is no question at all in the mind of Judge Summerfield as to the hypnotic power of the eye of Robert McNab Godwin. Not after yesterday. The only thing the court is uncertain about is just how many women fell before it, and he has taken thirty days to ponder this one.

"Just give me five minutes in your office and see what happens to your law suit," pleaded Godwin, known to the vaudeville public as "Texas Bob, the Cowboy Hypnotist."

"Just five minutes alone with her."

Attorney T. J. MacGowen, counsel for Mrs. Fern May Godwin, who thought she wanted her marriage to Godwin annulled, was willing, so Judge Summerfield assented and told Larry Doyle, his clerk, to hold the watch. Four minutes and thirty seconds later, by Doyle's watch, the door of the chambers opened, and forth issued Godwin, a triumphant gleam in his eye, and Mrs. Godwin clinging to his arm, suffused with blushes.

ATTORNEY TRUMPED

"And what do you-all think about your lawsuit now?" he demanded of Attorney MacGowen. MacGowen bowed graciously and admitted that he was trumped.

Last week Godwin was playing a Los Angeles vaudeville house with a mesmerism turn. So he just stayed over to contest Mrs. Godwin's suit. She said he had married three other women, that one of them had died, and that there had never been any divorce from the other two, so that she was left with, at best, a shadowy one-third equity in "Texas Bob." His own attitude in the matter he announced from the stand succinctly, as follows:

"I only got one wife, there she sits, and my eye don't light on any gent in this courtroom big enough to take her away from me."

"But you don't deny that you were married four times, do you, and that only one wife died, and that you were never divorced from the others?" demanded Attorney MacGowen.

"Never mind about that. I only got one wife, there she sits, and there ain't any man in this courtroom big enough—"

"That'll do, now," broke in Judge Summerfield. "There's one man here big enough to do anything required. Answer counsel's questions and don't argue."

"Well, I got only one wife, and there she sits, anyway," persisted Godwin.

SULTAN OF ARMY

"How about the others, then," pursued MacGowen.

"Now, that there certainly is some story and I'll sure be glad to tell it to one and all, if you want to listen to it," Godwin declared. The court nodded assent, Godwin carefully deposited on the floor his five-gallon hat, bedight with silver geegaws, settled back in the witness chair, and proceeded.

"Before the war I married a girl. Judge you hitched us. She died, and then I joined the Army. Then one night some of us boys were in town drinking. Next morning I woke up with a headache and a wife I never remembered seeing before. Name was Grace Watts. Never saw her again, and only heard of her once, which I'll come to later. That was that.

"Couple months later some of us boys were sitting in a caffay. They was kidding me about being a hypnotist. Just to show them I offered to bet a month's pay I could take any girl in the room. The sergeant took me up and pointed out a girl sitting by herself at a table.

"Well, sir, an hour later we was hitched. I collected my bet, and dropped the matter, not meaning anything by it. A few days later the provost had me up.

"'Texas,' how come,' he says. 'Here's two women a-laying in claim to an allotment out of your pay. Do you think you're a sultan or something?'

"Well, sir, Judge, that had me for a minute. But I made a clean breast of it to the provost, and he's a good egg, and said he'd see what he could do for me. Sure enough, a couple months later, he came around and says:

HALF-WAY VICTOR

"'Texas, your luck's better than your sense. You ain't married to neither of these women, in fact one of them is in San Quentin right now for bigamy.' That was Ethel.

"Well, the war was over finally, and then I met Fern, here. I liked her, so I married her. There she sits right now, the only wife I got, and there ain't no man—well, she's the only wife I got. Now you give me five minutes alone with her and let's get this here lawsuit off our hands. I'm pretty busy today, and I got a lot of things to attend to."

With what result the granting of his request was attended has been related already. But the case is not over. Judge Summerfield pointed out that the pair were either married or not married, and that he'd have to have time, and maybe more evidence to straighten that out.

"The defendant denies the legality of his previous marriages," he said. "I'll continue the proceedings thirty days, and may call for further evidence as to these other weddings. In the meantime, I would counsel the plaintiff to let strong drink alone lest this matter become more complicated. A man with an eye like his must be careful."

MAYO WINS DIVORCE

Former Wife's Motion to Have Decree Denied Because Year Had Elapsed

Frank Mayo, motion-picture actor, against whom an action instituted by his former wife, Joyce Mayo, for a decree of divorce granted Mayo in October, 1924, was yesterday denied Mrs. Mayo's motion to vacate the decree and ordered Mayo's attorney, W. I. Gilbert, to prepare a final decree to be signed.

Mayo was granted the interlocutory separation from Mrs. Mayo by former Judge Toland, but filing of the final decree was held up pending decision on Mrs. Mayo's motion. Mayo won his divorce by default. He charged Mrs. Mayo with cruelty, excessive use of intoxicating liquors and with being intimate with a man named James Anderson.

Mayo also asked the court to set aside a property settlement he had entered into with Mrs. Mayo in which he agreed to pay her $150 a week. Mrs. Mayo now has on file a suit to enforce the settlement, but in an answer to this action Mayo asserted he was induced to enter the agreement on the belief that Mrs. Mayo was a woman of good moral character, but he learned, he asserted, that she had been carrying on intimacies with other men.

Mrs. Mayo's motion to vacate the divorce decree is based on her default, which she declares was excusable, and on the answer and cross-complaint which Godowsky, co-respondent, has filed. The couple have married in Mexico shortly after the interlocutory decree was granted Mayo.

Judge Summerfield overruled Mrs. Mayo's motion to vacate the decree on the ground that the interlocutory decree was therefore not under consideration under the one-year limitations.

COURT TESTS TYPEWRITER

Letter Copied to Identify Machine Alleged to Have Been Used on Kerr Case Poison Notes

An old man pecking away at an ancient typewriter and jury provided an unusual spectacle yesterday in the trial of Franklin Kerr, Garden Grove physician, on trial for murder before United States Judge James. It is charged that Kerr's wife, Dr. Luella F. Kerr of Fullmera, a host at a Thanksgiving and the identification of the typewriter are matter to the prosecution.

J. K. Williams, former Mayor of Delphos, O., brought an Oliver typewriter from Delphos and had it in his home in Pomona the Sunday before Thanksgiving, when he received a visit from his brother-in-law, Dr. Kerr, he testified. He thought the typewriter in court was the same one, but could not be sure, so at the request of U. S. Atty. McNabb he made a copy in court of a letter he had written on his typewriter in Delphos. The original and the copy were placed in evidence and will be examined by experts. The prosecution contends that Dr. Kerr addressed the package of candy to his wife on this machine.

Dr. Kerr's counsel, Kerr, testified in from the Fullmera giving it to attention to the age having just Kerr testified the picious and the investigated. the package to Chemist Miller tained sodium poison.

J. S. Crowe and are defense counsel McNabb, who is prosecution in court since he sisted by Deputy nestas.

MISSION BELL SOAP

So Refreshing

Gentle cleansing, night and morning in Mission Bell suds results in a creamy skin, clear, clean and refreshed.

Its the blending of four high-grade vegetable oils into a super-refined toilet soap. The processes are original and exclusive.

Buy a carton—6 cakes
From any druggist or grocer

LOS ANGELES SOAP CO.

you know

the reason why Los Angeles prefers *Gordon's Bread* the minute you break the air-tight wrapper. Here is a crisp, golden loaf that tempts the most languid appetite. Slice it. How wonderfully light, white and tender! How fresh and full-flavored! Truly this is bread that *is different*, bread that has worthily won its place among the largest selling breads in Los Angeles.

Try it. Order *Gordon's Bread* at your grocer's—you will find it always fresh with that tempting flavor you've never found before. In the air-tight, dust-proof wrapper.

Skin Eruptions

Often aggravated by wrong kind of soap

Washing with the wrong kind of soap often irritates the skin to a point where minor disturbances become serious. A mild eruption or irritation that nature would soon cure is so aggravated by harsh, rancid, alkaline soap that nature is helpless, and a major skin disease may develop.

For any tender skin, particularly a baby's, use Castolay, The Modern Castile Soap. It is so pure, so mild, so free from alkali that it has none of the irritating or drying after-effects of ordinary soap.

Castolay is the ideal soap for any tender skin. It has all the good qualities of old, genuine Castile and advantages that Castile at its best never had. It lathers freely, rinses quickly.

20c. a cake; 3 cakes for 50c. Made by The Andrew Jergens Co., the world's largest exclusive toilet soap makers.

HOSTESS FOR LUNCHEON TODAY

Fifty Guests Are Bidden to Affair

[G. Edwin Williams Photo]

Mrs. Warren Bradley Bovard

ONE of the charmingly appointed affairs of the week will be the luncheon given this afternoon by Mrs. Warren Bradley Bovard at the Mary Louise, fifty guests being bidden. Mrs. Bovard will be assisted in greeting the guests by her mother, Mrs. Wilson Wayne Jackman, and Mrs. George Finley Bovard, Mrs. R. B. Von KleinSmid, Miss Ellen Andrews, Mrs. Harry Swafford, Mrs. Fred Pennington Newport and Mrs. Charles Warren Swiggett.

Diet and Health

By Lulu Hunt Peters, M.D.

Author of "Diet and Health" and "Diet for Children"

ANSWERS TO CORRESPONDENTS

DEODORANTS

"Dear Doctor: I use a commercial preparation under the arm pits to destroy the odor and stop the secretion of prespiration. The other day a girl friend told me that this preparation was said to promote a tendency to tumors in the breast. My friend was recently operated on for tumor of the breast and she said she used to use this preparation a great deal.

"Do you think this could possibly be the cause of her tumor? Of course, I do not want to deliberately bring such a thing upon myself, but I find this preparation very useful and use it considerably.

"MISS P."

I don't know whether preparations to entirely stop perspiration would cause a tumor or not. Aside from chronic irritations accompanied by some abnormal biochemical condition in the cells, we do not know the cause of tumors. However, there is no doubt that occasionally abscesses will result from the use of preparations that entirely close the pores.

There are always pus germs on the skin and these preparations evidently will sometimes incluse some of these, and thus the trouble starts. If the arm pits were very thoroughly scrubbed with hot water and soap, some of this danger might be avoided. Probably the occasional use of these preparations is not harmful. There are some commercial preparations which do not close the pores, but do destroy the odor.

Deodorants:

(1.) Salicylic acid, 10 grains to one ounce of talcum powder.

(2.) A 25 per cent solution of aluminum chloride in water (This also contracts the pores.)

(3.) For bad smelling and perspiring feet, the best solution is one ounce of formalin to a quart of water. This is used every day for a week, after bathing the feet; thereafter, once or twice a week will do.

THE WAY TO HEAVEN

DEAR Dr. Lulu: Will you please send me your reducing booklet? If only more doctors would do as you are doing! You are to the Medical profession what the Salvation Army is to Religion. Lots of us poor weak mortals need a little band music and 'whoop-la' to attract us and keep us in the straight and narrow path to Good Health, as well as to Heaven. And there's not so much difference between Good Health and Heaven at that!

"MRS. M."

I agree with you—Good Health (we have to include mental and moral health, too) isn't a bad definition of Heaven.

The booklet was sent if you inclosed a self-addressed, stamped envelope and 10 cents in stamps to cover printing and handling. Did you do that little thing? If not, try again.

OPERATIONS

Mrs. F.: I cannot tell what your sister's operation was, but it would not make any difference whether she were married or unmarried. An operation for an obstruction would have to be the same.

Get over the idea that doctors were experimenting with your sister, because they were not. The fact that students were watching the operation shows that some skillful surgeon was operating; they were watching simply to learn.

Mr. B.: Your trouble sounds like acne but better go to a skin specialist to be sure. We have an article on acne you may have by inclosing a self-addressed, stamped envelope with your request.

Tomorrow—Answers to Correspondents.

Mr Dear Fellowes: When sending for material which we offer you, please remember to inclose a stamped, self-addressed envelope bearing your full name and address. The pamphlet on reducing and gaining is the only one for which you must inclose 10 cents in stamps extra. Address your letters to me in care of this paper. Make them as brief as possible, not over 300 words, and type or write them legibly with ink. Please sign your name as evidence of good faith—we will not use it in print. Remember it is impossible for me to diagnose for you or to answer you personally. I appreciate very much the beautiful letters you send me and regret it is impossible to give you individual advice. The questions you ask will be answered in the columns as soon as possible, if they are of general interest. Don't forget the stamped, self-addressed envelope. If you cannot use to send you the information I have offered.

[Copyright, 1925, by the George Matthew Adams Service.]

HOUSEHOLD SUGGESTIONS

Sonny's Pockets

Before putting the suits or rompers of the small son into the laundry the safest plan is to empty out the pockets and then brush out the corners with a stiff whisk. One never knows just what has been in those pockets, and the safest plan is to get all out before putting the suits in with the other clothes.

How Do They Do It?

Do their own housework clad in a flapping kimona.

Exist for one day without a waste-paper basket in the kitchen?

Wear high-heeled slippers in which to do all their housework and cleaning?

Do their ordering of supplies over the telephone regardless of price and come out O. K. at the end of the week?

Go to parties every afternoon and purchase their cold ham and potato salad on the way home in order to feed a hungry husband who has been working for them all day.

When Pie-Making

Before I start to roll out pastry to get into the flour box I spread a newspaper in front of the table upon which I am working. Then any flour or pastry that may fall from the table falls upon the paper and is readily rolled up for the trash without getting the kitchen linoleum soiled a bit.

An Informal Dinner

If your dinner guests are fond of your brown stew and you want to make it unusually attractive, cut the vegetabics with vegetable cutters and serve on thin slices of buttered toast. A refreshing fruit salad and a light dessert and coffee will create a comfortable home-like atmosphere to your dinner.

CHEF WYMAN'S Suggestions for TOMORROW'S MENU

Breakfast

Strawberries

French Toast — Jelly

Milk — Coffee

Luncheon

Spaghetti Italian

Romaine Lettuce

Hot Rolls

Marmalade Turnovers

Milk — Tea

Dinner

Clear Ox Tail Soup

Radishes

Braised Beef Tongue

Spinach — Potato Croquetts

Celery and Apple Salad

Date Pudding

Milk — Coffee

SPAGHETTI ITALIAN

Place three quarters of a pound of spaghetti in boiling salted water with one onion stuck with two whole cloves and one tablespoonful of butter; cook until the spaghetti is tender, drain in a collander and mix with two cupfuls of tomato sauce, half a cupful of grated Parmesan cheese and a seasoning of pepper and grated nutmegs. Cook ten minutes, mixing well. Dish on a hot platter, and serve grated Parmesan cheese in a separate dish.

TOMATO SAUCE

Place in a saute pan half a cupful of olive oil, half a cupful of chopped onion, two tablespoonfuls of finely chopped celery, four tablespoonfuls of chopped parsley, one chopped clove of garlic and a seasoning of salt and pepper, mix well, add half a cupful of tomato conserve (Italian tomato paste) and stir and boil until thick and creamy. Strain through a sieve and use.

MARMALADE TURNOVERS

Sift two cupfuls of sifted flour with half a teaspoonful of salt and chop into it two-thirds of a cup of butter, when like coarse meal, add gradually one-third of a cupful of water and work to a smooth dough; place in the ice-box until thoroughly chilled, about three hours, roll in a square piece, cut in squares, spread with orange marmalade, fold to form a triangle, press the edges together, lay on a baking pan, sprinkle with sugar and bake a nice brown. Serve hot with cream or cold with custard sauce.

OX TAIL SOUP

Soak an ox tail in cold water for three hours, drain, cut in joints, remove all fat and place in a kettle with six cupfuls of cold water, half a teaspoonful of salt, two teaspoonfuls of sugar and one teaspoonful of Worcestershire sauce; bring to a boil and simmer three hours; add one finely chopped onion and one sliced carrot and boil forty-five minutes. Serve with toasted bread crusts.

BRAISED TONGUE

Cover a clean beef tongue with cold water and let stand two hours, drain, wipe dry and place in a pot with boiling water to cover; add one onion stuck with two whole cloves, two branches of parsley, one stalk of celery and a bay leaf, bring to a boil and cook fifty minutes; drain, plunge into cold water, remove roots and skin and dry well. Heat four tablespoonfuls of butter in a Dutch oven, add the tongue and turn until evenly browned on all sides; lift out the tongue and place in the pot three sliced carrots and two sliced onions and cook until lightly browned, add the tongue, sprinkle with salt and pepper and pour over one cupful of hot water mixed with two tablespoonfuls of orange juice and one teaspoonful of lemon juice; add two whole cloves, six pepper corns, one bay leaf, one stalk of celery, two branches of parsley and a blade of mce; cover the Dutch oven with a piece of buttered paper and cook in a slow oven until tender, about three hours. Thirty minutes before taking from the oven, remove the paper, increase the heat and turn and baste the tongue often. Lift tongue to a hot platter, strain the liquor, remove he fat, add two tablespoonfuls of brown flour and stir and boil five minutes, pour the sauce over the tongue and serve.

HAMBURGER RECEPTION CANCELED BY ILLNESS

A reception to have been given by Mrs. David Hamburger and her daughter, Miss Florence Hamburger, at their home Sunday on the occasion of their departure for Europe has been called off on account of the serious illness of Mrs. Hamburger's father, Andrew Howells, 4301 Los Feliz Boulevard. Mr. Howells is 93 years of age.

The reception was to have been given at the Hamburger home at 1401 North Vermont avenue. Mrs. Hamburger and her daughter are due to depart for Europe June 14, where they will join Mr. Hamburger.

G.A.R. TO ASSEMBLE

Members of Stanton Post and Relief Corps, G.A.R., and Helen Jean Christie Tent have been requested to meet at the Worthington-street gate of the Rosedale Cemetery at 9 o'clock Saturday morning, by George Withern, Commander of Stanton Post.

Action on Street Petitions is Put Over Two Weeks

Action on a petition asking for paving and one asking for the installation of ornamental lighting was postponed by the City Council for two weeks in order to give the protesting property owners an opportunity to raise the amount expended to date for the proceedings. If this is paid the city, the Council will abandon the proceedings.

One petition asked for the paving of Fountain avenue from Western avenue to Van Ness avenue, and the other asked for the installation of lighting posts on Westminster street from Third street to Fifth street. In both cases protesting property owners declared there were forged signatures on the original petitions asking for the improvements. The Westminster-avenue proceedings have cost the city to date $43.80, and the Fountain-avenue proceedings have cost $267.

WIFE ASSERTS GIN WON HUSBAND AWAY

As between his wife and his gin bottle Frank B. Springer frankly admitted he preferred the bottle, Mrs. Cecile Springer told Judge Gates yesterday. She was granted a divorce from him. "I finally told him that he'd have to choose between me and liquor," she testified. "He said that if it came to that he guessed he'd take his liquor."

LIGHTING PLAN APPROVED

Ordinances authorizing the lighting of the ornamental post systems on Figueroa street from First street to Sixth street, and on Jefferson street from Main street to Vermont avenue have been adopted by the City Council.

Doubled!

The fact that people like a hotel different, distinctive and supreme in the service it gives is well proven by the fact that we are now doubling the size of the Clift.

Why Tillamook flavor stays in the west

ONLY western homekeepers enjoy the famous flavor of Tillamook cheese. That is because they buy all the cheese skilled white-clad makers of this western cheese-land can produce. In big hotels on the Pacific Coast, too, Tillamook is served.

Tillamook, you know, is made from rich *whole* milk with every bit of the cream left in. It ranks high in food value.

Tillamook is the *original* branded cheese. The name on every slice or loaf is your assurance of the famous flavor. Make the *mark on the rind* your cheese-buying guide to full-cream flavor.

You can make many delicious dishes with Tillamook. Cream cheese sandwiches, cheese souffle, for instance. Our recipe booklet will help you. Write for it. Alice Bradley, of Miss Farmer's School in Boston, prepared special dishes for it.

TILLAMOOK COUNTY CREAMERY ASSOCIATION, TILLAMOOK, OREGON

Twenty-four cheese kitchens owned and operated co-operatively by the dairymen of Tillamook County.

TILLAMOOK CHEESE

By the slice or handy size loaf.

RECIPE BOOKLET COUPON

Tillamook County Creamery Association, Tillamook, Oregon

Please send me the cheese recipe booklet by Alice Bradley, of Miss Farmer's School of Cooking, and others.

ARREST MAN AS FIRE-TORTURER

Police Say Dupes Who Went to Cave Were Burned

Moonshiner is Believed by Officers to be Maniac

Capture Believed to Solve Death by Flames

A weird story of perversion and torture by fire, with sense-deadening moonshine whisky serving as the lure for the victims, was disclosed in Police Judge Pope's court late yesterday afternoon when R. A. Radcliff, 32 years of age, was arraigned and pleaded guilty to a charge of vagrancy.

The strange tale was narrated by Patrolman F. H. Doane of the Sawtelle division, who took Radcliff into custody, and as a result of his revelations police believe they may now be able to solve the mystery which has cloaked the death of Joe Lyman of Sawtelle for more than a year. Lyman was found burned to death in his Sawtelle home, though no traces of fire could be found in his house.

LUST FOR TORTURE

The officer calmly stated that Radcliff inhabited a cave in a wash near Greenfield and Ohio streets, Sawtelle, from which he dispensed moonshine whisky. He was first informed of the existence of the cave and the torture practiced on victims there by executives of the Sawtelle Soldiers' Home, who complained that some of the veterans had become intoxicated on the rotten liquor they purchased at the cave.

His investigation, however, the officer declared, led him to the conclusion that Radcliff was a maniac with a lust for torturing others. He found, he said, that Radcliff had lured a number of men to his cave and there gave them so much liquor that they became dead drunk.

THREE HELD VICTIMS

Then, the officer said, Radcliff would pour wood alcohol over the bodies of his senseless victims and ignite the fluid, watching the tortures of his victims. Three men were named by the officer as Radcliff's victims. They are Willard Shellman, now at the General Hospital suffering from such severe burns that both his legs may be amputated. W. R. Wallace, who was recently discharged from the General Hospital, where he also had been treated for burns, and Charles Barsh, co-defendant with Radcliff on the vagrancy charge, who appeared in court and appeared to have been slightly burned.

Radcliff vigorously denied the charges. He declared that he had never tortured anyone or sold any liquor. Justice Pope, after hearing the story, declared that the case seemed to be out of his province entirely and suggested that Radcliff be taken to the psychopathic ward of the General Hospital for examination and that the District Attorney's office should be informed of the case.

Cherokee Lot Will See Rise of Apartment

Plans have been completed for the erection of a four-story apartment-hotel at 1843 Cherokee street, Hollywood, it was announced yesterday by Edwin R. Rockwell, head of the Edwin R. Rockwell Company, investment firm. The structure, to cost $250,000, will be built on a site acquired last week on a ninety-nine year lease involving an aggregate rental of $750,000.

Architect Samuel H. Dunford has prepared specifications and plans. Construction operations will be commenced at once and rushed to completion within a period of six months.

Details provided by the architects show that the apartment-hotel will contain 130 rooms arranged into two, three and four-room suites, also a modern steam plant, elevators and elaborate furnishings valued at $50,000.

The property is owned by Marion P. Ellis of Santa Monica. The contractor will be Malcolm Smith, while the realty man in the deal was George M. Stoddard of Santa Monica.

DR. VON KLEINSMID TO GET DEGREE IN EAST

To receive the honorary degree of doctor of laws at Northwestern University at Chicago on June 15, Dr. R. B. Von KleinSmid, president of the University of Southern California, will make two fast trips nearly across the continent. After receiving the degree at Northwestern, Dr. Von KleinSmid will hop a train back to Los Angeles the same day to be here in time for the commencement exercises at U.S.C.

LEGAL NOTICES—
Bids, Proposals

BREAKWATER BULKHEADS AND MOLES, LONG BEACH, CALIFORNIA.

Sealed proposals for the construction of about 6084 linear feet of rubble mound breakwater, 4342 linear feet of rubble mound moles and 2028 linear feet of rubble mound bulkhead will be received at the office of the City Manager, Long Beach, California, until 10 a.m. June 26, 1925, and then publicly opened.

Plans and specifications may be obtained from the Harbor Construction Engineer, 338 East Broadway, Long Beach, California, and from the following U. S. Engineer Offices: Boston, Mass.; New York, N. Y.; Jacksonville, Fla.; New Orleans, La.; Galveston, Texas; Pittsburgh, Pa.; Buffalo, N. Y.; Detroit, Mich.; Cincinnati, Ohio; Chicago, Ill.; Milwaukee, Wis.; Duluth, Minn.; Seattle, Wash.; Portland, Ore.; San Francisco, Cal.; St. Louis, Mo.

A deposit of ten dollars will be required for each set of plans and specifications, which amount will be refunded upon return of the plans within ten days after opening of the bids.

E. N. JOHNSTON, C. H. WINDHAM,
Consulting Eng. City Manager.

I WILL not be responsible for any debts contracted by my wife. WILLIAM A. ELLENSON.

BALTIMORE MAN HEADS CIVIL GROUP

Service Commissioners Choose Philadelphia for 1926 Convention City

The eighteenth annual assembly of Civil Service Commissions in session at the Biltmore yesterday afternoon elected Oliver C. Short of Baltimore, Maryland State Employment Commissioner, president for 1925 and 1926. Philadelphia was selected as the 1926 convention city.

Other officers elected were: Vice-presidents, Earle A. Walcott, president of San Francisco Civil Service Commission; C. G. Seelye, Pueblo, Colo., member of Pueblo Civil Service Commission, and Forrest Wheeler, secretary and chief examiner of Minneapolis Civil Service Commission; executive committee, William F. Scott, St. Paul, Minn., civil service commissioner; John Steven, Los Angeles, secretary and chief examiner Los Angeles County Civil Service Commission, and Lewis H. Fisher, Washington, D. C., superintendent of field force of Federal Civil Service Commission.

A study of personalities in selecting civil service job-holders and a trial training course for applicants were suggested as remedies for defects in the present civil service system by Dr. Shepherd Ivory Franz, professor of psychology at the University of California, Southern Branch. The placing of misfits, who satisfactorily passed the required examinations, was blamed by Dr. Franz for the large turnover in civil service positions.

The work of civil service was praised in two talks by Herbert W. Cornell, secretary of the Milwaukee (Wis.) commission, and C. J. Helter of Los Angeles Goodyear Tire and Rubber Company. At a luncheon yesterday noon at the Biltmore, Dr. R. B. Von Klein-Smid, president of the University of Southern California, urged merit being rewarded with an opportunity for public service as means of perpetuating the institution of democracy. Special training and high requirements for public office, he said, would change the people's attitude that public officers are grafters and controlled by political bosses.

The convention closed today with a luncheon at the Virginia Hotel, Long Beach.

GIRL TAKES LIFE AFTER LOVE ROW

'Ask Him,' She Says of Her Fiance in Note; Dispute Over Diary Blamed

A love quarrel with her fiance over a secret diary she had kept prompted Margaret Ferrier, beautiful 22-year-old daughter of a Manila planter, to end her life by poison yesterday in her room at the Morrison Hotel, 126 South Hope street, police reported. She was to have been married in a short time to George W. Lerri, who lived at the same hotel, and with whom she is said to have quarreled.

The diary which precipitated the fatal misunderstanding, several pictures and letters, which the girl had attempted to destroy by burning, were found in the room. She also left two notes. One read: "Ask George Lerri the reason."

The other gave the following directions:

"Please cable my people at Manila. Use Bentley code—address 'Roderick,' Manila, P. I. Have them cable money. Notify my aunt, Miss Wayne Block, care of Foster Information Service, J. W. Robinson Company. Get my check from the Title Insurance and Trust Company. My father is J. W. Ferrier."

Police questioned Lerri, but he declared that he had been merely joking when he asked his sweetheart to permit him to read the diary and that he did not know she had taken the matter seriously. Detectives, scanning the pages of the little day-to-day record, found there only the outpourings of a young girl's heart, which showed that Lerri had been the great love of her life.

Miss Ferrier was born in Manila, but came to California to complete her education. She was a graduate of the University of California at Berkeley. She was to have married Lerri in July. She died at the Receiving Hospital a few hours after taking the fatal potion, and the body was removed to Pierce Brothers, pending arrangements for burial.

THINK LOVE WORSE THAN DOPE HABIT

Oriental Actors, in Opium Net, Plead Moral Lesson of Play in Condonement

Soo Chin and Tue Yousan, veteran Chinese actors, head of a Chinese theatrical troupe of thirty persons, found themselves facing United States Commissioner Turney and entangled in the American law yesterday.

Their dressing-rooms in the Joke Wah Ning Theater at 112 Court street had been raided earlier in the day and the Federal narcotic agents had found 100 grains of uncooked opium there.

Through an interpreter, the two Chinese actors declared they were in this country to teach a great moral lesson. Therefore their offense, if they had committed any, should be condoned.

Commissioner Turney then asked them what great moral lesson they were teaching here. They replied that the name of their play was "Blue Jay," or "A Blackberry Among the Flowers."

Asked just what connection the name of the play had with the great moral lesson, they replied:

"Do not fall in love with the girls."

A prolonged roar of laughter, in which Commissioner Turney joined, was the answer. They were held under $5000 bail each and their hearing set for next Tuesday.

SALVATION ARMY PAIR UNITED

Mercy Workers Assist at Wedding

Mr. and Mrs. Norman Bowyer

STANDING on the platform under a great floral wedding bell and surrounded by officials and friends, Ruth Paine and Norman Bowyer, two young Salvation Army workers, were united in marriage at the army headquarters, 832 West Ninth street, last night.

The ceremony was performed by Lieut.-Col. William H. Gooding, social service secretary for the army in Southern California, and stepfather of the groom.

A program of music by the junior band, prayers, scripture readings, solos, addresses by the father of the bride and the mother of the groom, preceded and followed the ceremony. Capt. C. Sly acted as bridesmaid and Harold Gooding was best man. Catherine Higgins carried the ring and the flower girls included Mabel Fraser, Eva Kranz, Leonora Fraser and Laura Isaacs. Lieut.-Col. C. R. Boyd was master of ceremonies. The young couple will leave for San Francisco where they will take up work for the Salvation Army. The parents of the couple are Salvation Army workers.

DOUBTS HINDENBURG FAITH

Dr. Roman Warns League Association of Class War Revival; Fears France Can't Pay Debt

"To believe that Von Hindenburg, who spent seventy years kissing the hand of the Kaiser, could suddenly be converted into a champion of the people taxes the credulity of optimism," declared Frederick W. Roman, author and lecturer, who recently returned from an extended tour of Europe, in an address before the Southern California branch of the League of Nations Nonpartisan Association at the City Club last night.

"The American people are fooling themselves in harboring the belief that the French are going to pay their debts. The facts are that the French could not pay even if they really wished to do so. Without counting what they already owe this country and England, the interest on the French debt consumes 60 per cent of that country's revenue. France's financial situation is utterly hopeless.

"As for Germany, few people in America seem to realize what a heavy blow has been struck against civilization itself by the election of Von Hindenburg to the Presidency. It means that the germ of class war and class exploitation has once more started its rounds in Germany. It means that the mass of the people there are once more to be cut off from an exact knowledge of the happenings of the outside world.

"No American, who is a true lover of republican institutions, and who is hoping that a world democracy may prevail in all the nations, can view with anything but alarm the rapid strides of reaction in Central Europe. There seems to be no real hope for saving civilization except that a League of Nations or a World Court or some international organization will yet arise to a position of sufficient command to control the action of civilized states.

"The League of Nations, the World Court, a serious effort on the part of men and women who love republican institutions, ought to become the sublime aspiration of all."

Following Dr. Roman's address the following directors of the Southern California Branch of the League of Nations Nonpartisan Association were elected:

Mrs. Chester C. Ashley, Mrs. Hancock Banning, Miss Dora Berres, Dr. Remsen D. Bird, Dr. James P. Blaisdell, Judge Benjamin F. Bledsoe, Dr. Emory S. Bogardus, Mrs. Franklin Booth, Rev. Henry Kendall Booth, W. M. Bowen, Mrs. T. Dwight Brigden, Harrington Brown, Miss Edith N. Burleigh.

Miss Jeannette Campbell, Herbert F. Clark, C. J. Colden, Mrs. W. D. Crocker, Mrs. William De Mille, Isidore B. Dockweiler, Mrs. Elizabeth Dumaine, John B. Elliott, Kimpton Ellis, Mrs. Clara Shortridge Foltz, Miss Mary E. Foy, Dr. James A. Francis, Dr. Robert Freeman.

Miss Lloy Galpin, Mrs. R. F. Garner, Mrs. Frank A. Gibson, Mrs. Henry Goodcell, Malbone W. Graham, G. G. Greenwood, Mrs. George H. Hall, Mrs. W. E. Hampton, John Eugene Harley, Samuel M. Haskins, Mrs. Samuel M. Haskins, Dr. John R. Haynes, Arthur S. Heineman, Mrs. Arthur S. Heineman, Irving H. Hellman, Raphael Herman, Judge Leslie R. Hewitt, Mrs. Leslie R. Hewitt, Laurence L. Hill, W. J. Hunsaker, Dr. Rockwell D. Hunt, Mrs. L. N. Hurtt.

Dr. Herbert Chandler Ide, Mrs. W. S. James, Rt. Rev. Joseph Johnson, Albert J. Jones, Rev. Edwin Selden Lane, Mrs. Marie A. Larkey, George E. Larkey, Sam Lindauer, Mrs. Robert London, Rev. Robert E. Lucey, Roy Malcom, C. E. Martin, Mrs. Mila Tupper Maynard, Norman Macbeth, Mrs. Norman Macbeth, John C. MacFarland, Mrs. John C. MacFarland, Mrs. W. G. McAdoo, Dr. J. H. McBride, Henry S. McKee, Harry L. Moller, Dr. Earnest Carroll Moore, Mrs. Hansen Moore, Miss Irene T. Myers.

Nathan Newby, Mrs. Mary H. O'Neil, Miss Elizabeth Pepper, Capt. Paul Perigord, Everett R. Perry, Miss Anna Peterson, Miss Margaret Phillipson, Rev. C. C. Pierce, Mrs. William Read, Mrs. Charles H. Richmond, Mrs. Willoughby Rodman, Dr. Edwin P. Ryland.

Dr. Willard C. Selleck, W. C. Shelton, Mrs. W. C. Shelton, Mrs. Seward A. Simons, J. H. Sinclair, Judge Albert M. Stephens, Judge Albert Lee Stephens, Mrs. Clinton N. Sterry, Marshall Stimson, Mrs. Maynard Force Thayer, Dr. Shelley, H. Tolhurst, Mrs. Shelley, H. Tolhurst, Lewis C. Torrance, Mrs. Jared Sidney Torrance, Rabbi Ernest R. Trattner, Mrs. Oscar A. Trippet.

Mrs. John C. Urquhart, Judge Frederick C. Valentine, Mrs. Frederick C. Valentine, Shirley C. Ward, Mrs. Charles Lea Whipple, Mrs. Arthur C. Wier, Judge John Perry Wood, Charles B. Woodhead, Mrs. Charles B. Woodhead, David Woodhead, Miss Mary J. Workman, W. H. Workman.

JAYHAWKERS TO MEET

The Jawhawkers will have a special meeting Thursday evening, June 4, at which Miss Veda Weston, the popular Kansas Wheat Girl, will be the guest of honor for the evening. The Symphony Hall at 232 South Hill street has been secured, and the June reunion of the Kansans will be held on that date.

"Local Laughs" Prize Coupon

EVERY WEEK the Los Angeles Times produces a humorous film, paying fifteen cash prizes for the best jokes submitted—$3, $2, $1, and twelve prizes of $1 each. Prize-winners are announced on the screen of the theaters where the film is shown, each joke bearing the name and address of the contributor. Every one is eligible to compete, the only rule being that jokes must not exceed thirty words. Jokes should be written on the blank below or on paper of similar size, and be mailed to "Local Laughs" Editor, Los Angeles Times, Los Angeles, Cal.

Local Laughs Editor, Los Angeles Times:

ESCONDIDO—Kinema, Thursdays, Fridays.

WOMAN STAGES COURT RIOT

Convicted as Bootlegger, She Attacks Policemen Upsets Spectators, Causing Wild Panic

Hysterical with rage when she was fined on a bootlegging charge, Martha Bowers, 24 years of age, of 1112 East Seventh street, turned on three uniformed policemen yesterday in Police Judge Sheldon's courtroom and before she could be subdued floored one officer and beat and scratched the other two.

In the melee, chairs were overturned and the crowded courtroom was thrown into an uproar. Several women sitting near were violently thrown to the floor when the struggling woman kicked and clawed the officers.

After the Amazon was subdued she was taken to the Receiving Hospital in a hysterical condition. Physicians said she evidently became temporarily unbalanced when sentence was pronounced on her. She was given a sedative and is expected to recover.

Charged with Wright Act violation, Mrs. Bowers was fined $401 with the alternative of forty days in jail. She objected to the jail sentence at first mildly and then in a loud voice.

Officers Dolan and Myers and Sergeant Moran cautioned her to be quiet. She immediately turned on Dolan and ran against him with such force that he was knocked over backwards, carrying a chair down with him. The melee lasted for several minutes and was punctuated with women's screams and shouts of spectators before order was restored.

WHO'S TO FATHER CONTRAPTION?

Problem of Second-Street Tunnel Passenger Carrier Becomes Involved When State Commissioner Passes Buck

The Second-street tunnel, the construction of which broke the world's slow-motion record, has brought up a puzzling problem that promises to be as involved as the reasons why the bore was not finished according to schedule.

It seems that the Tunnels Transportation Company obtained a franchise from the City Council to construct a system for transporting passengers through the tunnel, or rather, in a subway beneath the bore. The passengers were to be carried on a moving platform on which chairs were placed, the passengers to sit in the chairs.

In due season the company applied to the State Railroad Commission for approval of a stock issue of $500,000 to construct the system.

In order to come under the jurisdiction of the commission the system would have to be a public utility or a common carrier. Commissioner Decoto declared it was neither. He said it almost could be defined as a common carrier because it carried passengers, but it carried them below the street and not on it, so he "passed the buck."

OUSTER SUIT INSTITUTED IN ANAHEIM

Mayor and Four Members of Council Charged Over Police Chief's Record

By a "Times" Staff Correspondent

ANAHEIM, May 28.—A petition demanding that Mayor Mathis and four City Councilmen be ousted was filed in the Superior Court at Santa Ana today by M. L. Harvison, a rancher living here. Removal from office of the officials is asked on the grounds that they hired Charles B. Nichols as Chief of Police, "with knowledge that he had been convicted of misappropriating public funds while Sheriff of a county in New York State."

The petition is regarded as another incident in the bitter war between the Klan and anti-Klan forces here. Harvison is an avowed Klansman, while the Mayor and Councilmen are anti-Klan, all except Councilman Stock, having been elected by the anti-Klan element in February at the same time the Klan Councilmen were recalled.

Mayor Mathis and members of the Council declared that they hired Nichols on the strength of excellent recommendations from New York and from the Los Angeles Sheriff's office, where Nichols was formerly a deputy.

Chief Nichols declined to comment on the charges other than to state that he could not resign and intended to "stay and fight it out."

The defendants were cited to appear at 2 p.m., June 5, before Superior Judge Williams in Santa Ana. Harvison sued under Section 772 of the State Penal Code.

Witness Tells of Hermit Case Murder Threat

Threats that he would murder Theodore K. Ullman, Elizabeth Lake hermit rancher, were made by "Willie" Adams to Charles Burns, rancher-neighbor of the hermit Burns testified yesterday before Justice Libby at Elizabeth Lake in the preliminary hearing of murder charges against Adams and Alphonse Rincon. The threats were made on the 17th inst., the day of the murder, Burns testified.

Three witnesses, Burns and the man who discovered the murder, and a woman with Adams on the night following the murder, were heard yesterday and the examination will be resumed again this forenoon. Dep. Dist.-Atty. Costello is prosecuting.

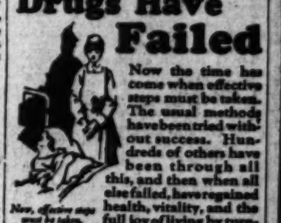
Burns testified that he had talked with Rincon and Adams on the morning of the murder, at which time, he said, the threats were made. At that time Rincon tried to get a loan of $20 on a rifle he carried, Burns testified.

John P. Erratchuo testified that when he went to Ullman's house on the 18th inst., he discovered a pool of blood in the kitchen, that the drawers were displaced, bed clothes thrown out of the window and the place torn up as if ransacker by burglars. He said he ran to the near-by ranch of John Talmantes, a retired Los Angeles police detective, and together they followed blood stains to a forty-foot well, pulled out boxes that had been dumped into it and found the body beneath the boxes.

Husband's Chest Pierced by Knife; Wife in Custody

A razor-edged knife, flung with deadly accuracy by his wife, according to police, penetrated Raymond Iardizabel's chest and one of his lungs last night and sent him to the Receiving Hospital in dying condition. Julia Iardizabel, the wife, is in the City Jail charged with assault with a deadly weapon. The charge against her will be changed to murder should her husband die, police stated.

The knife, it was said, was hurled by the woman after a bitter quarrel at the couple's home at 1516 East Fifty-sixth street. The husband gave a statement to detectives accusing her of the assault.



Now, effective steps must be taken.

Drugs Have Failed

Now the time has come when effective steps must be taken. The usual methods have been tried without success. Hundreds of others have been through all this, and then, when all else failed, have regained health, vitality, and the full joy of living by turning to the Veronica Water treatment—the safe, natural method that first removes the cause of the trouble and then gives Nature a chance to soothe and heal the poor, abused system. Veronica is not a drug. It is a natural mineral water—nothing added or taken away. It gently and harmlessly eliminates the poisons that cause most human ills. It tones up the system, as it contains the minerals needed by the human body to maintain perfect health. Start this remarkably effective Veronica treatment today if you suffer from constipation, rheumatism, indigestion, stomach, liver or bladder trouble, high blood pressure, acid condition or other kindred ailments.

Veronica is sold by all druggists.
